JACK RUBY, shown here firing the shot that killed Lee Harvey Oswald at a Dallas police Nov. 24, 1963, died Tuesday of a blood clot. Ruby, a one-time Dallas night club operator, had been hospitalized for some time suffering from cancer. (Copyright 1963 Dallas Times-Herald photograph by Bob Jackson, from The Associated Press)

THIS IS HOW Jack Ruby appeared during his sanity trial in Dallas, in October, 1965. (AP Wirephoto)

Bury Jack Ruby In Chicago Friday

CHICAGO (AP)—Jack Ruby, who grew up on Chicago's tough West Side, returned home in death today after gaining international notoriety as the slayer of President John F. Kennedy's accused assassin. He will be buried beside his parents.

The plane carrying Ruby's body landed at O'Hare International Airport shortly after midnight after a flight from Dallas, where he died Tuesday at Parkland Memorial Hospital — the

same hospital in which Kennedy and Lee Harvey Oswald died.

His death from a blood clot in the lungs forever clouded the international doubts surrounding the assassination of President Kennedy. Until the end, Ruby insisted he acted alone in fatally shooting Oswald.

Blood Clot Fatal
Ruby, 35, had extensive cancer, but Dr. Earl Rose, the Dallas County medical examiner, said it was a massive blood clot that would probably have killed him even if he had not been weakened by cancer. Rose said, however, that cancer would be listed on the death certificate as a contributing cause.

Rose, who performed an autopsy, said the blood clot apparently formed in Ruby's leg Tuesday morning and traveled

through the heart to the lungs. Ruby's coffin was taken from the plane as soon as the doors were opened. Twenty policemen quickly placed it in a hearse for the drive to a North Side funeral home.

Ruby's brother, Earl Ruby of Detroit, and two sisters, Eileen Kaminsky of Chicago and Eva Grant of Dallas, accompanied the body on the plane.

Funeral Friday
They appeared composed as they walked quickly and silently past a waiting crowd of some 50 newsmen.

Hershey Weinstein, president of the Original Weinstein & Sons Chapel, said services and burial would be held Friday morning. Weinstein said that only Ruby's parents were buried in

Hoffa Shaping Contract Bid For Truckers

HOLLYWOOD, Fla. (AP) — Teamsters Union President James R. Hoffa, with time fast running out for his final legal efforts to stay out of prison, busied himself today in shaping up nationwide trucking contract demands.

"I guess that's how he stays sane," said a close associate about the grueling work pace maintained by Hoffa despite the eight-year jury tampering sentence hanging over him.

Hoffa kept aides working long hours wrapping up final details on wage demands he said will range from five to seven per cent for some 500,000 teamsters employees of 12,000 trucking firms.

Contract talks start in Washington Jan. 17, but unless successful in winning a new Supreme Court hearing or a new trial, Hoffa could be in prison before the March 31 contract deadline.

The Supreme Court has already rejected his appeal.

Some Teamsters sources expressed concern that the trucking negotiations might bog down if Hoffa is not around to complete them, but the 53-year-old union chief expressed confidence that a settlement will be reached without a strike. Hoffa added that some trucking firms might have to raise their rates to pay the new labor costs.

One union source, predicting possible difficulties if Hoffa went to prison before negotiations were completed, said "Hoffa has been a one-man show, not because he is autocratic, but because he has been dealing with these employers for so long."

Hoffa told newsmen, "I've talked to about every carrier (truck company) in the country," in preparing for the negotiations.

Union sources said no other Teamster official, including Hoffa's heir-apparent, Frank Fitzsimmons of Detroit, has that close a relationship with the trucking industry.

Hoffa has until Feb. 4 to file his application for a new Supreme Court hearing on his conviction.

Will Curb News At Speck Trial

CHICAGO (AP) — There will be restrictions on newsmen and photographers covering the trial in Peoria of Richard Speck, Judge Herbert C. Paschen says.

However, he said Tuesday, specific guidelines will not be formulated until it is known how many newsmen will cover the trial.

Speck, 25, is charged with the stabbing and strangling of eight student nurses July 14 in their Chicago dormitory.

Speck's counsel, Public Defender Gerald Getty, was granted a request for a change of location for the trial. Getty contended a fair trial in Cook County would be impossible because of news coverage given the murders.

Judge Paschen said photographers and television cameramen may be prohibited from taking pictures on the second floor, where the courtroom in which Speck is to be tried is located.

The courtroom holds about 80 persons. Because of its smallness, Judge Paschen said, identification cards may be given to newsmen. Reporters also may be restricted from leaving or entering the courtroom while the trial is in progress.

The number of newsmen will have to be limited, he said, because "we must save some room for the public."

Peace Corpsman Protests Draft

SEATTLE, Wash. (AP) — A Seattle Peace Corps volunteer who protested being pulled out of the Philippines for the draft is scheduled to be inducted next Tuesday.

The volunteer, Fred Lonkier, 24, wrote to the Manila Times after receiving his induction notice and said it was a waste of time and money to train Peace Corps volunteers and then draft them. He also termed the Peace Corps a political gimmick.

He joined the Peace Corps after he was classified 1A in the draft.

Soapy Ponders Clergy Career

DETROIT (AP) — Former Gov. G. Mennen Williams said today he has considered becoming an Episcopal priest.

"The ministry certainly is a very worthy vocation," he said. "I had thought about it casually."

But Williams, 55, who was defeated in last fall's U.S. Senate election by Sen. Robert P. Griffin, R-Mich., added:

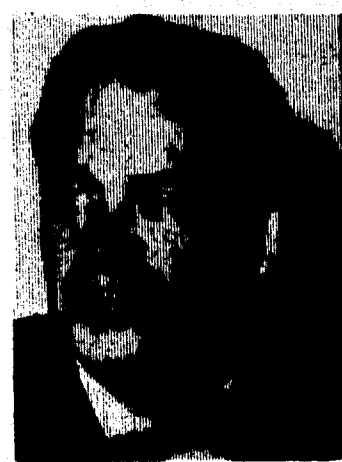

"As of this moment, I haven't given serious consideration as to any steps in my future career."

The former six-term governor of Michigan said that for the

time being "I am just staying home with my family and taking care of some of my family affairs and keeping up associations with the Democratic party."

Williams, a member of St. Paul's Cathedral in Detroit, has been an Episcopalian since childhood. He attends church every Sunday. When serving as assistant secretary of state for African affairs, in 1964-65, he often began each day by attending early communion at an Episcopal church near Washington.

The Very Rev. Leslie War-

G. Mennen Williams

ren, rector of St. Paul's, said "I'm sure he would be welcomed" if Williams sought ordination as a priest.

If Williams seeks to undergo training for the ministry, he would be expected to discuss the possibility of becoming a priest with the Rt. Rev. Richard S. Emrich, Episcopal Bishop of Michigan.

But Williams said "I haven't talked to the bishop" and his future plans still were undecided.

Williams served from 1948 to 1960 for a record six terms as Michigan's governor.

War Causes Callback Of 2,300 Old Pilots

Britain Sends Hanoi New Bid To Stop Fight

TOKYO (AP) — North Vietnam's Foreign Ministry today officially rejected the British proposal for talks to stop the fighting in Vietnam today as a new appeal from London was on its way to Hanoi.

The British call for the U.S. and North and South Vietnamese governments to meet at once had been accepted by the United States and South Vietnam. North Vietnam denounced it as "an impermissible vicious act."

In an official statement, a North Vietnamese Foreign Ministry spokesman called the British proposal "an act full of malicious intention aimed at serving the dark designs of the U.S. aggressors."

Despite earlier rebuffs from official Hanoi newspapers, the British Foreign Office appealed again Tuesday night to North Vietnam to agree to talks.

It said an affirmative response "will commit them simply and solely to joining efforts to lift the burden of war from their country and so creating conditions in which a political settlement could be negotiated."

The North Vietnamese statement appeared to slam the door on the British suggestion first made by Foreign Secretary George Brown Dec. 31.

"By 'calling for peace' at this juncture," Hanoi said, "the British government is precisely dancing to the tune of the United States so that the latter may take new, more serious steps of war escalation."

Today's Chuckle

Too bad the meek don't hurry up and inherit the earth because the unmeek are certainly making a mess of it.

Sen. Philip A. Hart

Hart Asks Corporate Tax Hike To Finance 'Great Society' Plans

WASHINGTON (AP) — Sen. Philip A. Hart proposed today financing "Great Society" programs with an increase in corporate taxes from the current 45 per cent to 75 per cent.

But, the Michigan Democrat declared in a statement, income taxes on individuals should not be increased.

"If I thought a general tax increase would have a significant effect on high prices, I might

be for it," he said. "But it wouldn't."

"So why hit consumers, already hard pressed by high prices and high interest rates, with another punishing blow in the form of a tax hike when it won't have the desired result anyway?"

"And why sacrifice essential domestic programs — such as the war on poverty — to an economic theory which in many cases is not applicable."

Hart, chairman of the Senate antitrust and monopoly subcommittee, said studies by that panel had convinced him that steadily rising prices were in large part the result of economic concentration in the business world.

He said competition in many basic industries has diminished to the point where one corporation sets prices to reach a target profit and others follow along.

"This lock-step pricing," he said, "means that price competition is not at work to force the sharing of high profits with the consumer in the form of lower prices."

"American industry is riding the crest of the greatest profit boom in history. At one time, a 10 per cent return on net worth was considered good. Now 20 per cent is not uncommon."

"Yet prices go up, very often in industries that are operating far below productive capacity, indicating that the price hike is not in response to an overwhelming demand exceeding an insufficient supply."

Die In War Action

WASHINGTON (AP) — The Pentagon said Tuesday that two Michigan soldiers were among 72 listed as killed in action in the Vietnam War. They were Army Pfc. James W. Pawlak, son of Mr. and Mrs. William W. Pawlak of Detroit and Army Pfc. Robert G. Petrimoux, son of Mr. and Mrs. Harold Petrimoux of Belleville.

Air Force To Train More To Meet Shortage

WASHINGTON (AP) — A pilot shortage has driven the Air Force into restoring 2,300 older airmen to the cockpit as the Pentagon source said today.

An Air Force spokesman confirmed the 2,300 figure while noting that the Pentagon has denied officially the existence of a pilot shortage.

Even so, the Air Force announced Tuesday a program to train 5,247 pilots annually, an increase of 487 over the present rate. It also announced the reactivation of Randolph Air Force Base near San Antonio, Tex., as the ninth pilot training base.

To man the ninth base, the Air Force has been authorized an additional 801 officers, 2,472 enlisted men and 765 civilian employees. The Air Force estimates cost of the expanded program at \$300 million over the next five years.

All of the Air Force's 2,300 aging airmen — most are on their third war — are 45 years old, or older, and held flight status for 22 years, or longer, before stepping down in the big pilot curtailment program of 1960-61.

The Air Force spokesman said some grandfathers are among these older airmen. He told of one who is flying a twin engine C47 cargo plane in Vietnam while his son flies an F4 Phantom fighter from the same airfield.

To meet pilot needs, especially for the multiple engine cargo planes, the Air Force reportedly has striped its middle-management echelon of nearly all men who once held a pilot rating and who can still pass a flight physical.

This had left the support of air operations in many instances in the hands of nonfliers with little Air Force experience. Some of these new managers, the spokesman said, are first lieutenants.

In 1963 as part of its career management program, the Pentagon set up the so-called 45-22 club. Members of this club could at age 45, and after 22 years of jockeying aircraft, step into desk jobs and still retain their flight pay.

Whether the Navy is to get an increased pilot training program still is uncertain. Navy sources have reported the training of only 279 carrier qualified pilots annually, but say the need is around 750.

The subject of pilot shortages is to be investigated by the Senate Preparedness subcommittee, headed by Sen. C. John Stennis, D-Miss., shortly after Congress reconvenes.

Seaway Tolls Boosted 10%

WASHINGTON (AP) — Rep. Henry S. Reuss, D-Wis., said Tuesday he was disappointed in the decision to raise St. Lawrence Seaway tolls by 10 per cent for the 1967 through 1971 shipping seasons.

"Last summer," Reuss said, "the Seaway Corporation recommended against the toll increase. I am disappointed that the corporation has made an about face on this issue. The continued expansion of the seaway will be retarded by the proposed toll increase."

Weather

By The Associated Press

ESCANABA AND VICINITY—Cloudy and cold with occasional snow or snow flurries today, tonight and Thursday. High today, 22. Low tonight, 10. South to southwest winds becoming variable (6 to 12 mph) tonight. Outlook for Friday: chance of snow or snow flurries. High yesterday, 29 and low overnight, 4. Precipitation probabilities: today and tonight, 60%; Thursday, 50%.

Upper Peninsula — Occasional light snow or snow flurries tonight. Considerable cloudiness and cold Thursday with a chance of snow flurries near Lake Superior. Low tonight 2 to 12 above, High Thursday 12 to 18.

The sun sets today at 5:17 p. m., and rises Tuesday at 8:30 a. m.

Manager Quits At Manistique

MANISTIQUE — Samuel C. Gesko Jr., 40 who had been city manager at Manistique, submitted his resignation at a meeting of the City Council last evening, effective sometime in February.

He has accepted a position as city manager in Anoka, Minn., a suburb of Minneapolis, which has a population of 12,000. Until April he will be working with the present city manager of that city, C. Rudolph who is retiring after 25 years of service.

Gesko served as city manager at Livonia and Three Rivers and was administrative assistant in Ann Arbor before coming to Manistique.

Wisconsin Gets Pollution Tool

MADISON, Wis.—The Wisconsin Supreme Court Tuesday upheld the constitutionality of a law to control water pollution, giving the state another weapon in its war against dirty water.

The court ruled on a test case set up to test a new law under which a \$300 million bonding program will take effect in May to aid cities in construction of new sewage treatment facilities.

Freeman Holmer, state resource development director, said 85 projects are eligible for state assistance under the new law. The court test was set up because the Wisconsin constitution limits state government to a maximum of \$100,000 in borrowing authorization and also limits state construction of internal (city) improvements.

In its ruling, the court said water pollution abatement "is essential to the health and welfare of all of the people of the state," and that none of the provisions of the new law violate the constitution.

Fire Destroys Houghton Bakery

HOUGHTON (AP) — A three-story building in the 200 block of downtown Houghton's Sheldon Avenue was destroyed by fire Tuesday. Except for a first-floor bakery and a second-floor apartment, the building was unoccupied.

No one was injured in the blaze, discovered about 2:15 a.m. Firemen from Houghton and four neighboring municipal fire departments fought the blaze in freezing temperatures. The fire, of undetermined origin, apparently started in the bakery.

Catalog Reader Should Consider Seed Trial Area

BY JOSEPH HEIRMAN
Delta Extension Director

This is the time of the year when catalogs of all sizes and descriptions arrive through the mails. It's also a time of the year when farmers have a little time between chores and so the catalogs get attention. One can read all kinds of glowing reports about new crops and in most cases the information is correct. The sticker is this: they are adapted to the area where they were tested, but not necessarily to our area.

A good example is hybrid sorghums. Many farmers have been asking about their possibilities as silage or grain. Right now we say stick to corn for silage. Sorghum looks for more hot weather than corn and we usually lack it.

Some research has been done by Michigan State University, which finds that the corn silage has more feeding value because it has more grain in the silage percentage. More research will be done on varieties and usage, but let the researchers do the finding.

You pay taxes to have the experiment stations do the experimenting. That which has been proven successful by your researchers has possibilities for you, but that which proves successful in Kansas or Iowa or Lower Wisconsin or Michigan may not do for you.

Now is a good time to determine seed needs. Get recommended varieties for our conditions. We have them for you — not in glowing pictures, but plain black print on white paper.

LORD HAREWOOD, 45, will let his wife, Lady Harewood Austrian-born Marion Stein, have an uncontested divorce and hopes to wed the woman named in the petition, Patricia Tuckwell, who also is the mother of his 2½-year-old son, his attorneys announced in London. He was 34 and Fraulien Stein 22 when they were married in the presence of the royal family in 1949. They have three children. Lord Harewood is 18th in succession to the British throne. (AP Wirephoto)

Art Treasures Are Recovered

LONDON (AP) — The \$7 million worth of paintings stolen from the Dulwich College Gallery have all been recovered, police said today.

The eight paintings included three Rembrandts, three by Rubens and one each by Gerard Dou and Adam Elsheimer.

One of the Rembrandts was

the "Girl at a Window," said to be worth \$2.8 million. All the Rembrandts and Rubens were world famous.

Scotland Yard, announcing that the paintings had been recovered, said they were identified by the curator of the gallery.

The paintings were stolen Friday night from the college art gallery, the oldest public gallery in Britain.

It was the biggest art theft in history.

Police said they recovered Rembrandt's "Girl at a Window" and his portrait of his son Titus as well as the "Three Graces" by Rubens on Monday night. The other five paintings were found Tuesday night.

All the paintings were recovered in London. Officials said some were damaged but the damage was comparatively slight.

The announcement of the recovery did not say how the paintings were traced or whether anyone had been arrested.

Nahma

Wellington Sanford of Anderson, Ind. spent Thursday in Nahma visiting friends.

Madeline Olmsted returned to Detroit Monday after spending the holidays with her brother, Harry Olmsted and Mr. and Mrs. Phillip Fortin.

Peter Moore a student at McComb College in Warren, Mich. spent the holidays at the home of his parents, Mr. and Mrs. James Moore.

Mr. and Mrs. Nels Bouschor of Manistique and Joe Weber of Escanaba spent Sunday at the home of Mr. and Mrs. James Krutina.

Mr. and Mrs. George LeBrasseur returned to their home in Flint on Saturday after spending several days with his mother, Mrs. Irene LeBrasseur and at their home on the Golf Course Road.

Mr. and Mrs. Jerry Cousineau of Romeo, Mich. spent Saturday in Nahma visiting relatives and friends.

The Men's Holy Name Society of Cooks, Isabella and Nahma will hold their monthly meeting tonight at 8:15 p. m. at Cooks.

Staff Sgt. Bernard Newhouse and Mrs. Newhouse and family of Battle Creek arrived Thursday to spend some time with her parents, Mr. and Mrs. Ivan Schafer.

Mr. and Mrs. Ray Davis of Negaunee spent the weekend at the home of Harry Olmsted and Mr. and Mrs. Phillip Fortin.

Mr. and Mrs. William Lawrence and family of Quinnesec spent New Years at the home of Mr. and Mrs. Victor Tihbault.

Players To Cast One Acters Here On Thursday

The Players de Noc are ready to go into dramatic production again with a night of one act plays planned for presentation in the first week in February.

Jack Romstad will be executive producer and will also direct "Box and Cox" by John Madison Morton. Bill Williams will direct "The Zoo Story" by Edward Albee; Pete Adamini will do "Impromptu" by Ted Mosel and Richard Rinehart will direct excerpts from "John Brown's Body" by Steven Vincent Benet.

Tryouts for casting will be held Thursday night at 8 in Room 10, Bay de Noc Community College.

Nature Lover Suggests

If You Feed Birds, Keep It Up

By LEE SMITHS

Bird-feeding in winter is not for the birds. The birds can get along without it. Some of them might not live to nest in the spring if extra rations were not provided, but that is how nature operates, if left alone. However, if you do start feeding, keep it up. Your guests quickly become dependent on your hospitality. Even to deprive them for one day of their accustomed hand-out would be cruel.

Michigan is unsurpassed as a bird - watching, bird - feeding state. Between Ironwood on the Wisconsin border and Erie in the southeast corner of the Lower Peninsula enough birds of various species will show up during a year to fill a sizeable bird guide. Down from the northern nesting grounds come the Canada jay, the shrike and occasionally a bewildered snowy owl, fleeing a rabbit shortage.

Near Traverse City, at Deepwater Point on East Grand Traverse Bay, Mr. and Mrs. Howard Harvey are highly honored by daily visits, the year around, by a family of pileated woodpeckers, regal denizens of big woods, with a fondness for suet.

Bird-feeders away from urban uproar keep their eyes peeled for big events such as the arrival of evening grosbeak, purple finches. Binoculars and bird guide are kept within reach to identify the unusual visitors.

Bluejays brighten the backyard scene in town or country. City feeding stations can expect juncos, downy woodpeckers, chickadees and during migration, a fascinating procession of warblers, sparrows, finches, thrushes, not easy to

identify, especially while they are in eclipse plumage.

If a sparrow hawk discovers your feeding station it may hang around to grab off a small bird. Hard to understand why anyone who ever ate chicken or turkey should object to a hawk or shrike getting its dinner in the only way it knows.

Cats and fox squirrels are something else. A fox squirrel will demolish a feeding station unless means are taken to prevent the squirrel from getting at the feed. Occasionally a rat will learn to climb into a feed box. The stray cat that lies in wait at a feeding station must be discouraged somehow. Although, isn't it rather arrogant for man, the most destructive predator of all, to pass judgment on cats? At a Conservation Department station there was a cat that lugged in everything it killed. A careful record was kept, and the cat was found to destroy far more mice than birds.

In the innermost city bird-feeding is pretty much limited to house sparrows, bluejays and starling if suet is on the menu, and cardinals if there are sunflower seeds.

Sparrows spend as much time fighting as they do feeding. There is usually a savage female that stuffs herself before she will permit the other sparrows to eat in peace.

The cardinals are as arrogant and demanding as they are beautiful. If sunflower seeds are not where they should be, a cardinal calls for them, loudly.

A metropolitan sparrow has a fair chance of dying a "natural" death of old age and winter cold. In the spring, in sparrow roosting nooks, will be found the skeletons of birds that died without violence when their time ran out. A rough estimate of a sparrow's age can be made by its color. The longer a spar-

row is exposed to city smog the darker it becomes.

A male sparrow sat on the ground under the feeder one cold morning, feathers ruffled, eyes half closed. I stroked his head with my finger; started to pick him up, intending to take him into the house and thaw him out. But I decided to leave him where he was, to go into his long sleep undisturbed. Some time before noon he was forever through with cold and hunger.

Open House At Station Feb. 5

Gov. George W. Romney will be the main speaker at the dedication ceremonies for the Upper Peninsula Generating Co.'s new Unit No. 4 at the Presque Isle Station in Marquette announced Russell F. Hoyer, president of the company and of the U. P. Power Co., and H. S. Harrison, president of the Cleveland-Cliffs Iron Co. The event will take place Saturday, Feb. 4. The governor will speak at a noon luncheon in conjunction with the official unveiling ceremonies at the power site.

U. P. Generating Co. is owned jointly by U. P. Power Co. and by Cleveland-Cliffs.

The new \$8 million generator adds another 58,400 kilowatts to the power facility bringing the total capacity to nearly 100,000 kilowatts, approximately eight times that of its original capability when the station's first unit was completed in 1955.

An open house will be held stations' first unit was company will provide guided tours of the new electric steam generating station for the public.

Tuma To Tell Peninsula Gains In Industry

SAULT STE. MARIE — Joseph V. Tuma, executive director of the Upper Peninsula Committee for Area Progress, will speak at a public meeting in the LSSC Lecture Theater at 8 p.m. Thursday. Tuma will outline the present economic situation in the Upper Peninsula and future expansion opportunities.

Tuma is manpower training representative of the United Automobile Workers, currently on loan to UPCA as director.

A graduate of Albion College, Tuma was employed by the automobile industry in both semi-skilled and skilled jobs from 1937-1942. Since that time, with the exception of military service, he has served as an international representative in skilled trades, UAW General Motors Aircraft Department, as a collective bargaining representative, and in administrative positions.

Tuma is a member of the national advisory subcommittee on training, U. S. Department of Labor and HEW.

Robert J. Lester Of Garden Dies Suddenly Monday

Robert J. Lester of Garden died suddenly at 7 p. m. Monday at his home. He was 71 years of age. Born March 31, 1895 in Garden, he had resided there all of his life. He married the former Edna Boudreau in Garden in 1919.

Mr. Lester was a member of St. John the Baptist Church of Garden, the Garden Post of the American Legion and was a veteran of WWI, serving with the 3rd division in France for which he received the purple heart. He was self employed as a carpenter and commercial fisherman.

He is survived by his widow, Edna; one son, John of Garden; five daughters, Mrs. Kenneth (Janet) Ralph and Mrs. Henry (Joyce) Jezec of St. Clair Shores; Mrs. Van (Ann) Cyrowski of Detroit; Mrs. Gerard (Mary Jean) Bernier of Garden and Mrs. James (Faith) Clement of Garden City, Mich.; one brother Earl of Garden and a sister, Mrs. Clara Polvin also of Garden. 21 grandchildren also survive.

Friends may call at the Messier-Brouillere Funeral Home after 2:30 p. m. Wednesday and the Rosary will be recited at 8 p. m. Wednesday. Funeral services will be held at 9 a. m. Thursday at St. John the Baptist Church and burial will be in the New Garden Cemetery.

Obituary

MRS. ANNA L. ERICKSON

Complete funeral services for Mrs. Anna Lou Erickson will be held at the Alto Funeral Home Chapel at 2 p. m. Thursday with the Rev. Philip Lyon officiating. Friends may call at the funeral home from 4 to 9:30 today and Eastern Star services will be conducted at 8:30 tonight.

Quaal To Get Northern Kudo

Ward L. Quaal, president of WGN Continental Broadcasting Co., Chicago, and one of the outstanding native sons of the Upper Peninsula, will deliver the mid-year commencement address at Northern Michigan University Jan. 21. Northern will award Quaal the honorary degree of Doctor of Laws in the ceremony.

Ward L. Quaal

Continental Broadcasting, the licensee of WGN Radio and WGN Television, Chicago, is a wholly-owned corporate subsidiary of the Tribune Co.

Born and reared in Ishpeming, Quaal is a graduate of the University of Michigan, and recipient of an honorary doctor's degree from Mundelein College.

Before entering U-M, he had three years of experience in radio as an announcer, writer and salesman for WBOB (now WDMJ) in Marquette. He also was a staff announcer at WJR, Detroit.

After receiving his bachelor's degree in 1941, he joined WGN and then served in the U. S. Navy for three years before rejoining WGN in December, 1945, as special assistant to the general manager.

In 1949 he became director of the Clear Channel Broadcasting Service, Washington, D. C., and in 1952 he joined the Crosley Broadcasting Corporation as assistant general manager. Shortly thereafter, he was named vice president and assistant general manager of Crosley's radio, television and short wave properties.

Since returning to WGN as vice president and general manager in 1956, Quaal has elevated the Tribune's radio and TV stations to national prominence.

He initiated an extensive expansion program which included acquisition of KDAL Radio and Television, Duluth-Superior in 1961, and the establishment of WGN Televents, Inc., a community antenna system serving Houghton, Hancock and Dollar Bay, Mich., in 1963; KWGN Television, Denver, and WGN Continental

State No-Bias Policy Delayed

LANSING (AP)—A provision expected to be approved at the next State Administrative Board meeting would require all businesses, except the very smallest, to sign no-discrimination statements when contracting with the state.

Final action on the no-bias policy, which would apply to any contract worth \$5,000 or more and where the contractor employs more than three persons, was delayed Tuesday for the third time.

It came up Dec. 6 and was put off when the board decided to work out a change in the wording. At the next meeting, a snowstorm kept interested parties from attending.

At Tuesday's meeting, Atty. Gen. Frank Kelley said his office hadn't had a chance to discuss the new wording fully with all the state agencies which would be involved and asked a two-week delay.

Lewke, Barrett Honored For Aid To Kiwanis

Service awards were presented to Luther Barrett and Walter Lewke for their exceptional work in 1966 by the Escanaba Kiwanis Club at yesterday's meeting at Marco's.

President Don Wertz made the presentations and complimented both men on their endeavors to make the Escanaba club outstanding.

Wertz also presented new board members and committee members to the club.

Rev. Father Lawrence Gauthier, program chairman for the year, outlined the events planned for January.

Retiring President Don News reviewed the international convention in Portland. He showed slides from the convention and the Portland area.

Treibers Sell T&T Hardware To O'Connell

The T & T Hardware at 1113 Ludington St. has been sold by Mr. and Mrs. Kibby J. Treiber to Edward J. O'Connell of Wells, it was announced today.

Treiber became manager and owner of the Hardware on July 5, 1966, and has operated it continuously since that date. The Treibers will continue to reside in Escanaba and will leave only on vacation trips.

O'Connell, the new manager and owner of the Hardware, had been employed there for the past 20 years.

A HOME IS NEEDED for this dog. But wait until you hear the story. It has a broken back leg. It will have to be cared for after it leaves the animal hospital in Escanaba. The dog is a young male and its plight came to the attention of the Humane Society. Unless a home is found for it, it will have to be destroyed. Interested persons should call ST 6-2156 by Saturday. (Daily Press Photo)

Airport Project:

Approval Asked Of City Council

The Escanaba City Council at its meeting to be held at 7:30 p. m. Thursday in the City Hall will be asked to approve an airport expansion and improvement project whose cost will total an estimated \$750,000.

Of the total cost the federal government is expected to pay \$275,000, the State of Michigan \$250,000, and the City of Escanaba \$225,000. The figures are subject to revision, said City Manager George Harvey.

The north-south runway will not be relocated, Harvey reported to the Council. Consideration may be given to its relocation some time in the future.

The present east-west runway will—under the project plans—be extended a distance of 1,500 feet.

The present airport terminal building will be abandoned and the new terminal building will be located at a point on the southern boundary of the airport property, northeasterly of Holy Cross Cemetery.

A new access road to the new terminal location will be constructed.

Taxiways will be constructed from the north-south and east-west runways to an apron that will be directly adjacent to the new terminal building. It is proposed to have the new terminal building of masonry construction.

"Complete relocation of the airport from the present site has been considered, but it is the opinion that relocation is not justified at this time," the city manager reported.

The present site "is ideally located" and the city has a

large investment there, it was pointed out.

"One of the primary reasons for retaining the present location is that the weather and temperature conditions have been such that our airport is open 96 per cent of the time and certainly our record here is much better than Marquette or Iron Mountain," Harvey added.

Former Rapid River Resident Dies On Monday

Mrs. Albin Wickstrom, 78, of Burlington, Wash., formerly of Rapid River, died Monday evening.

Mrs. Wickstrom is survived by her husband, Albin, two sons, Ernest and Harold of Washington and one daughter, Mrs. Edna Forsman of Escanaba and a sister, Mrs. Anna Sutherland of Rte. 1, Escanaba. Four sisters and five brothers reside in Sweden. Two grandchildren also survive.

Funeral services and burial will be in Washington.

Briefly Told

The North Star Lodge will meet at 7:30 p. m. Thursday at the Odd Fellows Hall.

The Disabled American Veterans and Auxiliary will meet Thursday at 8 p. m. at the VFW Hall. A social hour will follow the meeting.

Immunization clinic will be held from 2 to 4 p. m. Thursday at the Delta County building, instead of Friday afternoon.

Application for a marriage license has been made at the County Clerk's office by Robert Lee Brown, 324 Minnesota Ave., Gladstone, and Eunice Marie Brown, Lake Shore Dr., Escanaba.

On Thursday George Larsen of the Internal Revenue Service's Marquette office, will talk to Bay de Noc College students on the U. S. tax system and procedures for filling out income tax returns in the Student Center at 11:15 a. m., announces Prantosh Nag of the faculty.

Hiawatha Forest Sells

More Pulp, Less Sawtimber

The Hiawatha National Forest is the biggest thing in the eastern Upper Peninsula, as its counterpart, the Ottawa National Forest, is in the western U. P. They have more than 800,000 acres of federal lands each, 876,000 in the Ottawa, 830,000 in the Hiawatha.

The annual accounting of the Hiawatha Forest's operation is an indicator of the role of this huge resource in the economy of the area. Forest Supervisor Sherwood Trotter's review for fiscal 1966 shows that the forest took in more money, paid out less to the 6 counties in which it is located.

The annual cut of timber is the most revealing statistic on the progress of development of the forest and for 1966 the cut was 35.5 million board feet compared with 36.7 million board feet in fiscal 1965.

These totals consist of 1-

972,000 board feet of sawtimber and 67,178 cords of pulpwood, chemical wood and cedar cut in 1966, and of 3,636,000 million board feet of sawtimber and 66,204 cords of wood cut in 1965. So more pulpwood but less sawtimber was cut in 1966.

The forest is a young one, with much of its timber stand now in pole stage, which makes pulpwood, but not sawtimber. The cut of sawtimber fluctuates from year to year for reasons other than availability, market and woods labor or being major factors.

Wood sales in 1966 totaled 51.3 million board feet and in 1965 they were 46.4 million board feet. The report noted that new data on allowable cut shows 110,000 cords may be cut each year, an increase of 35,000 cords over the present cut.

Income went up from \$276,866 in '65 for wood to \$331,843 in '66.

More trees were planted last year, 2.2 million compared with 1.8 million in 1965, and the acreage thinned and pruned was the same, 1,825.

Revenue from timber sales which was shared with the counties showed the counties share at \$44,822 compared with \$46,312 in 1965.

County Payoff
Returns by counties: Alger \$6,081, Chippewa \$11,325, Delta \$12,699, Mackinac \$7,818, Marquette \$316, and Schoolcraft \$6,582.

The art work on the annual report was done by Mrs. Alice Powers, 612 S. 12th St., art teacher at Bay de Noc Community College and Marvin Marshall, staff forester edited the review, assisted by James Rogers and George McLaughlin, foresters at Manistique and Rapid River, respectively. Report highlights:

Ask Isle Royale Wilderness Tag

HOUGHTON — Public hearing on a proposal to establish a major portion of Isle Royale National Park as a wilderness area has been scheduled Jan. 31 in the Memorial Union building of Michigan Technological University.

Rupert Cutler, assistant executive director of the National Wilderness Society, proposed to the State Conservation Commission to include 119,618 acres of the park as wilderness area. The proposed area would exclude shoreline areas already developed.

Rapid River Ranger District: Birch Farm Area being developed by Forest Service and Michigan Department of Conservation jointly to provide more wildlife. This old farm is specially suited to sharptail grouse, sand hill cranes, rabbits, woodcock, grouse, deer. Openings are being planted to wildlife feed growths.

Canoe Waters
Manistique Ranger District: Fifty miles of Indian River in forest open to canoeing, with overnight camp developments planned.

Munising Ranger District: Hardwood forest being improved by thinning, with cordwood going to Cliffs Dow Chemical Co. plant in Marquette.

Sault Ste. Marie Ranger District: Lake Superior Scenic Road planned with three miles in Naomikong Point area scheduled for completion in 1967.

St. Ignace Ranger District: Converted (with Sault District) from lookout fire towers to aerial patrols in 1966.

Many installations created to increase fish and wildlife and facilitate recreation; 258,750 acres in Alger and Chippewa counties surveyed in the Soil Survey.

The forest had 45 man-caused fires compared with 18 in 1965 and 8 lightning-set fires, burning a total of 223 acres of which 11 were on forest lands.

Road Department Has Holes; Yet Ducks Doughnuts

LANSING (AP) — The State Highway Department—although it has a good supply of holes—has decided not to go into the doughnut business.

The Dawn Donut Shop in Jackson was among the business properties purchased to clear the way for construction of U. S. 127 business route.

Enough fixtures to set anyone up in the doughnut business will be sold to the highest bidder.

Slaying Justified

DETROIT (AP) — The chief assistant Wayne County Prosecutor Tuesday ruled that a deputy sheriff's slaying of an intruder who broke into his home was justifiable homicide. The deputy, George Merriweather, 31, shot Booker R. Mitchell, 43, as Mitchell was fleeing from Merriweather's home last Friday.

Babs and Walt Hobbs' first bundle from heaven cost \$500. A bundle that will grow to \$45,000.

poor planning?

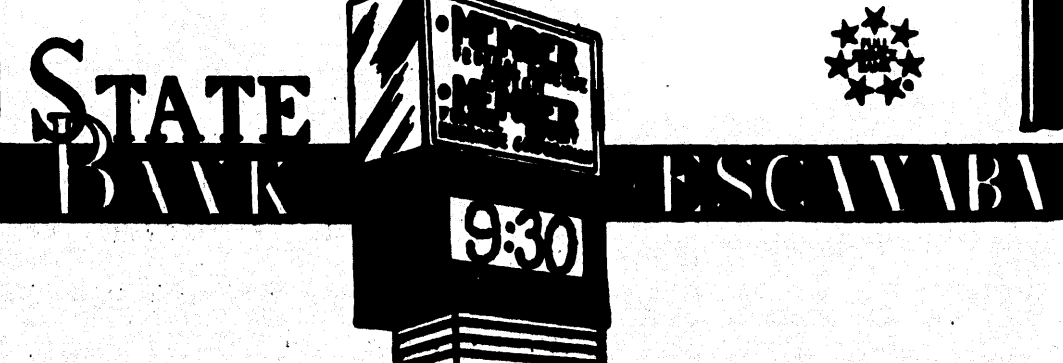

Not a bit. Babs plans to have at least two more. Walt has a plan, too: save regularly at a Full Service bank . . . and to protect that nest egg, let the bank help out with the important things they'll need. The Hobbses expect to borrow:

\$ 1,500 for baby bills
21,000 for their house
12,500 for new cars over the years
4,000 for house additions as other children come along
6,900 for college (3 times as much if Babs' plan works out)
\$45,000 TOTAL

Think about it. Doesn't that resemble your picture?

The Hobbses decided long ago to start their financial planning with a Savings Account at our Full Service bank. Their nest egg keeps growing with guaranteed interest, and at the same time their Savings Account actually helps them borrow at lowest bank rates. That's why we say "our savers deserve a lot of credit." In fact, we're the only bank the Hobbses — or you — ever need . . . whether its a Checking Account, Safe Deposit Box, Savings Account or Loan. Why not see us soon for complete money management.

ESCANABA DAILY PRESS

Established March 19, 1909
W. H. Treloar, Publisher
RALPH S. KAZIATECK, General Manager JEAN WORTH, Editor

Bossy Business

Michigan State University — ably represented in dairying in the Upper Peninsula by Jack Little at Chatham, U.P. Extension dairyman—is the chief custodian of our fate in dairy progress in the Upper Peninsula. Its Ray Hoglund, dairy economist, and Lon McGilliard, geneticist, contribute to the report on dairying in Farm Journal's special edition on "What's Ahead In Farming in 1976."

The report says the axe will surely fall on more dairy farmers, but it sketches an encouraging outline of the future of dairying for those who are willing to compete. And it makes the industry out as something that Upper Peninsula economic planners should concern themselves with seriously as a good prospect for income in the Upper Peninsula with its great grasslands and its ability to grow oats and barley.

The dairy farm prophets don't foresee robots milking cows fed with dairy rations concentrated in a pill in 1976. But they see lots of other changes.

They include milking machines that take themselves off. There are already some on the market that stop when the cow is milked. Spray sanitation that controls mastitis while stimulating milk letdown. Mechanized feeders handling more blends of concentrates with roughage. Replacement of high priced oil seed proteins with urea, supplying (with corn silage, haylage and grain) all the protein a cow needs. (The West looks for hay cubes containing grain to become a popular feed.)

Computerized figuring of lowest cost rations, probably through the Dairy Herd Improvement Association, which is already computerized. Return of cows to enclosed barns, at least in cold weather areas like the Upper Peninsula, with free stalls, feedlot and milking parlor under one roof and with forced ventilation. Slat floors to facilitate barn cleaning may be coming.

Breeding alone will increase production 2 per cent a year and McGilliard looks for a 15,000 pound DHIA average by 1976, compared with the U.P.'s average of 8,000 today. U.P. dairymen in testing programs average about 12,000 pounds of milk annually per cow and a lot of U.P. cows are now up to 16,000 pounds of milk yearly.

Butter and cream sales will suffer from non-dairy substitutes, but, surprisingly, some economists foresee more milk used per person than at present. There'll be more artificial milk threat to the natural product, and a continued upswing in cheese, ice cream and other new forms of dairy products, as well as in new blends of milk with non-milk foods.

One in every two present dairy farmers will have to quit, the prophets say, and those who stay will be producing rivers of milk that they'll get at least \$7 a hundredweight for, compared with the \$6 range for bottling milk today. There'll be more operations like Michigan's Green Meadow Farms at Elsie, where they're milking 1,000 cows.

Where farm labor is coming from isn't so prophetically certain, apparently. Some see acceptance of a dairy workers union and others think that some men would prefer farm work to factory work if wages and fringes are equal and that individual farmers can train their own help.

The gist of the forward look is that the farmer's lot will be made much better for fewer of them. The Upper Peninsula's special problem is maintaining a sufficiently large farm economy so that it gets the benefit of volume production, with its keys to processing facilities and modern marketing.

INDIANS
I read the press every day and I think it is good that the Indians get lights, but why keep putting it in the press? And then say all the Indians of the U. P. are in poverty?

You did not say anything about the palefaces right here in Escanaba who are a lot worse off than the Indians and there are lots of Indians right here in Escanaba who don't get help and a lot of them are passing themselves off as palefaces and that is one thing I will never let my children do.

They are part Indians and they are not ashamed of it and if they ever get those houses built in Hannahville, for the only reason we live in Escanaba is because there are no empty houses in Hannahville.

Mr. and Mrs. rank Wandahsega
1107 1st Ave. N.
Editor's note: The Wandahsegas have a point in the unfairness of special treatment of Indians, as though they were

Still Waiting

State's Employment Is Highest For 11 Years

By MALCOLM R. LOVELL Jr.

Michigan Employment Security Commission

Five straight years of improvement in the Michigan economy have raised non-farm employment to the highest level in 11 years. At the same time unemployment has also dropped to its lowest level for a five-year period despite an 11-year net increase of more than 162,000 in the state's labor force.

Michigan's non-farm employment averaged 3,139,700 in 1966 — 116,900 more than in 1965 and better than 313,000 above the 1956 level. In the Detroit area employment averaged 1,544,000 or 41,600 more than in 1965.

Monthly unemployment averaged 115,000 or 3.5 per cent of the labor force, in 1966. This compares with 125,200 or 3.9 per cent in 1965. Five times during the year — May, September, October, November and December — the unemployment rate fell below 3 per cent of the labor force.

Car Jobs Rise

The key automobile industry has paced the economic improvement during the period. Employment in the automobile factories rose steadily each year, from 268,400 in 1961 to 363,900 in 1965 and 375,100 in 1966. In Detroit automobile employment increased similarly, rising steadily from 167,500 in 1961 to 233,700 in 1965 and 242,400 in 1966. Although automobile production for the calendar year 1966 will fall somewhat short of the record 1965 production, it will still be the second best year in the history of the industry.

Stimulated by the high level of prosperity in the automobile industry expansion has also taken place in other closely related industries. Over the year, primary metal products have moved up about 3,000, fabricated metal products 8,000, non-electrical machinery 9,000, and electrical machinery 4,000. Chemicals, petroleum and related products are also up more than 2,000.

Construction Slips

The private non-manufacturing group of industries has continued to expand employment despite the adverse effects of labor disputes and higher interest rates of the construction industry. Retail trade has averaged 19,000 above the 1965 level and services are up about 17,000. Smaller gains were recorded in transportation, communication, and utilities, wholesale trade and finance, real estate and insurance. Mining held close to the 1965 level and construction was down moderately.

Government employment went up 32,000 during 1966. Increases in local and state educational institutions account for a large share of the gain.

U. P. Gains
In the Upper Peninsula both the employment and unemployment picture reflected favorable improvements in 1966. Unemployment was reduced from an average of 7,200 (7.5 per cent) in 1965 to 6,500 (6.9 per cent) during the past year. The Upper Peninsula's employment rose by 3,200, or 4.7 per cent.

Of equal significance was the fact that the total labor force increased moderately; meaning that while the number of unemployed declined, employment opportunities for labor force participants were appreciably better than last year.

Although the average work week for production workers in Michigan factories was slightly

below the average in 1965, it was still well above the national average. At 43.4 hours per week in 1966, the Michigan monthly average was 1.2 hours below the 1965 level. The national average was 41.3 in 1966.

Hourly earnings in Michigan increased by 12 cents per hour during 1966. This compares with a nationwide gain of 10 cents per hour. Michigan factory workers averaged \$3.34 per hour in 1966 compared with \$2.71 in the nation.

Despite a decline in overtime pay caused by the reduction in the length of the average week, Michigan factory workers earned \$1.08 more per week than in 1965. Average weekly earnings amounted to \$144.87 in Michigan. This compares with a nationwide average of \$111.97.

Outlook For 1967
Despite the extremely favorable national economic situation in 1966, most economists are cautiously optimistic about the outlook for 1967. This caution has stemmed from uncertainties which began to loom much larger in the mind of the average citizen during the last half of the year.

Forecasts of national economic growth indicate a moderate increase in the gross national product in 1967. Continuing large scale increases in the nation's labor force will probably be absorbed by substantial increases in employment. Unemployment may remain close to the 1966 level.

The outlook for Michigan is less optimistic. Michigan, more than any other state, is always seriously affected by the prosperity of the automobile industry or the lack of it. However, there are also reasons for optimism. To a limited extent, production cutbacks could be accomplished by a reduction in the length of the scheduled work week. With 1965 and 1966, the best two automobile years on record, a cutback to the 1964 production level would still be a very good year.

Vocational Training
The year 1966 saw 6,533 persons approved for vocational training, 5,139 of whom completed training in Michigan under the Manpower Training and Development Act of 1962. Fourteen million dollars was expended on 115 institutional training programs and 44 on-the-job training programs. Nearly half of the trainees approved were residents of the Detroit area.

Emphasis of the 1967 program will be directed to resolve two problems: That of the hard-core unemployed among identifiable disadvantaged groups and the development of training to reduce specific labor skill shortages.

Approximately 65 per cent of the training will be directed to the hard-core disadvantaged unemployed.

The remaining 35 per cent of the training effort will be directed to industry needs in training and upgrading the unemployed and underemployed to fill vital occupational shortages.

Today's Question
You did four spades and your partner goes to four no-trump. What do you do now?

Answer Tomorrow

Romney, GOP Hope

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Recently a starchy New England conservative told a moderate Republican leader he believed that Gov. George Romney of Michigan would beat Richard Nixon in a 1968 presidential primary in New Hampshire.

Though this is the purest conjecture about a very distant political event, it may serve to put in somewhat better perspective the rather misleading presidential responses of many governors and other political figures who met here for two days.

The words "Romney is in deep trouble" were heard with surprising frequency in talks with some of these men. They reflected largely his continuing fuzziness on the big issue of Vietnam, his delay in making known his 1968 intention, his frosty moralizing.

These responses are being underscored heavily by veteran political reporters who hammer at Romney in press conferences and in print. Since his smashing re-election a month ago he has not had a "good press."

Even Romney's staunchest friends among them any moderate governors assembled in Colorado found themselves stressing the negative.

What we are discussing experts at their worst. What hand did you butcher worst in the course of your career?"

Oswald: "You are asking me to cover a lot of territory and I really have made some horrible mistakes. Once, in a rubber bridge game I let declarer make a doubled grand slam when I held the ace of trumps. I relaxed and revoked."

Jim: "That hand wouldn't interest our readers. How about something almost as spectacular?"

Oswald: "Here's one from the 1952 men's team. I was just back from the Korean war and a trifle out of practice, but I really goofed."

Jim: "It looks like a routine hand. South is in a normal four spade contract. He can make it if he picks up that singleton king of clubs but there will be no reason for him to make that play and he will finesse and go down one trick."

Oswald: "I sat West opened the jack of hearts. My partner took his ace and queen and returned a diamond to my ace. I led a diamond back. South won, led a trump to dummy's jack and a second trump back to his king. Then he called for the queen of clubs from dummy. At this point someone said, 'You are in your own hand.' South had to lead a club from his hand. He played the ace and made his contract."

Jim: "Who was the someone?"

Oswald: "I was. Silence is golden. If I had just kept my mouth shut I would have made my king of clubs. Fortunately it didn't make any difference in the final result. We lost that board but my teammates managed to pull me through to first place anyway."

BARBS

By WALTER C. PARKES

The way of the transgressor is often a lot of fun.

When the other guy tries something new and flops, he's a dope. When I do the same thing, I'm a daring innovator.

Some gals remain fat because they refuse to face stern reality.

No matter how crowded the bars get during the holidays, there's always room for one bore.

Ann Landers

Taking Pet Visiting Needs Advance Ok

Dear Ann Landers: My boy friend is a graduate student at a well known university here on the West Coast. He is very bright and has won many honors. I'm telling you this not to brag but to let you know that he's really not a moron—which you will probably think after I tell you my problem.

My little poodle, Nicole, is very dear to me. My boy friend has an airfare. The last three times my boy friend has come to see me he has yelled from the porch, "Put your dog in the basement. I brought Scotty along." I have done as he asked. It so happens that I don't like to put Nicole in the basement and I don't see why he should bring his mutt over and make demands on me.

Yesterday he pulled this stunt again and I told him to take Scotty home and come back alone. Would you believe that he and that dumb hound sat outside in the car for one solid hour? Finally he drove off in a huff and called me from his place to say I was a spoiled brat.

I say he is the spoiled brat and that he owes me an apology. What do you say? — STILL SIZZLING

Dear Sizz: No one should bring a dog when he goes visiting unless he has checked in advance and gotten an O.K.

A young man who is so attached to his bow wow that he can't leave him home when he goes to see his girl is too childish to go with girls.

Dear Ann Landers: Mom passed away several months ago and Dad and I miss her very much. Dad tries to cheer up both himself and me by taking me places Friday and Saturday evenings.

Last Friday we went to a cocktail lounge where there was dancing. Several fellows I knew from school (I'm a junior) were there tagging it. Not one fellow asked me to dance. This made me very depressed.

Do you think they were afraid of my father? Please answer as I am really in the dumps over this. — A.P.

Dear A.P.: I'm sure your hunch is correct and I hope your dad will think of another way to cheer up both himself and you. Taking a teen-age daughter to a cocktail lounge is not my idea of a solution to any problem.

Dear Ann Landers: I fell in love with a married man. I didn't realize until later that I was not his first affair. His wife realized it, however, and decided she had had enough of his playing around. She divorced him.

Now his sons want nothing to do with him. He is not permitted to see his grandchildren. His business associates no longer include him in their social plans. At dinner tonight he looked at me through eyes of hate—as if it was all my fault.

Let this letter be a warning to all single girls who are cozying up to married men with hopes for the future. I wish to heaven I had never seen this character and I'm sure he wishes he had never seen me.

Dear Ashes: Your story is such a common one that I am printing it only because some people have to see or hear something four dozen times before they get the idea.

When necking becomes petting, watch out! To learn how the smart girl keeps both her dignity and her boy friend, send for ANN LANDERS' booklet, "Necking and Petting — And How Far To Go," enclosing your request 25c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

Alex St. Cyr Return Home

Mr. and Mrs. Alex St. Cyr have returned from a 4-week vacation to Long Beach and Ventura, Calif., where they visited their son, Duane, who attends Ventura Junior College. They also visited Mr. and Mrs. Clarence Needham and other relatives.

Some of their sight-seeing tours took them to the Forest Lawn Memorial Park in Glendale, where Walt Disney laid in state the day before; Disneyland, several large missions and Hollywood, where they saw how movies were made.

On their return trip they spent a weekend in Milwaukee visiting their two daughters, Mrs. Robert Lewis and Mrs. Harry Bagley and their families.

Women's Activities

Romney's Son Will Marry

BLOOMFIELD HILLS (AP)—Scott Romney, son of Gov. and Mrs. George Romney, will marry Ronna Eileen Stern in December, it was announced Tuesday.

Miss Stern is a senior at Oakland University. Her fiancé is a first-year law student at Harvard University.

The announcement was made by Mr. and Mrs. Will Harry Kraus, Miss Stern's mother and step-father. Kraus is president of Engineering Industries, Inc., Detroit.

Rachel Mansur Is Recent Bride

NAMED IN the 1966-67 edition of "Who's Who Among Students in American Universities and Colleges" is Miss Mary Kay Valind, daughter of Mr. and Mrs. Albert J. Valind, 1222 8th Ave. S. She is a senior at St. Norbert College, West De Pere, Wis., where she is majoring in mathematics and among other honors she has been recently named to the Dean's list for the tenth consecutive time by maintaining a straight 4A average. "Who's Who's" listing of outstanding students is compiled for the use of businesses in search of talent.

Word has been received here of the marriage of Rachel Anthony Mansur and James S. Swoveland Murlin of San Diego, Calif. The ceremony took place in Winterhaven, Calif. on Dec. 16. The couple will reside in San Diego.

Mrs. Murlin is the daughter of Mrs. Frederic W. Welch and the late Willis J. Anthony of Escanaba.

Church Events

First Presbyterian
Thursday, Jan. 5, 9:30 a. m.—Women's Bible Study group.

Bark River Methodist
Thursday, Jan. 5, 7:30 p. m.—Adult Bible Classes will meet at the church.

Evangelical Covenant
The Evangelical Covenant Church afternoon circle will meet at 2 p. m. Thursday at the church. Mrs. George Lundeen will be the hostess. Members and friends are welcome.

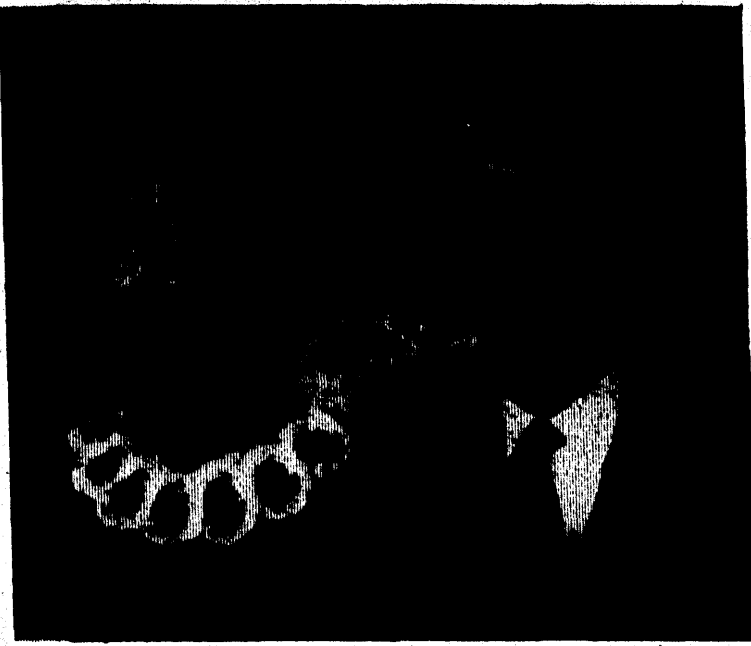

First Methodist
Thursday, Jan. 5, 4 p. m.—Junior Choir practice at the church. 6:30 p. m.—WCS will hold a supper meeting at the church. Mrs. Margaret Gilbert will be the guest speaker.

Mr. and Mrs. Clarence Johnson (Preston's Portraits)

Clarence Johnsons Mark Silver Wedding

Mr. and Mrs. Clarence Johnson of 1212 N. 19th St., Escanaba celebrated their silver wedding anniversary Monday at the Calvary Baptist Church of Escanaba.

A program presented by relatives of the family and a reception hosted by members of the church highlighted the afternoon's activities.

A white carnation corsage was presented to Mrs. Johnson and a boutonniere to Mr. Johnson by the Women's Missionary Society of the church.

The program consisted of music, a brief devotional message and remembrances of the years past. A three tiered wedding cake decorated with silver roses was prepared for the occasion.

Danforth

Charles Lund and Llewellyn Larson have returned home after attending a school of instruction on tractor maintenance in Racine, Wis.

Robert Mote is convalescing at his home following emergency surgery at St. Francis Hospital.

Sp. 4 George Larson, son of Mrs. George Larson is home on a 30 day leave after spending a year in Viet Nam.

Ronald and Dennis Deacon of Milwaukee are spending some time at the home of their parents, Mr. and Mrs. John Ruleau.

Mr. and Mrs. Leland Deacon and family of Milwaukee are visiting at the home of Mrs. Deacon's parents, Mr. and Mrs. John Ruleau.

Mr. and Mrs. Howard Vanderlinden of Milwaukee spent the holidays at the home of Mr. and Mrs. Llewellyn Larson and Mrs. Evelyn Vanderlinden.

Sponge cake is delicious with nothing more than a sprinkle of confectioners sugar.

HINTS FROM Heloise

By HELOISE CRUSE

Dear Heloise: Many spray bottles and cans come without the opening prominently marked.

Older people who wear glasses often have to use these sprays, especially hair spray, when they are not wearing glasses.

I mark around the opening with a ball point pen and it shows clearly.

Claire Phillips

The good thing about covering it with corduroy is that you can kick it across the kitchen floor and it scoots beautifully without scratching the polished floor.

Also, you don't have to stoop to lift it.

Any housewife could cover a block of wood with corduroy to match her decor easily. It would be lighter weight.

Heloise

Dear Heloise:

I made myself a little step-stool of three bricks and wedged them into a cardboard box and then covered the box with an old piece of corduroy.

It doesn't take up much room and gives me that extra few inches of reach without having to get out my tall step stool.

Avid Reader

Dear Heloise:

For a handy and sanitary moistener for stamps, envelope flaps, etc., fill an empty, rubber-tipped mucilage bottle with water. Works great.

Mrs. Zephire Peterson

Dear Heloise:

Here is something I think is good for storing electric cords:

Cut out both ends of small, frozen fruit juice can and fold cord to fit inside.

It works wonderfully, and it's so easy to get at the cords.

Ruby Redenom

Social-Club

Morning Star Lodge
The Morning Star Lodge will meet at 7:30 p. m. Thursday at the Odd Fellows Hall.

Eagles Auxiliary
The regular meeting of the Eagles Auxiliary will be held tonight at 8 in the Eagles Club-rooms. Plans for the Auxiliary Anniversary party to be held Jan. 18 will be discussed.

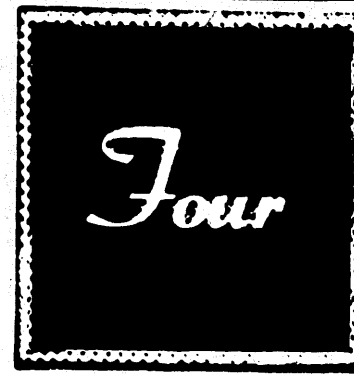

Isabella

Mr. and Mrs. Bruce Olson, Mr. and Mrs. David Nedea have returned to their home in Milwaukee and Chicago after visiting their parents, the Ed Olsons and William Nedea.

Mrs. Charles Blowers has returned from visiting relatives and friends in Kansas, Texas and Indiana.

Perkins

Mr. and Mrs. Ernest Brannstrom have returned home after spending a Christmas vacation with Mr. and Mrs. Lawrence Fournier in Osceola, Ark. and with friends in Memphis, Tenn.

Practical Nurse Course Opening

Practical nursing at Bay de Noc Community College will be open to tuition students as well as retraining candidates in the class beginning Feb. 27 at Bay de Noc Community College.

The practical nurse program will have both students retrained from the Michigan Employment Security Commission offices as well as students accepted directly by the college. Persons interested in the 48 week program should contact Mrs. Elizabeth M. Goulais, R.N., director, School of Practical Nursing at the college in Escanaba. Information regarding tuition and the cost of uniforms can be obtained from the School of Practical Nursing. Classes will be open to both male and female students.

Completion of the course of training leads to employment as a practical nurse in a wide variety of situations. The college established this program because of the increased need for such skilled people in nursing homes and medicare programs as well as industrial and hospital situations.

The program has been accredited by the Michigan State Board of Nursing. Part of the training takes place at St. Francis Hospital in Escanaba, which has also been approved for the program.

Applications should be received at the college no later than Feb. 1. A personal interview will be required at the college, although Mrs. Goulais will be making some appointments through the local Employment Security Commission offices outside of Delta County.

Civil Service To Consider 2 More Paid Holidays

LANSING (AP) — The Civil Service Commission, at its meeting Jan. 23-24, will consider providing two more paid holidays for state workers, bringing their annual total to nine.

If passed, the rule change would in effect add 12 hours of vacation to an employee's year, since it would delete provisions allowing him to take off two hours on Good Friday and two election days "if necessary."

Use of sick leave to attend funerals would be restricted to funerals of members of the employee's immediate family, instead of those of any relative as at present.

The state's 39,000 Civil Service employees would, instead, be given two "personal holidays" to be used for voting, religious observance, personal business and other purposes.

"It's a liberalization of the rule," a Civil Service Department spokesman said. "It gives the employee a lot more leeway."

Bury Jack Ruby In Chicago Friday

(Continued from Page 1)

the large family plot in Westlawn Cemetery.

Ruby's death prompted statements from various individuals connected with the case in one way or another.

In New York, William F. Kunstler, one of Ruby's lawyers, said his death denied him the opportunity "to have a jury decide that he was guilty of nothing more than murder without malice, a crime that carries a maximum penalty of five years imprisonment."

Kunstler added in a statement that such a verdict — of murder without malice — "would have helped to establish that what Ruby did in Dallas on Nov. 24, 1963, was solely the result of spontaneous reaction to the president's assassination."

In Los Angeles, Joseph A. Ball, who was senior staff counsel to the Warren Commission, said he did not see how Ruby's death could have any effect on the validity of the commission's report on Kennedy's assassination.

Ball said he was sure that some persons who have been writing critical books about the report "will spread the word that there was something sinister about Ruby's death."

Ball said he saw no reason to reopen the Warren inquiry unless new evidence developed. He said he had received no communication from any commission officials about any such review.

Ruby had been moved to Parkland Hospital Dec. 9 from the Dallas County jail, where he spent more than three years after killing Oswald before a nationwide television audience.

It was the same hospital where Oswald succumbed shortly after Ruby showed through a crowd and fired as police escorted Oswald through the City Hall basement Nov. 24, 1963.

Oswald, a malcontent ex-Marine, subsequently was named by the Warren Commission as the assassin whose rifle shots fatally wounded President Kennedy two days earlier on a Dallas street.

Cuba Exile Force Heads Jailed In Key West Today

KEY WEST, Fla. (AP) — The leaders of a tiny Cuban-Haitian exile army are in jail today, fuming over breakup of a fantastic plan to conquer Haiti and turn it into an invasion base against Fidel Castro.

Officials at Key West's Monroe County jail said all were held for the federal government on charges of violating U.S. neutrality laws.

Bond was set at \$5,000 for Rolando Masferrer, exiled Havana politician who has tangled before with the United States over plots to shoot up Castro Cuba.

Officials set bond at \$2,500 each for most of 27 comrades jailed here with him after a roundup of about 80 motley-uniformed persons, including a woman and a priest.

Saturn's Tenth Satellite Found

CAMBRIDGE, Mass. (AP) — Astronomers have discovered a 10th satellite circling Saturn just outside the rings that are its trademark.

The satellite apparently is the closest to the planet and the rings, collections of particles that reflect light.

The Smithsonian Astrophysical Observatory, a clearing house for information about celestial discoveries, confirmed the discovery Tuesday night.

A spokesman said the satellite is between 100 and 200 miles in diameter, but not visible to the naked eye on earth.

Saturn, about 71,500 miles in diameter, is some 886,700,000 miles from the earth. Its largest ring is 170,000 miles in diameter.

Dr. Audoin Dollfus of the Paris Observatory reported to the Smithsonian Tuesday that he had discovered the satellite Dec. 15, but confirmation was withheld until a second sighting was reported.

That came from R.L. Walker at the U.S. Naval Observatory in Flagstaff, Ariz., who said he spotted the satellite on a photographic plate taken Dec. 18.

The satellite is the first to be found circling Saturn since 1898.

Swear In Four At Hospital

FARMINGTON, N.M. (AP) — Four New Mexico state legislators took their oaths of office in a hospital room.

State Sen. Don Hargrove, a Republican, was hospitalized last month. Three other legislators went to his room Monday for a joint swearing-in ceremony.

Share Baby Derby

DETROIT (AP) — Two couples who live on the same street and less than a mile apart on Detroit's North Side shared honors in the city's 1967 New Year's baby derby.

A boy was born to Mr. and Mrs. Claude Loberg at 12:01 a.m. and the first twins of the year were born to Mr. and Mrs. William E. Earl shortly after 7 a.m.

Kerner To Sell St. Louis Club

ST. LOUIS (AP) — Ben Kerner, one of two individual owners of a National Basketball Association club, says he's putting his St. Louis Hawks on sale.

An attorney for Kerner made the announcement Tuesday at a news conference which the 50-year-old owner did not attend. Kerner suffers from arthritis and his health was given as a primary reason for the decision.

"The operation of a team in the NBA now demands more than just one man," said Michael J. Aubuchon, the attorney for the club. Aubuchon denied that falling attendance precipitated Kerner's decision.

"There has been a profit every year since the club moved here in 1955. Last year the Hawks made a profit of \$243,975 and a comparable profit is expected this season," said Aubuchon.

Kerner wants local interests to buy the club, said the attorney, but is willing to discuss reasonable offers from any city. He said the price for the second-place Hawks, who trail the San Francisco Warriors in the Western Division, was a matter for negotiation.

The Hawks, who have won five divisional championships and one league title, have been in St. Louis since 1955.

THE NEW YEAR in Vietnam was very much the concern of Mr. and Mrs. Robert W. Eman of Ishpeming this year—three of their sons are serving with U.S. forces. They are, from left to right, in the photos, SP4 John, 24, who is with the 511th Engineer Co. of the Army; Pfc William, 18, with the 3rd Marine division, and Sgt. Robert, 25, a Marine Corps career man stationed at An Khe base in the central highlands. Daughter Deborah, 4, center, is one of six children still at home. Another daughter is married. (Marquette Mining Journal Photo)

Cong Free Two U.S. Civilians

SAIGON, South Vietnam (AP) — U.S. Navy pilots attacked more than 200 North Vietnamese supply barges and junks Tuesday and reported destroying or damaging 111.

Moving in one day after American Air Force planes shot down seven Communist MIG21s, Navy fliers from three aircraft carriers reported using rockets to damage a surface-to-air missile radar site and to set fire to a torpedo boat off North Vietnam's port of Haiphong.

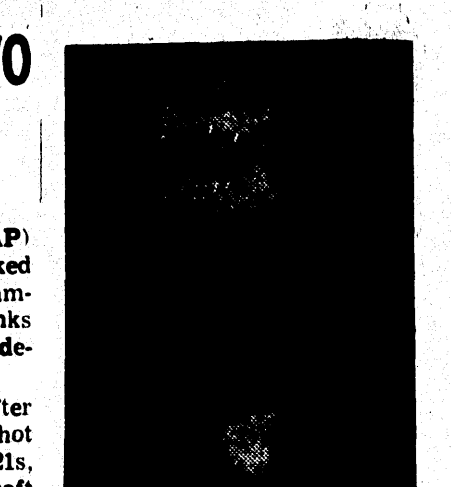

In South Vietnam, the ground war simmered down to small actions.

In South Vietnam, the Viet Cong set free two American civilian construction men whom they had held prisoner since last May 27 and a Filipino whom they seized last June 24.

The trio was found today by a company of Vietnamese popular force troops some 40 miles northeast of Saigon, U. S. officials announced.

Michigan Airports

WASHINGTON (AP)—An airport directory published Tuesday by the Aircraft Owners and Pilots Association lists 240 airports and six seaplane bases in Michigan.

SEAMAN RECRUIT James Miller, 18, USN, son of Mr. and Mrs. John Miller, 1327 Stephenson Ave., has graduated from nine weeks of Navy basic training at the Naval Training Center at Great Lakes, Ill.

Blue Angels Train

SEELEY, Calif. (AP) — The Navy's precision flying team, the Blue Angels, will conduct winter training over the desert near El Centro Naval Air Station, a spokesman said.

Bar Leader Dies

ANN ARBOR (AP)—Albert E. Blasfield, 64, president of the State Bar of Michigan in 1955-56, died Tuesday of a heart attack in Johns Hopkins Hospital in Baltimore, Md. Blasfield also was a former treasurer, executive secretary and first vice president of the state bar.

A MEMBER OF THE ASSOCIATED PRESS: THE INDISPENSABLE NEWS SERVICE

In This Corner

with Ray Crandall

Of the seven teams that turned in perfect pre-holiday basketball records this season, two also sported unblemished marks at this time last year. The unbeaten repeaters were L'Anse and Trout Creek, and both teams had identical 5-0 records in both seasons. The other teams that have not yet tasted defeat this season are Newberry in Class B, Houghton and Wakefield in Class C and Trenary and Ewen in Class D.

Bill Rademacher has closed out his third season with the New York Jets of the American Football league. The former Menominee High School and Northern Michigan University gridiron star is working on his masters degree between football seasons and plans a coaching career in the future.

Gogebic College of Ironwood captured third place in the Willmar (Minn.) Invitational basketball tournament by edging Esterville College, 70-69, in an overtime contest. Jim Lumsden, former Wakefield athlete, canned a pair of field goals in the overtime period to provide the margin of victory. Jim Manning, ex-Trout Creek ace, led the Samsons in scoring with 20 points.

Bill Pelnar, former sports editor of the Menominee Herald Leader, is a double Twin City champion after winning the M&M table tennis singles crown by defeating John LaCourt in a best of three finals. The southpaw swinger is also Twin City tennis finalist.

Fred Arbanas, tight end for the American Football League champion Kansas City Chiefs, has an Upper Peninsula connection. His father, Francis, an inspector in the Detroit police department, was a basketball and football star at Calumet High School before his graduation in 1932. His mother is the former Lucille Strombeck, native of Laurium.

Jerome (Bucky) O'Neill, veteran Marquette hockey player, suffered a concussion early in an exhibition game against the Canadian Sea Greyhounds and was hospitalized in St. Luke's. The Rangers, struggling to get out of the United States Hockey League cellar, whipped the Canadian invaders, 11-1.

This seems to be the season of reversed fortunes for Upper Peninsula high school cage teams. Six teams that led their conference races at this time last season are bringing up the rear in current standings. Those quints include Stephenson in the Great Northern, Rapid River in the Central, St. Ignace in the Huron Straits, Soo and Munising in the Great Lakes and Iron River in the Menominee Range.

Nine Players Suspended, Duke Subs Come Through

By The Associated Press
"A position of leadership," said Vic Bubas, Duke's basketball coach, "is a lonely one and I have been lonely for the last couple of days."

Bubas got lonelier later. That was after he had temporarily suspended nine players including four starters for training violations and left himself with only seven players — two on the bench and five on the floor — for Tuesday night's game against Penn State at Durham, N.C.

Fortunately for Duke, one of the clean sweep survivors was sharp shooting Bob Verga. He fired 38 points and led what was left of the Blue Devils to an 88-84 victory over Penn State.

Bubas would give no details on the suspensions which hit starters Mike Lewis, Bob Reidy, Dave Golden and Tim Kolodziej and reserves Tony Barone, Warren Chapman, Ron Wendell, Jim Liccardo and Joe Kennedy.

The coach would say only, "It is a privilege, not a right to play college basketball."

Fred Lind, C.B. Claiborne, Steven Vandenberg and Stu McKaig joined Verga in Duke's

starting line-up. Lind and Claiborne never had scored a point before for Duke but produced 22 between them with Claiborne getting 13.

Vandenberg, who had been averaging 3.4 points per game, led the sub-turned-starters with 16 points. McKaig scored eight. Bob Francis, who had never played a varsity minute for Duke before, came off the sparsely populated bench and scored five points.

Louisville, ranked second in The Associated Press' Top Ten, overcame a strong individual performance by Tulsa's Elbridge Webb and beat the Hurricanes 76-62 in a Missouri Valley Conference game referred by high school officials.

The regular MVC officials failed to show up for the game, which had been rescheduled from Jan. 7. "It was just the breaks," said Tulsa Coach Joe Swank. "Of course I'm not very happy."

Webb scored 16 points in the first half and finished with 27. Westley Unsel led the Cardinals with 24 points and 24 rebounds.

Tulane set a school scoring record and New York University's

Non-conference games

IRON MOUNTAIN — Surviving their "worst second half of the season" here last night, the Escanaba Eskymos nipped Iron Mountain, 79-77, to retain their grip on first place in the Great Northern Conference race.

"We played our poorest second half of the season and it almost cost us the ball game," Coach Harold Johnson stated. "In previous games we've prospered when opponents threw a press at us, but against Iron Mountain we stood around and let them take the play away from us," the veteran Eskey mentor observed.

Johnson added in a second breath, however, that he'd take the victory regardless of the game. "Like the Packers, we'll take them any way we can," Johnson quipped.

The victory was Escanaba's fourth in GNC competition and sixth in seven starts overall. The setback was the second for the Mountaineers who played without the services of regular Rudy Steiner, out with a sprained ankle.

The Eskymos took command of the game in the early going, vaulting to a 10-2 lead behind a flurry of field goals by Paul Miller, Bernie Larson and Dan Mylander. They had a comfortable 18-9 margin at the end of the period.

At halftime the Eskymos had spread the gap to 39-26 with Miller and Myvall combining for 23 points.

The Mountaineer press began to pay off in the third quarter

but Coach Irv DeMorse's cagers were still unable to get closer than seven points at the end of the period, 56-49.

Early in the finale the Eskymos expanded their lead to 14 points at 67-53 with Nyquist leading the assault. But Iron Mountain then outscored the Escanaba quint by a 13-5 margin to narrow the deficit to 72-70 with a minute and a half to go.

It was a frantic finish as the

Mountaineers committed five personal fouls in the final 45 seconds in a desperate attempt to snatch the lead.

A rebound field goal by Bob Myvall and a pair of free throws on a 1-1 situation by Miller in the closing seconds of action kept Iron Mountain just barely out of reach. The Mountaineers pulled to within two points when Mark Eslinger canned a field goal at the final buzzer.

Nyquist, 6 foot 5 inch center, held off Iron Mountain's upset bid with a 24 point scoring effort and 23 rebounds. Miller tossed in 20 points and Myvall added 17.

Iron Mountain had five starters in double figures, headed by Don Cooper who matched Nyquist with 24.

The Eskymos won it from the foul line by converting 21 of 32 opportunities off 23 Mountaineer personals. Escanaba was outscored by three field goals, 32 to 29.

The Eskey cagers clicked on 29 of 59 shots for 40 percent from the field while the Mountaineers hit 43 percent on 32 of 73. They were able to make only 13 of 25 from the charity line, however.

The Eskymos had an overwhelming bulge in the rebound department, 60 to 32.

Escanaba won the jayvee preliminary, 73-47.

Pistons Snap Loss Streak

BALTIMORE (AP) — The Detroit Pistons, putting together their first sound game in a week, snapped a four-game losing streak with a 117-110 National Basketball Association victory over Baltimore Tuesday night in New York.

Detroit gets another shot at the fading Bulls in the midst of a nine-game losing streak-tonight in Baltimore.

The Philadelphia 76ers nipped the New York Knicks in overtime 148-142 in the second game of the NBA doubleheader at Madison Square Garden.

In other games, Chicago upended Cincinnati 116-111, and Boston beat San Francisco 126-121 in overtime.

"We finally put our shooting and rebounding together," said Detroit player-coach Dave DeBusschere. "Up to now we've been forcing our shots and scrambling for rebounds, but not getting anywhere. This time we worked for good shots and hit the boards hard."

DeBusschere, who topped Detroit with 20 points and 14 rebounds, cited the work of center Joe Strawder and reserve guard Chico Vaughn in the victory over the Bulls.

"Joe has made great strides

in his play this year," said DeBusschere. "To look at the box score he only had six points but his 13 rebounds made the difference."

DeBusschere said Vaughn, who scored 17 points, including a clutch basket which gave Detroit a 111-107 lead with two minutes to play, played his best game of the year. Vaughn's previous high this season was 13 points.

The Chicago triumph enabled the Bulls to move into fourth place ahead of idle Los Angeles in the Western Division.

Chicago trailed by as many as 14 points before rallying for seven straight points to take a 104-85 advantage with 6:19 to play.

Rodgers finished with 39 points, including 13 in the final period. McLemore added 18. Oscar Robertson topped the Royals with 40 points.

At San Francisco, Boston's Sam Jones scored 31 points, matching the output of Rick Barry who returned to action with the Warriors after a two-game layoff because of an ankle injury. The teams went into overtime tied at 114-114.

Trenary Comets Extend Victory String To Eight

COOKS—The Trenary Comets ran their Central League victory string to eight games by fighting off the Cooke Clippers, 79-71, here Tuesday night.

Cooks forged to a 20-11 lead in the first quarter to stun the league leaders. Coach John's revamped Cooke quint still led by a 45-37 margin at the intermission.

Trenary took control in the third quarter, outscoring the Clippers by a 22-11 margin, but Cooke was not through yet. The Clippers trailed by only one point with three minutes remaining before losing the services of Neil Hartman and Joe Carley on personal fouls. Trenary pulled steadily away in the stretch.

Trenary's Kim Peterson boosted his Upper Peninsula scoring lead to 251 points with

29 against the Clippers. Bruce Swagart led Cooke with 29 and Bill Hartman, 5 foot 7 inch freshman playing his first varsity game, came through with 15.

Cooks won the jayvee game, 43-33.

North Seniors To Throw Ball

MOBILE, Ala. (AP) — South Coach Otto Graham is being closed mouthed about his plans for Saturday's 18th annual Senior Bowl football classic as North Coach Norm Van Brocklin asserts his team will play a passing game.

Graham, of the Washington Redskins, didn't verbally indicate what his strategy would be, but Tuesday's workout preparation appeared to be both in the air and on the ground.

PAUL HORNUNG, Green Bay's famed Golden Boy and most eligible bachelor, poses with his bride-to-be, Miss Pat Roeder of Dallas, Texas. Mr. and Mrs. Paul Roeder of Green Bay announced the engagement of their daughter to Hornung Tuesday. The wedding is set for late this month in Hawaii. (AP Wirephoto)

Pride The Thing As Pack Readies For Super Bowl

GREEN BAY, Wis. (AP) — The Green Bay Packers were putting their pride before their pocketbooks today as they began getting ready for the Jan. 15 Super Bowl clash with the Kansas City Chiefs.

The first meeting between the champions of the National and American football leagues should earn each member of the winning team \$15,000 with the losers having to settle for a mere \$7,500.

The money is nothing to sneeze at even for the prosperous Packers, who have collected winners' shares in four of the past six National Football League championship games.

But the Packers have loftier goals. "The money is really secondary," said quarterback Bart Starr, the NFL's Most Valuable Player. "A lot of people will find that hard to believe but it's really true."

"There's more than money in this particular game," said tackle Henry Jordan.

"The money means something, of course," said halfback Elijah Pitts, but it's secondary.

Starr put it this way: "The biggest thing we've got going for us is to represent our league well. As we look at it right now, the things we worked for all year came down to these two games — the championship game (with Dallas) and the right to represent our league in the Super Bowl, and the Super Bowl."

"The pride of the whole thing," said Pitts, "is what you

feel, being part of a ball club in the Super Bowl and representing the National Football League. It's an exciting thing for me."

The Packers are already installed as eight-point favorites, but Green Bay isn't taking the American Football League representatives lightly.

"You've got to respect any team that's won its division and gone on to win the league's championship," said Starr. "I know they have real fine football players."

Red Wings Sign Michigan Star

DETROIT (AP) — The University of Michigan's All-American hockey star, center Mel Wakabayashi, was signed Tuesday by the Detroit Red Wings of the National Hockey League and immediately dispatched to their farm club at Memphis, Tenn.

A Canadian of Japanese ancestry, Wakabayashi is 23, stands 5-foot-6, weighs 150 pounds and has been credited with 37 points in 11 collegiate games this season.

A mid-year graduate, Wakabayashi's collegiate eligibility had expired. He makes his home in Chatham, Ont.

Wakabayashi is to play with Memphis Thursday night, the Red Wings said in a Central Professional Hockey League game at Houston.

Offensive Line At Kansas City 'Forgotten Six'

KANSAS CITY (AP) — The Forgotten Six, offensive line of Kansas City's AFL champions, has fierce pride in its ability to do the job against Green Bay's NFL kings for the world football title Jan. 15.

"I couldn't be more proud of the men on my team—they were just great," said Jim Tyrer, 262-pound All-AFL tackle, of his team's convincing 31-7 victory over Buffalo. Does the lack of publicity bother the offensive line?

"Now, it's just something you learn to accept," he said. "We get our recognition from the points on the scoreboard."

Curt Merz, 267-pound guard, put it this way:

"I don't want to hear anyone talking about who won the game. There were 40 men out there and they were all great."

Fred Arbanas, 214-pound All-AFL tight end with almost no sight in his left eye, is eager for a shot at the NFL champs.

"I think we can beat Green Bay," Arbanas said. "My shoulder will be fine by then, I'll guarantee you."

Some football men view Kansas City's offensive line as the key to the game. Johnny Sample New York Jets' cornerback who played for three NFL clubs, had this to say after the Chiefs beat New York:

"They could beat many of the teams in the National League, but Green Bay's defensive line would eat them up."

Hank Stram, Kansas City headman who was voted AFL Coach of the Year, makes it clear he doesn't want to get into the comparison game—"The War of Words," as he terms it. "It's still a war on grass," Stram said. "And the war is won up front."

"The fact we have scored more points 479 in 15 games than any team in pro football is a direct compliment to the blocking of our offensive line. They are big, strong and mobile and they have great pride."

Dave Hill, termed by Stram "the most underrated tackle in the AFL," started calling the offensive line the Forgotten Five in mid-season. Arbanas quickly corrected him, saying "I make six."

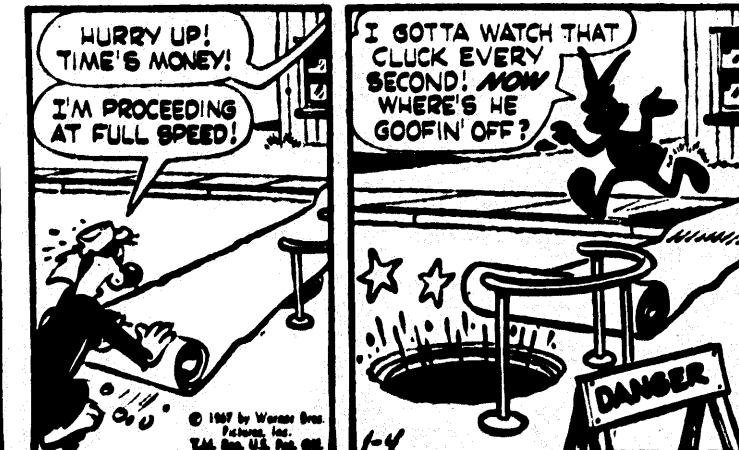

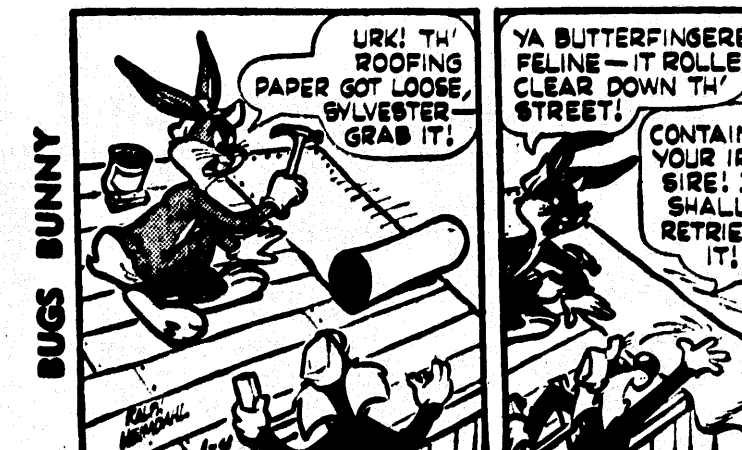

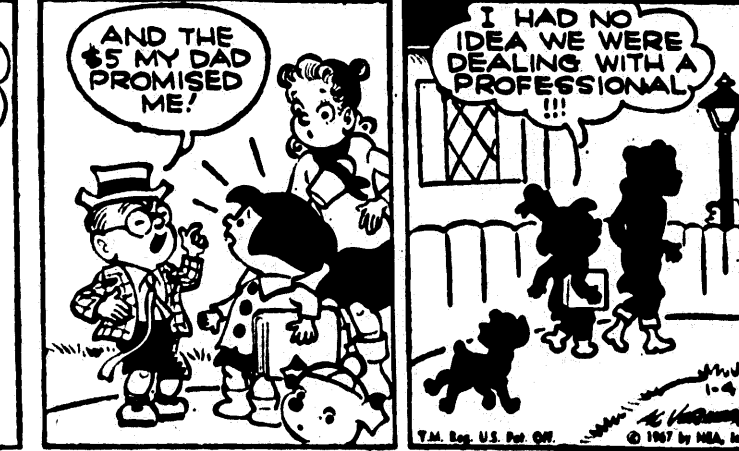

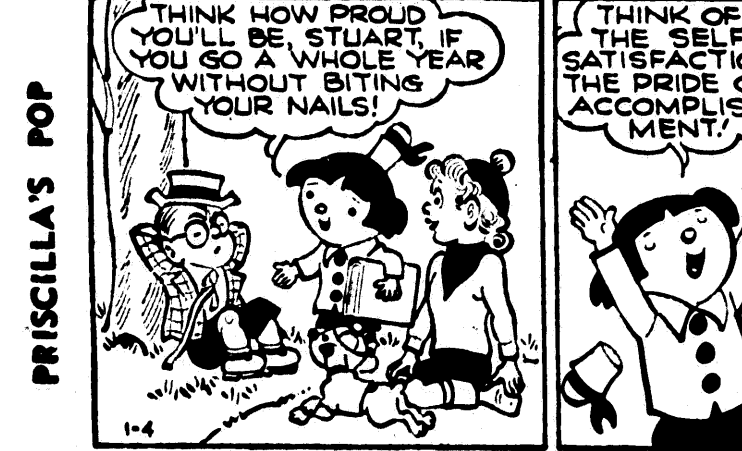

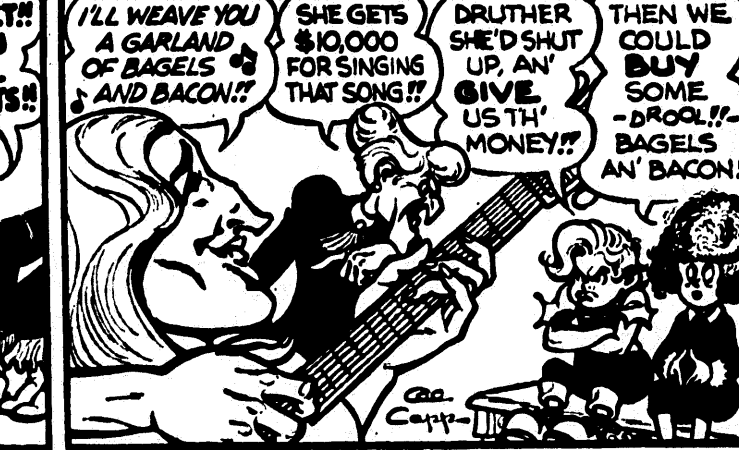

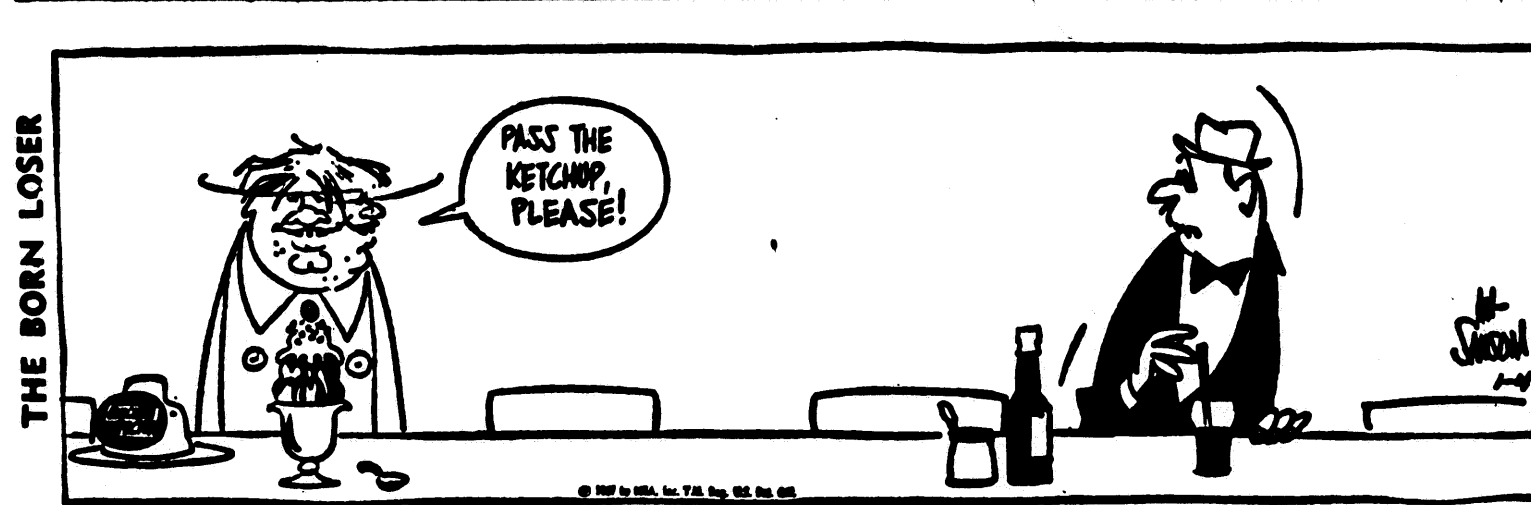

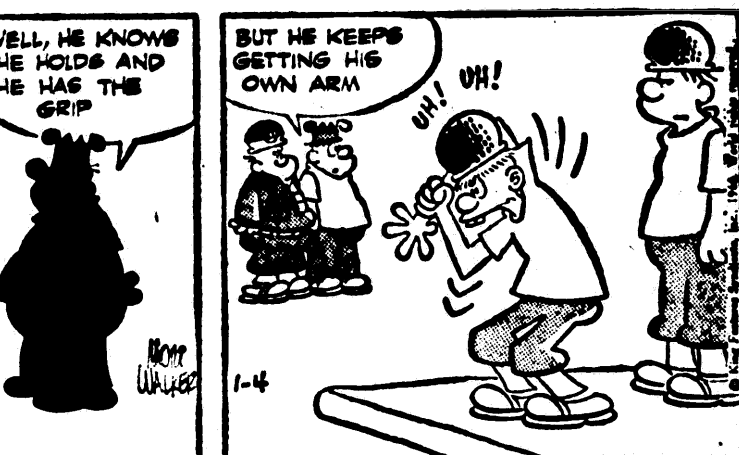

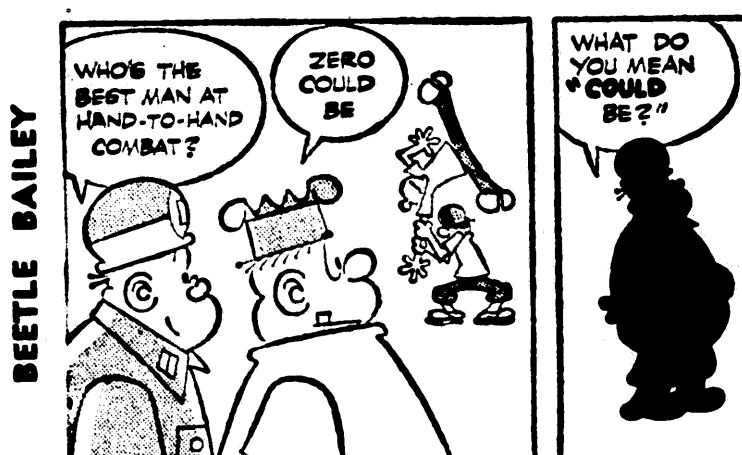

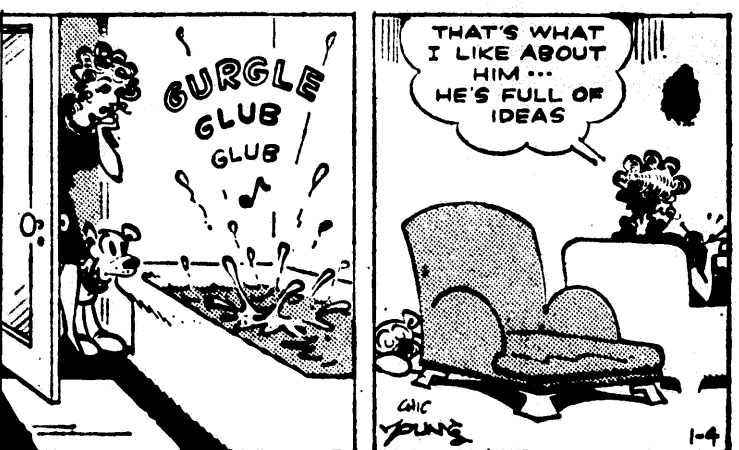

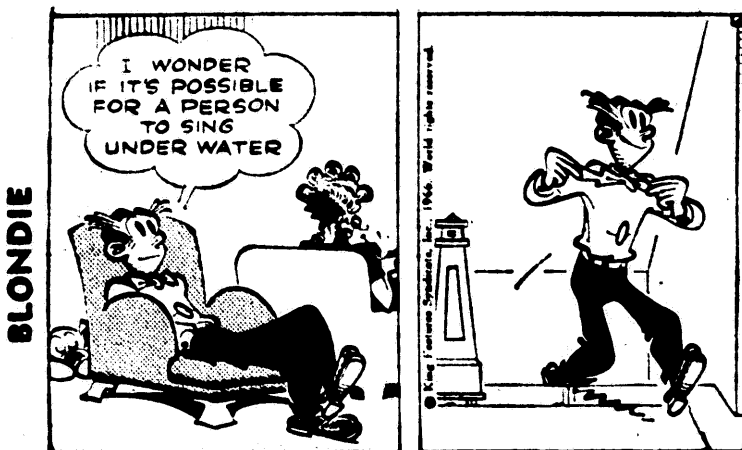

Ed Budde, 6-foot-5, 260-pound guard who was an All-AFL choice for the first time, said, "I know we can keep 'em (the Packers) out of there."

The center is Wayne Frazier, 246, obtained from Houston in a trade after Jon Gilliam hurt his knee in a preseason game. His play has been a surprise. Gilliam, a quick, smart veteran, can play in a pinch.

OUR BOARDING HOUSE with Major Hoople

MR. AND MRS. Lawrence LaPorte, 720 Arbutus Ave. announce the engagement of their daughter, Paulette Marie to Douglas Demers, son of Mr. and Mrs. Arthur Demers, 358 N. Cedar St. A summer wedding is planned.

Draft Group Of 18 Leaves

The Selective Service today (Wednesday) had a group of seven men leaving for induction and 11 for pre-induction examinations.

The men lunched at 11 a.m., before leaving by bus at noon, under a new program. Previously the men left without eating and did not eat until arrival in Milwaukee.

The induction group has Albert Erickson as a volunteer, George Rubick, leader, David Hill, Rudolph Evonich, Frederick Tyrrell, Ronald Massey. The pre-induction group is led by Glen Bremer.

New Germfask Post Office Is Being Planned

GERMFASK—The Post Office Department is seeking competitive bids to build and lease the new post office at Germfask, Postmaster General Lawrence F. O'Brien announced today.

The purpose of competitive bidding is to encourage the most attractive and economical offer to the Government. Leonard England is the postmaster at Germfask.

The successful bidder will construct the building according to departmental specifications and rent it to the Post Office Department for a basic period of five years, with options to renew the lease for an additional 10 years. A site within the general business area is desired.

The department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership with the owner paying local real estate taxes.

Bidding documents may be obtained from R. E. Matthews, Regional Real Estate Officer, Room 924, P. O. 433 West Van Buren Street, Chicago, Ill., before Feb. 19, 1967.

TEAMSTERS UNION President James R. Hoffa (right) has a private word for Frank Fitzsimmons, of Detroit, union executive vice president, at a closed meeting with Teamsters executives. Fitzsimmons is the person considered most likely to move into Hoffa's position in the union should he go to jail. (AP Wirephoto)

Teamsters Leadership Uncertain

Hoffa Plans Return

HOLLYWOOD, Fla. (AP) — James R. Hoffa wouldn't be able to run the Teamsters Union if he is sent to prison, associates say, but if he does go behind bars he will be thinking of a comeback once he gets out.

Union sources speculate, if Hoffa is sent to jail, how he divides up the union's power will determine whether there is a leadership struggle that may upset his plans.

"The (union) constitution has clearly taken care of that," Hoffa said in reply to questions about his successor as Teamsters' president if he loses his final legal maneuvers to stay out of prison.

But other union officials are not so sure it will turn out the way Hoffa wants, with his Detroit friend, Frank Fitzsimmons, lined up to succeed him as chief of the world's biggest union.

Pressures Mount

Hoffa, finishing up plans for national trucking negotiations opening in Washington Jan. 17, is publicly keeping a tight rein on his feelings about the possibility of going to prison.

But "he was madder than hell" in closed sessions with the Teamsters executive board here, one source said, attributing the outburst to the tremendous pressures on Hoffa.

Half-Dollar Is Circulating Again

SAN FRANCISCO (AP) — The half-dollar is circulating again, says the director of the U.S. Mint, Miss Eva Adams.

Miss Adams said speculative hoarding of half-dollars, as well as new pennies, nickels, dimes and quarters, has subsided. She said the mint would produce 200 million half-dollars this year.

Navy Pilots Hit Supply Barges; Lose Two Planes

SAIGON, South Vietnam (AP) — U.S. Navy pilots claimed a two-day score today of 188 North Vietnamese supply barges and junks destroyed or damaged and reported losing two carrier planes in their latest raids.

The Navy pilots reported hitting 77 more water craft during forays along the North Vietnamese coast Wednesday to add to 111 reported destroyed or damaged on the previous day.

Other American planes showered Hanoi with 2.2-million psychological warfare leaflets Wednesday and scattered 2.6 million more on other areas of North Vietnam.

The leaflets dropped on the North Vietnamese capital warned that if the Communists continue the war in the South, destruction will follow in the North, a U.S. spokesman said. The other leaflets cautioned the North Vietnamese people that their money would become worthless and less as the war went on.

The ground war in South Vietnam continued in a lull as it has all this week. Both the U.S. and South Vietnamese military commands reported only minor skirmishes.

U. S. military headquarters reported an increase in American casualties last week — although it included 48 hours of Christmas and New Year truce — while South Vietnamese spokesmen listed a decrease in their casualties.

U.S. officials reported 128 Americans were killed and 634 were wounded, compared with 109 killed and 547 wounded in the previous week. The increase apparently was due to several sharp engagements, including one big action in the central highlands.

Herman Has 142-Inch Snow Crown

HERMAN (AP)—Likely you never heard before of Herman, the town. But if things keep going like they have lately Herman probably will become an East-of-the-Rockies champion.

Herman, with a population of 75, is eight miles by country road southeast of L'Anse, in Michigan's Upper Peninsula at the foot of Lake Superior's Keweenaw Bay. The road peters out at Summit, which is even smaller, a mile or so down the road.

Mrs. Leonard Lahti, who keeps an official snow depth chart for the State Department of Conservation, reported Wednesday that 142 inches—just two inches shy of 12 feet—had fallen on Herman since Nov. 18.

That's tops for all stations east of the Rockies, and winter barely is under way. Snowfall tabulation doesn't end until May 3.

Michigan's Keweenaw County, which set an East-of-the-Rockies record of 294.5 inches two years ago, has registered only 90.7 inches thus far this season, and Houghton County, perennially one of Michigan's snowiest, only 65 inches.

Not everybody's happy, including Mrs. Lahti's husband. The snow's so deep his new snowmobile won't work in it.

his eight-year jury tampering prison sentence.

Hoffa expects that if he goes to prison he will be freed before the next union convention and run again for the presidency of the 1.7-million-member union, informed sources said. He was re-elected last July to a new five-year term.

Hopes For Parole

This is based on his hope of being paroled before serving his full sentence.

Union sources say no other ambitious teamsters official is likely to make any bid for Hoffa's job at least until after the trucking negotiations, which have a March 31 deadline.

But once the big trucking contract talks, covering more than 450,000 workers, are out of the way, it may be a different situation.

One Teamsters vice president, asked if Fitzsimmons' successorship to Hoffa was assured indefinitely, said "hell no."

But many other Teamsters leaders foresee no budding power fight to get rid of Fitzsimmons and elect another president before Hoffa might be released from prison.

Juror Indicts Rep. Huffman

PONTIAC (AP) — State Rep. Bill S. Huffman, D - Madison Heights, was indicted for contempt Wednesday by Oakland County's one-man grand jury.

Grand Juror Philip Pratt said he indicted the legislator because Huffman refused to answer five questions concerning his activities as a former Madison Heights city councilman and mayor, and as a legislator.

Huffman declined to answer the questions on the advice of his attorney, James Renfrew of Royal Oak, who contends that the grand jury proceedings are unconstitutional.

The legislator stood mute at his arraignment. Justice Jack Baldwin of Bloomfield Hills released Huffman on \$500 bond, and set examination for Jan. 17.

Colorado Plane Crash Injured Are Airlifted

FAIRPLAY, Colo. (AP) — A search party was reported today to have reached a missing plane high on the slopes of Mt. Sherman in the Colorado Rockies and two injured persons were lifted out by helicopter.

There were five persons aboard the craft, including an Illinois family of three and another Illinois man.

The passengers evacuated by helicopter were not identified immediately. The report said a state patrol helicopter landed close to the downed plane, the injured passengers were placed aboard and the helicopter then headed for Leadville, where they could be hospitalized.

The report came from the pilot of a plane circling the 14,087-foot Mt. Sherman.

The other three aboard the plane were being brought out by ground crews using snow vehicles.

Fog engulfed the mountain, 10 miles west of Fairplay, early today, but sunlight burned most of it away later.

Get Message

A United Air Lines plane flying at about 18,000 feet reportedly picked up two, transmissions Wednesday from the downed plane. One said, "We are down." The other reported, "We have injured aboard."

The United pilot said he would fly a radio pattern and asked the pilot of the Cessna to key his radio microphone when the United plane was directly overhead.

The Cessna pilot followed instructions, but the power of the downed plane weakened each time until it lost all contact. It was last heard from shortly after noon Wednesday.

Powell Charges Conspiracy:

Blames Trouble To Racism

WASHINGTON (AP) — Rep. Adam Clayton Powell charges the attempt to remove him as chairman of the House Education and Labor Committee is a political conspiracy aimed at U.S. Negroes.

From his island retreat in the Bahamas, the Harlem Democrat issued a statement Wednesday night blistering his attackers and promising an all-out fight to retain his chairmanship.

"A political conspiracy of enormous dimensions has not only been mounted against Adam Clayton Powell, but against black political leadership, black people and black progress," he said.

Powell is due to return to the capital this weekend. His fate could be largely sealed Monday when the Democrats caucus meets a day in advance of the opening of the 90th Congress.

Double Challenge

Although Powell also faces a challenge to his being seated on Jan. 10, the question of his chairmanship should be settled

in the Democratic caucus. Several members already have declared their intention to vote to block Powell's re-election as chairman, including one of Powell's New York colleagues, Democratic Rep. Jonathan B. Bingham.

Bingham said, however, he is not prepared to vote to bar Powell from his House seat. He attacked the House seniority system under which he said two Mississippi Democrats, Reps. William M. Colmer and John Bell Williams, would attain important committee chairmanships this session.

In his four-page statement, Powell ignored the seating challenge and called the fight over the chairmanship "the only issue in this struggle."

As he has in dealing with previous attacks on him, Powell used the fact of his being a Negro as a chief weapon against his critics.

Stresses Race

"To what extent," he asked, "are they motivated by the de-

sire to politically castrate one of America's most powerful Negro politicians of his power?"

Furnishing his own reply, he cited "15 facts" in his case and said they lead unequivocally to the conclusion "that a political conspiracy of enormous dimensions involving certain influential members of the press, and, I deeply regret, a number of my colleagues in Congress, has not only been mounted against Adam Clayton Powell but against black political leadership, black people and black progress."

In his statement, Powell said he was within both his legal rights and congressional precedent in refusing to appear in court in 1964 for examination in a civil action while Congress was in session. That, and subsequent failures to appear have ballooned a \$48,000 libel judgment against him to \$164,000 and led to his being convicted of criminal contempt of court and sentenced to 1 year and 60 days in jail.

Romney Tour West To Test Candidacy

SCOTT ROMNEY, son of Gov. and Mrs. George Romney, with his fiancée Ronna Eileen Stern of Detroit. Miss Stern is a senior at Oakland University. Announcement of the marriage was made by Mr. and Mrs. Will Harry Kraus, Miss Stern's mother and step-father. Kraus is president of Engineering Industries, Inc., Detroit. (AP Wirephoto)

DeVries Will Quit To Help With Campaign

DETROIT (AP) — George Romney, still uncommitted but testing the political winds, made plans today for a speaking tour of the west and a "long, hard look" at the 1968 GOP presidential nomination.

Meanwhile, another of the Michigan governor's top aides resigned a state post to help Romney take that look and arrive at a decision.

Dr. Walter De Vries, who heads research and development for the governor's office, will resign next week, Romney told a news conference Wednesday.

"I expect to rely on him importantly in taking a long, hard look at what I'm looking at," Romney said, referring to the Republican presidential nomination.

Romney's western swing will begin Feb. 18 in Juneau, capital of Alaska, and windup Feb. 22 in Albuquerque, N.M., an aide said. In between, other speeches are scheduled for Feb. 20 in Salt Lake City, Utah, Romney's old hometown, and Feb. 21 at Pocatello, Idaho.

Lincoln Day Talks

All four are billed as Lincoln Day dinners, the annual GOP fund raising gatherings and political chat chats.

De Vries is expected to conduct research into campaign issues, helping Romney formulate his position on national questions.

The governor repeated at the news conference his statement that he has not decided whether to seek the presidential nomination of his party.

Romney also turned aside questions about reports of a huge campaign fund aimed at financing a drive for the presidency when he decides to declare himself in the running.

McIntosh First

But he did say De Vries would be paid "by a private fund" — by those who have indicated they are willing to help him organize to explore what he is exploring.

De Vries is the third Romney aide to resign a major state position in the past two months — all of them apparently to lay groundwork for a presidential drive by the governor.

Robert J. McIntosh left his post as director of the Michigan Department of Commerce Nov. 17, reportedly to set up a Romney-for-president office in Washington, and John Feikens, co-chairman of the Michigan Civil Rights Commission, quit two weeks ago amid talk that he would perform similar duties.

Romney has gained the lead in speculation about GOP presidential possibilities since his strong showing in the November elections.

He won re-election to a four-year term as governor.

Carries Griffin

In the process, he carried U.S. Sen. Robert P. Griffin, R-Mich., to victory over former Michigan Gov. G. Mennen Williams and reduced a Democratic stranglehold on the State House of Representatives to a 35-35 standoff while the GOP gained control of the State Senate.

Shortly after the election, Romney vacationed in Puerto Rico with Gov. Nelson Rockefeller of New York, and later spent some time talking with former President Dwight D. Eisenhower.

The first overt move by Romney staffers for the 1968 nomination followed quickly. National GOP committeeman John Martin of Michigan said he would go to New Hampshire to make preparations to enter Romney in the presidential primary election.

Martin Moved Killed

Romney killed this move, however, saying he did not want it to look like he had tossed his hat in the ring.

Sandwiched between the resignations of McIntosh and Feikens came a New York conclusion among top aides and long-time friends to discuss Romney's prospects and reportedly to "urge him to become a candidate."

Among those present were Richard Van Dusen, Romney's former legal aide; Max Fisher, a Detroit oilman who has raised campaign funds in previous elections; and J. William Marriott, Washington restaurant

Souris And Black Feud

Supreme Court Rift Exposed At Lansing

LANSING (AP) — A bitter verbal brawl between two Michigan Supreme Court justices was made public Wednesday as the high court faced the question of court-appointed attorneys in misdemeanor cases.

Four justices held that poor persons appealing misdemeanor convictions should be provided attorneys and verbatim trial transcripts at public expense. Three disagreed. One justice did not participate in the decision.

As a legal precedent, the ruling appeared shaky because only four of the eight court members upheld the principle and because the question is being reviewed by legal authorities.

In six opinions totaling 70 pages, some justices accused others of excessive partisanship, improperly publicizing court proceedings and ignoring the civil rights of the majority of the people.

Censure Of Black

One of the opinions, unrelated to the legal issues of the case, appeared to be an unofficial censure of Justice Eugene Black by four other members of the court.

And in a press statement, Justice Theodore Souris charged Black with "a disturbing lack of emotional control."

Almost lost in the crossfire was the court's 5-2 decision that defendant Alton Mallory may appeal his conviction of receiving and concealing stolen property worth less than \$100, a misdemeanor.

Mallory was on parole for a 1962 felony conviction. After serving his 90 days, he was cited for parole violation and is now back in prison.

Appeal Rejected

He appealed the misdemeanor conviction and requested a court-appointed attorney. The appeal was rejected by Detroit Recorder's Judge Frank Schemanske on the ground Mallory had served his sentence and the appeal would be meaningless.

Justices John Dethmers, Paul Adams, Harry F. Kelly and Souris and Chief Justice Thomas Kavanagh voted to overturn Schemanske's ruling, but only four of them agreed Mallory was entitled to a court-appointed attorney in his appeal.

The fifth, Kelly, said he was not, but disagreed that the appeal was meaningless. Kelly said Mallory's return to prison was an "automatic" penalty following the misdemeanor conviction.

In effect Kelly said, Mallory was given a felony-type punishment.

ment because of his conviction for the lesser offense.

But that issue was lost in the debate over legal guarantees in misdemeanor cases and over whether judicial secrets had been divulged by Black.

Souris said the State Constitution's guarantee of appeal and of a lawyer's aid "in every criminal prosecution" applies to statutory misdemeanor cases as well as those involving alleged felonies.

Black argued that the U.S. Supreme Court, in recent decisions involving rights of accused persons, has not said defendants charged with "petty crimes" are entitled to court-appointed attorneys.

This would "cripple" enforcement of misdemeanor laws against indigents, Black said, adding:

Judicial Ethics

"It is high time courts consider at greater length the 'civil rights' of that great unnumbered multitude of law abiding citizens and that constantly multiplying number of victims of today's fearsome crime wave."

In his dissent, Black quoted

arguments from a tentative opinion written by Souris but later revised and not made public by the author.

This inspired the debate on judicial ethics. Souris wrote, with Adams, Kavanagh and Dethmers concurring:

"Justice Black breaches that confidence which traditionally has surrounded views expressed in the sanctity of the court's conference room."

"What is important...is Justice Black's implicit threat to the continued privacy of our deliberations."

The four also signed a separate statement implying Black violated a canon of judicial ethics providing that judges should "use effort and self-restraint to promote solidarity of conclusion..."

Black's reply was an angry memorandum attacking Souris, Kavanagh and former Justice Otis Smith for what he described as their own previous breaches of privacy.

Souris, in his press statement, said Black "no longer is able to control his emotions within limits appropriate to judicial debate."

News In Brief

By The Associated Press

WASHINGTON—Senate Democratic Leader Mike Mansfield says a military wall along the northern and western borders of South Vietnam would reduce Communist infiltration more than continued bombing of North Vietnam. Mansfield said that despite bombing of the North, he has been told that 7,500 North Vietnamese are now moving South each month compared to 1,500 a year ago.

LANSING—State-owned cars won't be furnished to legislators until more lawmakers ask for them. George Washington, director of the State Department of Administration, said new cars will not be purchased until more legislators submit requests allowing the department to buy in bulk.

HARRISBURG, Pa.—Former President Dwight D. Eisenhower and his wife Mamie, boarded a private railroad car Wednesday night bound for a vacation at Palm Desert, Calif.

LOS ANGELES—Actor Mickey Rooney has filed a cross complaint in Los Angeles Superior Court seeking annulment of his three-month marriage to the former Margaret Lane, his sixth wife, on grounds she used "premeditated fraud" to get him to marry her. His suit claims that Mrs. Rooney did not want the actor's four small children near her, although before the marriage she had agreed to help raise them.

LANSING—Sen. Harold Hungerford, R-Lansing, replying to his opponent's charge that he had made an incomplete report of campaign expenditures, said "The expenses for my campaign were paid by the Republican State Senate Campaign Committee and the Ingham County Republican Committee," he said. "It's all a matter of record in the expense statements filed by those committees."

BEIRUT, Lebanon — A leading Yemeni royalist today charged Egyptian planes bombed royalist positions with poison gas, causing scores of casualties. Deputy foreign minister, Mohammed Abdul Kaddous al Wazir, said the bombing occurred Dec. 27 in the Jebel Ayal area.

BONN, Germany—Ex-Chancellor Konrad Adenauer celebrated his 91st birthday today and said a new effort for European political unity is absolutely necessary to pacify the world.

Today's Chuckle

Intuition is what enables a woman to contradict her husband before he opens his mouth.

Northern Lines Merger Hearing To Be March 6

WASHINGTON (AP) — The Interstate Commerce Commission announced Wednesday it will reconsider its rejection of a merger of the Great Northern, Northern Pacific and Chicago, Burlington and Quincy railroads.

The ICC rejected the proposal for merger of the northern lines by a 6-5 vote last March 31.

The commission set next March 6 for hearings. The commission's agreement to reconsider follows a decision by the three railroads that they now are willing to accept certain conditions requested by two other midwestern railroads. The three northern lines said they had entered into agreements with the two railroads — the Chicago, Milwaukee, St. Paul and Pacific and the Chicago and North Western.

The commission said further hearings will be limited to determining the amount of savings to result from the proposed merger in light of the agreement with the Milwaukee Road and the North Western and also the effect of financial, operational and other changes related to savings which have occurred since original hearings on the merger closed.

Soo Bridge Has Traffic Record

SAULT STE. MARIE (AP) — The International Bridge Authority reports record traffic and revenues for the span at Sault Ste. Marie during 1966. There were 734,768 bridge crossings during the year, a 6 per cent increase over the previous year. It was the first time the vehicle count has topped the 700,000 mark.

Bridge revenues for the year totaled \$857,900, a 5 per cent increase over the previous year. The bridge was opened to traffic in the fall of 1962.

The bridge authority said traffic volumes and revenues would have been even higher except for two factors — the late closing of the Great Lakes navigation season and a strike at Algoma Steel Corp., in the Canadian Soo.

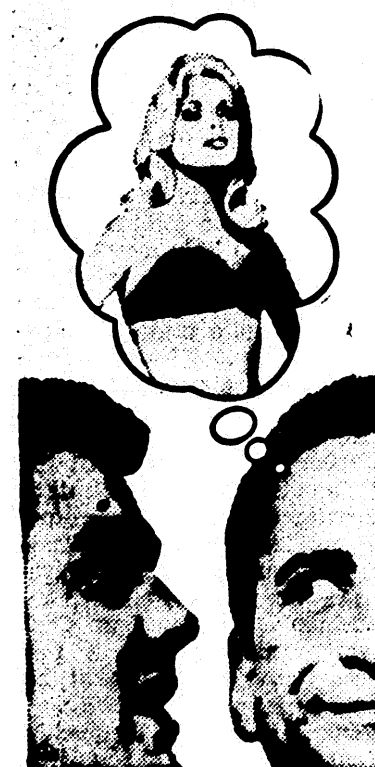

These contributed to a 3 per cent traffic drop in December from December of 1965.

Personals

Mr. and Mrs. Henry Koerner and children, Stephanie and Joey have returned to Pittsburgh, Pa., after spending two weeks at the home of her parents, Mr. and Mrs. Clifford Frasher, 716 S. 19th St., Escanaba. The Koerners left Escanaba on Sunday.

Detroit Democrat Backs Tax Reform

LANSING (AP) — Rep. George F. Montgomery, a Detroit Democrat, said Wednesday he will vote for any reasonable, adequate and equitable package of fiscal reform bills introduced by Gov. George Romney, the state's chief Republican.

Montgomery's definition of a reasonable package:

"A plan of fiscal reform must be based upon a statewide, flat-rate, personal income tax."

In a letter to Romney, Montgomery said his vote, plus the votes of the 55 Republicans in the House, assure passage of the governor's fiscal reform bills.

Republicans control the Senate.

However, there has been no

Seney

Mr. and Mrs. Bob Meyers and family from Sand River spent the Christmas holidays here with the Anderson family.

Mr. and Mrs. Russell Bowersox returned Saturday from South Bend, Ind. where they visited relatives over the holidays.

Mr. Bowersox accepted a position there in building construction and they will be moving their household goods there this week. They will reside at 3528 S. Langley Drive, South Bend, Ind.

Beth Tobin returned to Marquette on Monday where she is a student at NMU.

Mr. and Mrs. Norman Nelson and Mrs. Jennie Nelson have returned home after visiting relatives in lower Michigan.

Mr. and Mrs. Howard Carpenter and daughter and Mrs. Pearl Smith attended the installation of Vicki Lustilla as honored queen of Job's Daughters at Manistique on Tuesday evening. Mariene and Jancis Carpenter were installed as inner and outer guards.

Tom Wachuci has been discharged from the Helen Newberry Joy Hospital and is convalescing at his home here.

Briefly Told

The DAR meeting scheduled for Monday has been postponed.

Circle 4-H Riding Club will meet at 7:30 p. m. today at the Kipling Town Hall.

AMVETS Post 123 and Auxiliary will meet today at 8 p. m. in the post home at 1311 N. 21st St.

The Webster Youth Center will reopen Tuesday, Jan. 10, after the painting of the gym is completed.

In local volleyball tournament action last evening Hugh Harris's Pine Forest All Stars were trounced 21-12 by Ronald Sedenquist's All Stars. There will be further volleyball action next week.

The Escanaba Chapter of the S. P. E. B. S. Q. S. A. Inc., will hold installation of officers this evening at 8:01 at The Senior Citizens' Drop In Center in the 700 block, Ludington Street. A regular rehearsal will precede the installation. Lunch will be served.

Hospital

DeVries Will Quit To Help With Campaign

(Continued from Page 1)

chain operator and an old friend of Romney.

Romney said Fisher, Marriott and Cliff Folger, an ambassador to Belgium under President Eisenhower, were among contributors to the fund that will supply DeVries' salary.

The governor said Charles Orlebeke, a specialist in education affairs, would replace DeVries on the executive office staff.

Hint Disclosed

In Washington, meanwhile, The Washington Post said reports were circulating in the capital that internal disagreement had developed among leaders of the informal Romney - for-President organization.

The Post's political writer, David S. Broder, said the disagreements were said to explain the "indefinite postponement of the opening of a national Romney - for-President office in Washington."

Broder said the Washington office was to have been headed by McIntosh.

"Reliable sources said McIntosh has disagreed on the basic strategy of the Romney campaign with Leonard W. Hall of New York, the former Republican national chairman who has been traveling the country in recent weeks as an informal Romney emissary," Broder said.

Broder said Hall is reported to have opposed McIntosh's plan for organizing Citizens-for-Romney groups in many states and setting up a Washington office to coordinate them.

He said Hall reportedly "urged an alternative strategy of concentrating on low-keyed efforts to secure private commitments of support from Republican officeholders and party officials."

And behind the disagreement, Broder quoted sources as saying, lay a rivalry between the two men for effective command of the Romney - for-President organization.

Obituary

MRS. NAN SANTTI
Funeral services for Mrs. Nan Santti will be held at 2 p. m. Saturday at the Alto Funeral Home Chapel with the Rev. Erland Carlson officiating. Burial will be in the South Ford River Cemetery. Friends may call at the funeral home from 8 to 9:30 p. m. on Friday.

CHARLES SHERLOCK
Complete funeral services for Charles L. Sherlock will be held Friday afternoon at the Anderson Funeral Home Chapel with Rev. Philip Lyon officiating. Burial will be in Lakeview Cemetery. Friends may call at the funeral home from 4 to 9:30 p. m. today. Survivors include a sister, Mrs. William (Lillian) Miller of Milwaukee.

CARL HARBATH
Funeral services for Carl Harbath were held at 1:30 p. m. Wednesday at the Salem Lutheran Church with Rev. John J. Wendland officiating. Burial was in Lakeview Cemetery. Pallbearers were Ewald Nelson, Dewey Meunier, Arnold Ottensmeyer, Charles Van DeWaghe, Leslie Dahlgren and Eugene LeClair.

Mrs. Caroline Breitenbach
Funeral services for Mrs. Caroline Breitenbach were held at 11 a. m. Wednesday at St. Stephen's Episcopal Church with Rev. Ben Helmer officiating. Burial was in Lakeview Cemetery. Pallbearers were William Olson, Kenneth and Norman Swanson, Jerry Breitenbach, John Breitenbach and Gary Swanson.

New Book Store Opened In City

Cookbooks, gardening guides, knitting instructions, childrens books, classics — you name it and Canterbury Book Store at 908 Ludington has it, including a guide on how to mix drinks.

The title of Canterbury Book Store was selected by Mr. and Mrs. Richard Post, owners of the establishment, because Mrs. Post was acquainted with a bookstore in Washington, D.C. by that name.

Mrs. Post, the former Penny Neumeier, is the daughter of Mr. and Mrs. Frank E. Neumeier, 1835 10th Ave. S. Post is an instructor at Michigan State University.

Mrs. Val Post, Post's mother, is the store manager. "The reason they decided to start the store in Escanaba is because Escanaba is Penny's hometown," explained the manager, "Maybe it's because I'm used to city life but I think business is a bit disappointing, but I just love Escanaba and the people are most sociable and congenial."

The store was established primarily to serve Bay de Noc College students. It carries all sorts of college supplies as well as stationery and a wide selection of books. The books are arranged in categories — novels, classics, gardening, etc.

The decor of the store is in rich black, bright red, and sparkling white, which make an excellent background for the over 10,000 multi-colored paperback books.

The store is an exclusive dealer for textbooks used at Bay de Noc Community College. The manager said they buy used books and she finds the current value of used textbooks in the "College Textbook Buying Guide," a blue book on prices paid for used books. Students can be paid in cash or receive a credit slip good for the purchase of new books.

Any book currently in print can be ordered from the bookstore with delivery in less than a week in most cases.

"There isn't usually one certain book asked for the most," she said, "but Bibles are frequently requested and we are soon going to have Bibles available for all faiths."

The store hours are 9:30 a. m. to 5:30 p. m. and Monday, Wednesday, and Friday from 11 a. m. to 9 p. m.

Reapportionment Called Murky

The Senior Citizens Committee of the Escanaba Chamber of Commerce on Tuesday, heard William Butler Delta County clerk, on reapportionment and county home rule. After a discussion period it was the consensus that many clarifications will be needed before the acts can be finalized.

The Reapportionment will be made by the following County officials: county clerk, prosecutor, treasurer, the Republican and Democratic chairmen. Chairman John Bartella presided.

Kelley Proposes Safe Cycle Code

LANSING (AP) — Atty. Gen. Frank Kelley today sent a proposed new motorcycle safety law to legislative leaders.

Main provisions are for separate written and road tests for would-be motorcycle riders.

Kelley noted the number of motorcycle registrations in the state jumped from 39,000 in 1964 to nearly 65,000 in 1965. Although final figures for 1966 are not yet available, he said, the total is known to be much larger.

"At the same time," Kelley said, "the accident rate has grown alarmingly to the extent that today it represents a major law enforcement problem."

CREOLE RICE

Louisianians' taste for Creole and Cajun dishes makes the state's yearly rice consumption amount to 30 pounds a person, five times the national average.

Escanaba Host: Lions To Gather For Anniversary

Upper Peninsula Lions Clubs will celebrate the 50th anniversary of Lionism with a dinner program Saturday, Jan. 28, at the Terrace in Escanaba.

Host for the program will be the Escanaba Lions Club.

Harold Olsen, chairman of the planning committee, said featured guests will be International Director and Executive Director of the Leader Dog School Harold L. Pockington and Past International Director Ralph Sheehan.

Sheehan was formerly District Commander of the Michigan State Police, Marquette. Olsen said the Escanaba Lions expect about 300 Lions members from the 51 active clubs in the Upper Peninsula (District 10) to attend the program. A steak dinner will be served.

He said final details will be mailed to Lions Club secretaries throughout the district in the near future. Advance reservations should be made with Ralph Anderson, Secretary of the Escanaba Lions Club, in care of the Escanaba Lions Club.

**Albert Senter
Gets New Post**

SAULT STE. MARIE (AP) — Lake Superior State College today named Albert Senter, controller since 1965, as director of auxiliary enterprises. Senter, who has been with the college 20 years, will supervise construction and guide future building projects. Warren Shannahan, certified public accountant from Detroit, will take over as controller.

Mrs. I. Pearson Dies Wednesday

Mrs. Ida C. Pearson, 83, of 324 S. 17th St., Escanaba died at 9:15 a.m. Wednesday at St. Francis Hospital where she had been a patient for two days.

Mrs. Pearson was born Sept. 1, 1879 in Sweden and has been a resident of Escanaba for 20 years. She was a member of the Evangelical Covenant Church.

She is survived by one sister, Mrs. Anna Anderson of Brooklyn, N.Y. and one brother, Martin Olson also of Brooklyn.

Friends may call at the Anderson Funeral Home from 7 to 9:30 p.m. Friday and complete funeral services will be conducted at 11 a.m. Saturday at the funeral home chapel with the Rev. James R. Swan officiating. Burial will be in Gardens of Rest Cemetery.

Delta Won't Curb Medicaid Until Notified

Governor Romney has ordered that the second phase of Michigan's new Medicaid program for medical services to the indigent be curtailed, but there has been no curtailment yet in Delta County.

The delay, says Thomas McDermott, county welfare director, results because the Delta County Welfare Department has received no official instructions from the Michigan Social Service Department.

All that local welfare officials know of the curtailment of Medicaid is from newspaper reports and they will not implement the curtailment until they are notified officially that the state is holding up part of the program.

Affected, said McDermott are 338 applicants for Medicaid on doctor bills and drug bills to date.

There are 634 cases of "categorical" welfare aid in Delta County. These persons are clearly eligible for the first phase of Medicaid which started on Oct. 1 and provided nursing home and hospital care, and also for the second phase which started Jan. 1 and which offers doctor and drug services.

Not eligible for the second phase aid on doctor bills and drug bills, according to news reports from Lansing, are persons who are not poor enough to be on welfare rolls. Medicaid to these persons not getting categorical aid (Aid to Dependent Children, Aid to the Disabled, etc.) is being withheld on Governor Romney's order because the Legislature did not appropriate enough money to pay for the services.

The Legislature appropriated only \$21 million for a year of Medicaid and just Phase 1 cost will be \$39 million, according to State Budget Director Glenn Allen.

There are now 338 applicants for Medicaid in Delta County who are not getting categorical welfare assistance, said McDermott and his office is processing aid for these persons until it receives official word that Phase 2 of Medicaid is to be restricted to persons on welfare rolls.

The Medicaid act passed by the Legislature last summer authorized Phase 2 Medicaid services to persons who were medically indigent as well as to welfare recipients. A family of four with an annual income of \$3,540 or less was to be judged medically indigent.

"We have received a total of 972 applications for Medicaid and if what we read is correct, 338 of them are not eligible," said McDermott.

H. H. Corey, Escanaba Native, Taken By Death

H. H. Corey, Rochester, Minn., former president and board chairman of Hormel & Co., packing firm at Austin, Minn., died recently. He was born in Escanaba 72 years ago.

He attended Ripon College and the University of Nebraska, served in World War I, and was assistant football coach at the University of Indiana. In 1920 he became associated with Hormel & Co., became its vice president in 1929 and company president in 1946 and chief executive officer in 1954.

Funeral services were held in Rochester, where his widow, Constance, resides. Also surviving are three sons and seven grandchildren.

Mrs. Bartoszek Dies In Detroit

Mrs. Antonio Panek Bartoszek of Detroit died Tuesday in a hospital there.

She is survived by two sons, John and Stanley Panek; five daughters, Mrs. Rose Kuta, Mrs. Helen Ostrowiecki, Mrs. Stella Nagi, Mrs. Victoria Migiel and Mrs. Agnes Krejci, and 13 grandchildren.

The rosary will be recited at 8 p.m. Friday at the Leonard A. Turowski Funeral Home, 19400 Joy Road, Detroit. The body will be removed to the St. Suzanne Church at 8:30 a.m. Saturday where services will be conducted at 9 a.m.

Mary Garden Is Dead At 92

Mary Garden

ABERDEEN, Scotland (AP) — Mary Garden, one of the last survivors of the golden age of opera, will be cremated Saturday in Aberdeen. A public funeral will be held at the crematorium and her ashes will be scattered in its Garden of Remembrance.

The world-famed soprano, one of the first opera stars to act as well as sing, died Tuesday at the age of 92 after five years in a hospital here in her native city.

Although there were some dissenting opinions about the quality of her singing, Miss Garden's strong soprano voice, her beauty and dramatic ability and her outspoken charm made her an idol of opera-goers in the United States and Europe from 1900 until her retirement in 1931.

She became a friend of kings, presidents and the wealthy, and wrote a book about her operatic successes and lovers. But she put her career ahead of romance and never married.

When she died Tuesday, enfeebled and alone, there was a Christmas card from an unidentified American admirer above her bed.

Boom Collapses

DEARBORN (AP)—The 126-foot boom on a pile driver collapsed onto its own crane and an earthmover Wednesday and caused an estimated \$250,000 damage at the site of the new Henry Ford Memorial Library in Dearborn. No one was hurt.

Repair Of Ore Dock Employs 145 Men

The annual repair of the Chicago & North Western Railway's ore loading dock at Escanaba is under way today with 145 men employed and about 20 more men to be put on, said Carl Malmberg, head of C&NW bridge and building.

"Dollarwise the repairs will equal those last year, something in excess of \$300,000," he said.

Each winter the North Western puts the big dock in condition for another season of operation, when (as it was this year) more than 6½ million tons of iron ore are funneled through the dock into the ore boats. There was an ore volume record set this year — and the shipping went to Dec. 23 and also set a record for late-season operations.

Four Big Cranes The North Western has been shipping ore out of Escanaba continuously for 102 years. The present dock on which the repairs are being made was constructed in 1903 and was completely rebuilt above the water level of the bay in 1924. It is 1,920 feet long, 70 feet high, has 320 pockets, and a capacity of 80,000 tons of iron ore.

Most of the repair work on the dock this winter will be on the superstructure, which is going to require the use of cranes. Three big cranes are already on hand and a fourth is to arrive soon, Malmberg reported.

There is also a lot of steel work to be done and Pearson Boiler & Mfg. of Escanaba has the contract for this part of the project.

Altogether there is a bigger crew employed in the repairs this year, but there is going to be less time to get the work done because the ore shipping season has been opening earlier each spring and closes later in the fall.

Speed Up Repairs "We plan to continue working the big crew at the dock until about the beginning of

March. Last year the first boat arrived in March and we just finished before shipping started. This year we didn't get to the dock until Jan. 3 and we will have men at work here right up until navigation opens," Malmberg said.

One of the primary reasons for the earlier opening and closing of shipping at Escanaba is the handling of pellet ore, which is dry and does not freeze in the cars or in the dock pockets. The natural ore has to be thawed before it can be handled in cold weather.

This year about 50 per cent of the ore that poured through the North Western's big dock at Escanaba was pelletized — processed from low grade ores to increase the iron content.

The North Western calls back its own men for work on the dock repair project and schedules the employment so they are not laid off through the winter. There are men from the enginehouse, the car and

track, and other departments called on for work on the dock repair job. Additional bridge men are also brought to Escanaba from Green Bay for employment on the project.

AIRMAN Gordon C. Poupore, son of Mr. and Mrs. Raymond J. Poupore, Rte. 1, Powers, has been selected for technical training at Amarilli AFB, Tex., as a U.S. Air Force aircraft maintenance specialist. He recently completed basic training at Lackland AFB, Tex. Airman Poupore, a 1965 graduate of Salvatorian Seminary High School in St. Nazianz, Wis., attended Bay de Noc Community College, Escanaba.

Soil District Meets Jan. 16

The annual meeting of the Delta Soil Conservation District will be held Monday, Jan. 16 at 8 p.m. in the Legion Hall at Perkins, announces Chairman Mel Taylor of Schaffer.

Three directors are to be elected at the business meeting as the terms of Taylor, Elmer Lepisto, Rock and Steve Pasodna, Garden, will expire.

In addition to the annual report, a pictorial review of Delta's 1966 soil and water conservation practices will be presented with colored slides by Irwin Ten Haken, soil conservationist of the U.S. Soil Conservation Service.

The annual meeting is for all members of the district and the general public. All are invited to attend and see a series of slides, "America The Beautiful," assembled by the Soil Conservation Service that show the beauty of rural America.

Other directors assisting with the meeting are Nap Sharkey, Perkins, and Albert Lippens, Rte. 1, Escanaba. The district will provide the lunch and prizes will be awarded.

Mrs. Victoria Woodhull, in 1872, was the first U. S. woman presidential candidate.

Never So Good

We have just been through the most prosperous year in the history of the United States. Production, personal income and profits all rose impressively.

And yet, at year's end, the stock market was 20 per cent below its high of early 1966.

Why? Economists say because the country's economy has been expanding so rapidly for so long that it ran into money trouble. It simply didn't have enough to pay for all the things it wanted to buy for still further expansion.

After five years of balanced, healthy growth, the nation's economy chalked up another year of gain, but it was attended by strain.

The achievements were large. Goods and services were increased, employment rose and the average family income rose again.

But we ran into money trouble. Consumer prices rose 3.6 per cent and industrial expansion created demands that couldn't be met without trouble. To keep the lid on, the government manipulated money to make borrowing the most costly at any time in 40 years.

The Johnson Administration rejected a tax hike to add another curb on the inflation, although many economists in and out of the government urged one to keep the economy on an even keel.

President Johnson didn't want to be turned down by Congress on a request for a tax increase in an election year. His choice of politics over a sound economy has been very costly, both to the nation and to him. His great loss of popularity has been usually attributed to the Vietnam War, but his refusal to brave a political storm and keep costs under control has cost him a huge amount of respect in the business community, and it was long on Mr. Johnson after the years of the Kennedy Administration and its anti-business bias.

The President criticized the Federal Reserve Board when it raised the interest rate on money which banks borrow from the Federal Reserve System from 4 to 4½ per cent to slow the inflation but the Fed still made money available and business was willing to pay a premium in higher interest. Loans to business jumped and a complex of financial troubles resulted.

The high-interest, tight money situation prompted investors to switch their funds to higher paying investments. Savings and loan associations got hit very hard as depositors withdrew more than a billion dollars in one month. The worst banking squeeze since the holiday of 1933 developed as the U.S. Treasury used the banks to finance more of the federal deficit. Banks sold off securities to raise money. Bond prices dropped and bond yields rose.

There is something of a consensus that the Johnson Administration missed the boat early last year when it didn't act; that the Federal Reserve System action wasn't enough to curb inflation.

Now President Johnson appears to be readying a request to Congress for more taxes, but there's a rather general fear that coming at a time when the economy is already putting on the brakes because of money shortage it may overdo restraint and cause a depression.

The political considerations which stalled timely action may be served by a request for taxes now, however, as the President could say that he asked for action and Congress declined.

Letters To The Press

"Contributions are welcome. They must be over 300 words and must be signed with name, address and phone number of writer and must be sent to the Editor. The right to condense letters is reserved."

BIBLICAL
"It did come to pass"
Apologies to St. Matthew & St. Luke.

And it came to pass in the 66th year of the 20th century, in the 4th year of the reign of George Romney, that a decree went out from Lansing that all nimrods should be taxed. This taxing was made in the year that Ralph MacMillan was tetrarch (sub-ruler) of the wild life domain of the State of Michigan. And it came to pass that a further decree went out from Lansing, that all nimrods who intended to kill, maim or destroy the female and the young of the Cervidae (white tail deer) must apply for the permit, before the 1st day of the 10th month of the 66th year of the 20th Century. And it came to pass that many thousands of the species homo sapiens did make application.

And it did come to pass that wise men from the field and the forest did come to Lansing, and to the office of the tetrarch, protesting that the species of the Cervidae already had been decimated and these pleaded that no further destruction be vented upon the white tails.

Then did the tetrarch become deeply concerned . . . and call a meeting of the soothsayers, and the brainwashed, who did advise the tetrarch not to heed the words of the wise men. Thus did it come to pass that hundreds of thousands of nimrods and nimrodesses took to the field and the forest in the 66th year of the 20th century in quest of the Cervidae.

And I did return to Wase Wase, on the Escanaba River, and did hang up my firearm, and I did make an oath that I would not be among the unnumbered host which was at that time infesting the field and the forest, with all the savage instincts of stone-age man aroused and on fire, a host gone forth to kill and perhaps to be killed.

And it did come to pass that on the 8th day of the 12th month of the year 66 of the 20th century, I did go forth to behold the desolation that the red clad and the yellow clad warriors had created in the field and the forest. And as I wandered about I did hear the trumpeting and the whistling and I did see the antlered cervidae, the husband of the female cervidae and the father of the slain fawns.

I did surmise that the antlered monarch was seeking his harem and the wilderness children which had been slain. Then was the prophecy fulfilled, "In Rama was a voice heard lamenting and weeping". And the antlered monarch did approach me with measured step, head bowed flag dragging. And it did come to pass that the monarch did stop a hundred paces from me, and then did I see that he was weeping. And I also did weep, because of the desolation that surrounded me, a landscape empty and desolate, except for the weeping king of the forest.

And I do testify unto every man who heareth the words of this letter, if any man shall add unto these things, or detract from these things, then shall he forfeit the hope of life eternal.

Karl J. Hammar

First '67 Fatality

DETROIT (AP)—Mrs. Mary Kay, 72, became Detroit's first traffic fatality of 1967 when she died Tuesday of injuries suffered Saturday in a car-pedestrian accident.

More people get more news from newspapers than from all other sources combined.

"We Can Reach Every City in the U. S. with This One!"

Can't Bargain Away Public Interest

Press Backs Right To Know

NEW YORK (AP)—The American Newspaper Publishers Association, in a report two years in the making, says it could not support any agreement "of control or restriction on the accurate reporting of criminal matters or anything which would impair such reporting."

The report was drawn up by a 12-man committee headed by D. Tennant Bryan, publisher of the Richmond (Va.) Times-Dispatch & News Leader.

"The people's right to know is one of our most fundamental rights, and neither the press nor the bar has the right to sit down and bargain it away," the report said.

"The committee does recommend that the press stand at any time ready to discuss these problems with any appropriate individuals or groups. Indeed, such positive action can be a far greater force for the cause of justice and the general welfare of the people than the negative force of restrictions on basic freedoms."

Basic Rights
"But there is no agreement on the part of the American press to dilute its responsibility or to circumvent the basic rights and provisions of the Constitution. To agree to any of these things would be a mockery of the guarantee made to the people of this republic by its Founding Fathers."

"The freedom of the press is a fundamental right and it cannot be abridged. The press shares with the bench, bar, and law enforcement officials the responsibility for preservation of the American liberties embodied in the First and Sixth Amendments."

The First Amendment to the Constitution guarantees a free press. The Sixth Amendment assures a free trial.

Warren Report
The study, spurred by the Warren Commission report on the assassination of President John F. Kennedy, was applauded by the Associated Press Managing Editors Association and Sigma Delta Chi, national journalistic society.

The Warren Commission report charged the American press with "irresponsibility and lack of self-discipline."

Since the study began, the question of fair trial reached a pinnacle last spring with the freeing of Samuel H. Sheppard because the U.S. Supreme Court found that "vulgar publicity" surrounded his first murder trial.

In throwing out the Cleveland osteopath's second-degree murder conviction, the Supreme Court said it is up to judges "to take such steps by rule and regulation that will protect processes from prejudicial outside interferences."

Legal Curb
Immunization of juries from prejudicial news accounts speeded up last October when an American Bar Association study group recommended that in pending criminal cases police, prosecutors and defense attorneys be barred from making public "potentially prejudicial information."

Since then, judges and police officers have been issuing new rules telling the press what crime information news media will be permitted to have and what procedures must be followed in news reports of arrests and trials.

The ANPA study called the

Warren Commission charge not on fact.

3. To fulfill its function, a free press requires not only freedom to print without prior restraint but also free and uninhibited access to information that should be public.

4. There are grave inherent dangers to the public in the restriction or censorship at the source of news, among them, secret arrest and ultimately secret trial.

5. The press is a positive influence in assuring fair trial.

6. The press has a responsibility to allay public fears and dispel rumors by the disclosure of fact.

No Compromise
7. No rare and isolated case should serve as cause for censorship and violation of constitutional guarantees.

8. Rules of court and other orders which restrict the release of information by law enforcement officers are an unwarranted judicial invasion of the executive branch of government.

9. There can be no codes or covenants which compromise the principles of the Constitution.

10. The people's right to a free press, which inherently embodies the right of the people to know, is one of our most fundamental rights and neither the press nor the bar has the right to sit down and bargain it away.

Cusco, or Cuzco, Peru, served as the capital of the Inco empire.

Opening lead—♠ Q

An expert playing at his worst doesn't have to make a glaring mistake. Sometimes he will make a mistake so small that it might not be noticed.

South's five club contract was a good one. He and his partner held a total of 22 high card points between them so it also represented very strong bidding.

Dummy's ace won the first spade trick and South led a diamond to his queen. West won with the ace and played jack and another spade. South discarded a diamond from dummy and ruffed with his three spot.

Then South led his king of clubs. East showed out. South continued by leading his five of clubs toward dummy. West played the six and dummy's seven held the trick. South

played dummy's king of diamonds, ruffed another diamond with his queen of clubs. He finessed dummy's 10 of clubs, pulled West's jack of trumps and made the rest of the tricks with dummy's diamonds and his ace of hearts.

Where were the mistakes? West should have beaten the hand by playing his eight of clubs instead of the six spot. This would have forced dummy's 10. Later when South led the nine of clubs West would have played the six. South could let the nine ride but in that case he would be stuck in his own hand, with no way to pull West's last trump and run the diamonds.

So West had made a serious mistake but he wasn't the only expert who went wrong. South could have made the contract had he ruffed the third spade with his nine of clubs. Then he would have been able to finesse against West's clubs and win in dummy each time irrespective of the order in which West played his jack, eight, six and four.

A—Bid five spades. Your partner has asked you about ace and this response shows three aces.

TODAY'S QUESTION
You bid five spades and your partner bids five no-trump. What do you do now?

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press 25 Years Ago

Civilian defense activities in Delta county were described to the Escanaba Lions Club at their regular meeting by Attorney William J. Miller, vice-chairman of the Delta county defense council.

The general public of Escanaba was invited to attend and get first-hand knowledge of the activities of the road commission at an open house held by the Delta county road commission. Moving pictures were shown, refreshments were served, and prizes were awarded to lucky visitors.

50 Years Ago
According to statements published at the close of the last year, the deposits in the three banks of Escanaba totaled \$3,434,234.76, which was an increase of \$351,598 over the deposits of last year, 1915. The increase reflects eminently healthy business conditions that prevail in the city.

Statistics compiled by City Clerk Carl Anderson show that the stock was very consistent in the city of Escanaba during the last two years. In both years, the number of babies born was identical, totalling 372 each year. The total number of deaths, however, was quite different, he added.

BARBS

Ann Landers

Give Each According To Individual Need

Dear Ann Landers: I was 84 on October 3rd. I have 13 living children, eight daughters and five sons, all married. They have blessed me with 39 grandchildren. No devils, no angels, just grandchildren.

We had a large home and it was reasonably harmonious most of the time, but with 13 children you can guess we had a variety of folks passing through. At times there were heated arguments about religion. Our children went with Mormons, Jews, Catholics, Jehovah's Witnesses, Buddhists and others. (Some married into these faiths.) One day when an argument about religion was in full swing, I took the group out to the front porch. I asked them to look at the wall just inside the door. "What is on the wall?" they asked.

"Hooks," I replied.

"We don't see any hooks," they said.

"They are invisible," I explained. "And they are there for a purpose. Everyone who walks into this house must hang his religion on a hook when he enters, and take it with him when he leaves."

There hasn't been an argument about religion in our house since that day. And the folks present must have passed the word to others because those hooks have been in constant use ever since.—DAD M. OF SEATTLE

Dear Dad: What a perfect solution to a thorny problem! I'll bet that on this very day thousands of invisible hooks are going up in 675 cities!

Dear Ann Landers: I liked your answer to the mother who was having trouble with her middle child. She felt she should treat all her children alike to avoid favoritism. You told her that each child should be dealt with according to his needs.

My psychology teacher believed as you do, and I will always remember the example she used. Here it is:

A certain mother thought she was being fair to her children by treating them all alike. One day she gave each of her three children exactly the same sized piece of chocolate cake — to avoid "favoritism."

The oldest child didn't care very much for sweets, but he ate the chocolate cake and said it was O.K. The second child was crazy about chocolate cake and asked for more—but his

mother refused, saying, "No you all get the same." The third child hated chocolate cake and left his piece on the plate untouched.

If that mother had been wise she would have recognized the special needs of her children and dealt with them accordingly instead of treating them all alike. Please print this letter if you think it has merit.—GOOD MEMORY

Dear Good Memory: Love and affection, like chocolate cake, should be given not only to children but to adults according to the individual's special needs. Some people crave more tender, loving care than others. They wither without it. It is well worth the additional effort to make these insecure people feel loved and wanted.

Confidential to Glad I Did It: You must brush your teeth with gun powder, the way you shoot your mouth off. There can be no justification for what you said and I trust you won't be surprised if you never hear from her again.

Is alcoholism a disease? How can the alcoholic be treated? Is there a cure? Read the booklet "Alcoholism—Hope and Help," by Ann Landers. Enclose 35c in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped self-addressed envelope.

'Societyitis' Is Spreading

By The Associated Press
There's Lyndon B. Johnson's "Great Society."

Nelson A. Rockefeller opened his third term as governor of New York with a call for a "Just Society."

Ronald Reagan took office as governor of California with a plan for a "Creative Society."

George Romney started his third term as governor of Michigan without, so far, any society of his own. But he put in a plug for something which could develop into one:

"A new Generation of Progress."

Canada 'Baby Bonus' Is \$608 Million Plum

OTTAWA (AP) — Canadians will pocket about \$608 million in tax-free government payments this fiscal year, just for having families.

The payments are made under Canada's family allowance and youth allowance programs. Many people lump them as the "baby bonus." Some Americans have suggested a similar U.S. plan as part of antipoverty planning.

The payoff to parents is a substantial slice of Canadian government costs. For comparison: Total expenditures by the De-

partment of National Defense for the same year ending next March 31 are estimated at \$1.57 billion.

Aimed at equalizing opportunities for children, the family allowance law went into effect in 1945, when Canada's population was about 12 million. The postwar baby crop and immigration have pushed the population to 20 million, making the allowance one of the main planks in Canada's social welfare structure.

At the start, the program provided payments of \$5 a month for each child from birth to age 5, \$6 up to the 10th birthday, \$7 to the 13th and \$8 to the 16th.

This was changed in 1957 to \$6 a month from birth to the 10th birthday and \$8 from there to the 16th.

A sliding scale that reduced payments for fifth and successive children in any one family, written into the original law, was removed in 1949.

A government official said the thinking behind this scale was that a larger family could cut the clothing bill by using hand-me-downs. This didn't hold true in practice, he said, "and you don't hand down food, either."

So present regulations contain no riders about the size of any individual family.

The youth allowance program was enacted in 1964. It provides \$10 a month for any boy or girl 16 or 17 who still attends school.

Family and youth allowance payments are not counted as income for tax purposes. The family breadwinner is given a deduction of \$350 a year for each dependent child under 16. The deduction jumps to \$350 after that, even though the child qualifies for youth allowance.

Fire Death Toll Is 12,100 In '66

BOSTON (AP) — Fire caused approximately 12,100 deaths and some \$1.8 billion in property loss during 1966, preliminary figures by the National Fire Protection Association showed today.

The estimated death toll was up some 100 over the 1965 total and apparently equalled the record high of 12,100 set in 1954, the NFPA said.

Should the property loss total be final, the NFPA said, it will be an all-time high. The previous record of \$1.78 billion was recorded in 1963.

The fire victims included about 2,100 children, the NFPA reported.

Price Of Food Still On Rise

By SALLY RYAN

NEW YORK (AP) — Food prices are headed up again this year but not as fast as in 1966. And there may be some relief in store for consumers.

Wholesale food prices currently are 3.3 per cent lower than they were a year ago. That is because of a big drop in a number of items such as bacon.

Here is how the Department of Agriculture sizes things up for 1967: beef, lamb and dairy product prices up; pork, chicken and eggs down, and turkey much lower.

As for fruits and vegetables, they may be up to the whims of the weatherman. Bad weather last year cut crops.

The weather can have other effects, too. Heavy snows at the end of 1966 cut the number of hogs moving to market in the Midwest.

This week live hog prices tumbled as farmers sent to market the largest supply of hogs since October 1964.

Beef cuts are featured in many areas.

Egg prices have dropped again. Production the first half of 1967 is expected to be up as much as 5 per cent from a year ago, with prices down.

Broiler production is expected to be up 5 to 10 per cent and turkeys 5 per cent.

Red meat production, however, may be down.

You won't be able to escape higher prices by going out to dinner. A national drive-in restaurant chain which has sold its hamburgers for 15 cents since the company started in 1964 has raised the price to 18 cents.

Americans Tell Of Ordeal As Cong Prisoners

LONG BINH, South Vietnam (AP) — Two American civilians said today that during seven months as prisoners of the Viet Cong they got bad food but were not mistreated, sang songs for the Communists, were given a Christmas party and were almost killed by an American air raid.

"The Viet Cong were impressed by our cheerful attitude," said Thomas R. Scates, 44, of Matamoras, Pa. "We sang and whistled all the time. They asked us to sing and we sang 'Jingle Bells' and 'My Wild Irish Rose.' We're both lousy singers, but the Viet Cong seemed to like it."

Scates and Robert W. Monahan, 41, of Bellport, Long Island, were captured May 27 on a road near Vung Tau, 40 miles southeast of Saigon, where they were employed as supervisors for Pacific Architects and Engineers, an American firm working in South Vietnam under military contract.

They appeared before a large group of newsmen at a U. S. hospital to which they were brought following their release Wednesday near Xuan Loc, 40 miles northeast of Saigon.

Since their capture May 28, Scates had lost 55 pounds and

now weighs 122. Monahan lost 75 pounds and now weighs 141. But except for malnutrition, they were pronounced in fair condition by Army doctors.

Wearing blue Army hospital pajamas, the pair said the Viet Cong told them they were released because they finally had shown repentance.

"We don't know what we repented for," said Scates. "They told us if we didn't repent we would spend five years in prison."

Scates, who is married and has one child, told of their capture. He said their vehicle broke down about 4 p.m. and they were suddenly "surrounded by about 10 Viet Cong armed with pistols, rifles and grease guns (a light automatic weapon)."

Scates said one of the Communists held a pistol to his forehead and another held a gun at the back of Monahan's head. He said they were blindfolded and bound and taken to the first of several different prisoner camps.

Constantly Guarded

"For the first 14 days," Scates said, "we were tied with cables around our feet. But after that we were not bound or handcuffed. We were constantly guarded by at least two armed guards."

Then came the air strike. They threw themselves on the ground, he said, but their guards made them get up and run into an air raid shelter.

"The shelter was a hole in the ground covered with timbers," Scates said.

Scates said the ground around them shook and they thought they would be killed in the air raid.

Little Villages To Get Doctor

FAIRGROVE (AP)—Because Reese lost his medical doctor two years ago, Fairgrove is going to get one next Tuesday.

The two villages are 10 miles apart, just below Saginaw Bay which juts in from Lake Huron to give Michigan's Lower Peninsula its mitten look. Reese has 71 residents and is 10 miles east of Fairgrove, where 600 persons live.

Reese broke into the news nationally in 1965 when its Jaycee chapter began an unsuccessful campaign to get the village's Dr. George J. Gugino exempted from a reserve call-up by the armed services.

Dr. Maurice Edward Hunt, formerly of Wayne, Mich., and then practicing in Tucson, Ariz., read about Reese's plight and volunteered to replace Dr. Gugino during the latter's absence.

Meanwhile, Fairgrove, without a doctor since 1965, built itself a clinic two years ago in hopes of attracting one. But no one came.

Wednesday, however, Dr. Hunt, 49, said he would take over the Fairgrove Medical Care Center next Tuesday and divide his time between the two villages until Dr. Gugino returns in July, after which Fairgrove will get all of his attention.

Teachers Plan Chicago Strike

CHICAGO (AP) — A strike by about 650 teachers at eight Chicago junior colleges was postponed late Wednesday night, but another walkout by elementary and high school teachers here appeared to be gaining momentum.

Norman G. Swenson, president of Local 1800 of the Cook County Teachers Union, announced the junior college strike, set to begin today, would be delayed at least one day.

Swenson said he received assurances from the Chicago Junior College Board that an increased wage-hike proposal would be made at a negotiating session today.

Members of the local had been preparing for the walkout in defiance of a court injunction issued during an earlier three-day boycott Nov. 30.

"As far as we're concerned the injunction has no meaning," a local spokesman said. "The right to strike is the inherent right of every employee in the United States."

Killed In Vietnam

WASHINGTON (AP) — The Pentagon Wednesday identified two Michigan men killed in action in Vietnam. They were Army Pfc. Joe D. Johnson Jr., son of Mr. and Mrs. Joe D. Johnson of Ecorse, and Marine Pfc. George J. Scanlan, son of Mr. and Mrs. Harold J. Scanlan of Detroit.

157,000 No-Voters

DETROIT (AP) — City Clerk Thomas D. Leadbetter said Wednesday that some 157,000 registered Detroit voters have been mailed notice of suspension cards because they have not voted in two years.

Mrs. Richard Hubert (Gordon Nelson Photo)

Donna Anderson Bride Of Richard L. Hubert

Miss Donna Jean Anderson of Gladstone became the bride of Richard Lee Hubert of Escanaba, presently serving with the U.S. Navy out of San Francisco during a ceremony performed Monday, Dec. 26 at St. Anne's Church in Escanaba.

The Rev. Stephen L. Mayrand heard the solemn exchange of vows during the double ring ceremony at 11 a.m.

Parents of the couple are Mr. and Mrs. Anders Anderson of 1605 Minneapolis Ave., Gladstone and Mr. and Mrs. Wallace Hubert of 331 N. 20th St., Escanaba.

Serving as maid of honor was Miss Judy Bellefeuil of Wilson and bridesmaid was Mrs. Delores Brazeau of Gladstone, sister of the bride.

Emerald Velvet
They were attired in floor length sheaths of emerald green velvet with contrasting satin bows accenting the empire waists. Their headpieces were velvet bows centered with white fur balls and they secured short veils. Their bouquets were of peppermint carnations and sprays of holly with red velvet streamers accented by miniature fur balls.

White Satin
The bride selected for her wedding a floor length sheath gown of white satin with brocade and bead insets on the cummerbund and skirt. It was designed with a modified scoop neckline, long sleeves and a chapel train caught at the waist by a satin bow. Her bouffant veil was secured by a single white satin cabbage rose. She carried a bouquet of red roses accented with sprays of holly.

Best man for his brother was Thomas Hubert of Escanaba and groomsmen were John Seppanen of Escanaba, a brother-in-law of the bridegroom. Performing ushering duties were Robert Hermans and Ralph DeCaire of Escanaba.

In the role of flower girl was little Connie Hermans of Escanaba, a niece of the bridegroom and she was dressed identically to the attendants. Clifford Brazeau of Gladstone, a nephew of the bride, was the ringbearer.

The wedding reception for 200 guests was held from 4 until 8 p. m. at the Sherman Hotel.

Mothers' Attire
For attending the wedding and reception the mother of the bride wore a two piece kelly green suit with black accessories and was presented a corsage of green tinted orchids. Mrs. Hubert wore a light brown three piece suit with a pink fur piece and brown accessories and she also pinned a green tinted orchid.

The grandmother of the bridegroom also attended the wedding and was presented an orchid corsage. Both young people are graduates of Escanaba High School and the bride attended Northern Michigan University and Bay de Noc Community College. She is presently employed at the Mead Corp. Mr. Hubert is presently serving aboard the USS Walke out of San Francisco, Calif. The bride will reside with her parents while her husband is on duty with the Navy.

Out of town guests included Mr. and Mrs. Sydney Giovenco of North Park, Ill., Mr. and Mrs. Roger Hessling, Random Lake, Wis., Mr. and Mrs. Ed Gouin, Milwaukee, Wis., Hubert Fricke of DePere, Wis., Mr. and Mrs. William Hendon of Calumet City, Ill. and Mr. and Mrs. R. John Seppanen of Oak Park, Ill.

No Football Fan
NASHVILLE, Tenn. (AP) — Mrs. J. G. T. Sneyd ran a newspaper advertisement recently which read: "Husband and TV set. Cheap for quick sale." She said she had become fed up with both after the rash of television football games at the start of the year.

Garden Peninsula

Pvt. James B. Tatrow, son of Mr. and Mrs. Bonard Tatrow, left Jan. 4 for Fort Carson, Colo., after spending a 7 day leave in Garden.

Mr. and Mrs. William Shesterkin and sons of Detroit and Dennis Shesterkin of Minnesota spent the Christmas holidays with their parents, Mr. and Mrs. Alec Shesterkin.

Mr. and Mrs. William Swaer visited relatives and friends in Appleton, Green Bay, Oconto and Lena, Wis.

Mr. and Mrs. Joe Hardy of Green Bay, Wis., are the parents of a son born Dec. 22 on his grandfather's (Leo Dalgord) birthday. The child has been named Bart Charles.

Mr. and Mrs. Mike DeVet visited in Marinette, Wis., with Mr. and Mrs. James Cashin. The Gerald Bouchard family returned from Athens, Tenn., where they visited Mrs. Bouchard's family.

Mr. and Mrs. Fred Lang of Alpena spent Christmas with Mr. and Mrs. Harold Sterns. Mrs. John Lang accompanied them to Alpena and will go to San Diego, Calif. with Mr. and Mrs. Clarence Pizzala of Pontiac to visit her brother and wife, Mr. and Mrs. John Chaffee.

Jim Thill of Jackson, Mich., spent Christmas with his family, Mr. and Mrs. William Thill of Fayette. Mr. and Mrs. Jack Lewandowski and son, John, visited over Christmas in Saginaw.

Jude Collins and Gerard Collins returned to Detroit after spending the holiday with Mrs. Gerard Collins and Mrs. Jennie Collins.

Mr. and Mrs. Amie Rochefort left for Detroit to spend several months with their daughters.

Mr. and Mrs. Don Greene of Clauston, Michigan, returned home Jan. 2 after visiting Mr. and Mrs. John St. Ours of Fayette and Mrs. Anna Greene of Garden.

Mr. and Mrs. Richard Boudreau and Michele of Texas, Mr. and Mrs. Robert Boudreau and family of Milwaukee, Wis., and Miss Kathleen Boudreau of Texas spent the holidays with their parents, Mr. and Mrs. Roland Boudreau.

Richard Barbeau and the Butch Barbeau family of Martinez, Calif., are here to see Gordon Barbeau who is a patient in Schoolcraft Memorial Hospital.

Mrs. Evelyn Dalgord returned to Chicago after spending the holidays with Mr. and Mrs. Leonard Spaulding and Mr. and Mrs. Harley Dalgord.

Mrs. Sid Lucas and Rodney Lucas returned home Jan. 3 after spending New Years with Mr. and Mrs. Marshal Patz.

Rapid River

Home Game

Rapid River basketball teams will play a home game with Garden Tuesday, Jan. 10 at Rapid River's gymnasium.

Men's Club

Men's Club of Rapid River Congregational Church will

By HELOISE CRUSE

Dear Heloise:

No matter what brand of boxed pancake or waffle mix I use, they just aren't like grandmother's. Mine are always tough, gummy and thin.

Come on, Heloise. I'm sure you've got that secret, too. Lewis Green

Dear Mr. Green:

ANYTIME a recipe says "and add one or two eggs," always SEPARATE the whites from the yolks and beat the yolks into the mixture along with all the other ingredients.

Then beat the whites until stiff but not dry, and fold them into the dough. (That means dump 'em on top and lift up the batter with your mixing spoon and keep putting it on top of the whites, mixing gently until all is well blended.)

Your pancakes and waffles will be twice as light, twice as high and not gummy.

It costs no more. Just takes about one minute of your time. That's all.

And what's a minute when you can have good, light, crispy, nongooey waffles and pancakes? Try it. You will love it. Heloise

LETTER OF LAUGHTER

Dear Heloise:

Thank heaven for doors on bedrooms... especially if the room belongs to a teen-ager! If necessary, you can just close it and hide the mess. I find that what I don't see, doesn't bother me nearly as much...

Teen - ager's Mom

Dear Heloise:

My little boy is always getting holes in the elbows of his long - sleeve shirts.

I mend the elbows with material cut from the bottomside of the facing. Then I turn under the cut, raw edge of the facing and blind - stitch in place.

No one can tell that you cut the facing, and the material matches the elbow rip.

Mrs. John Higgins

Dear Heloise:

If your hair is short (or too thin), and you have no way to anchor your hat:

Roll a strand of hair on a brush-type curler and pin it as usual. Then put on your hat so the roller is inside at the top of your hat.

Pin the hat through the roller with two short hat pins.

The hat is anchored to the roller and the roller doesn't even show.

Cornell

Anniversary

A Golden Anniversary party for Rev. and Mrs. Karl Hammar was held at the Cornell Methodist Church recently. Program for the occasion consisted of readings by Nina Wolfe, Mrs. Monroe Harrison and Mrs. Al Dahl Jr. A Swedish song was sung by Mrs. Alfred Anderson and Mrs. Mary Harrison, who are both over 80. Vocal duets were sung by LuAnn Carlson and Patti Dahl, and Melissa and Calvin Rose.

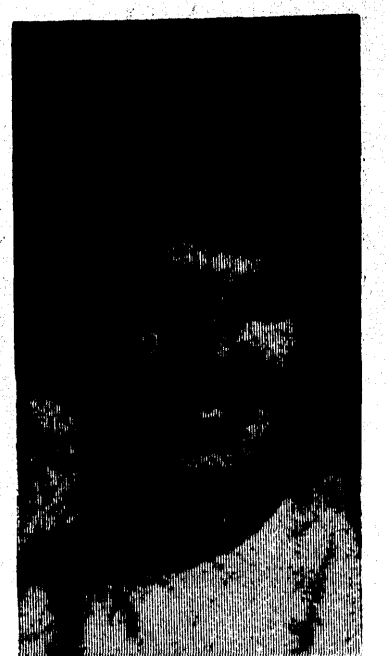

A centerpiece of gold mums and tall tapers adorned the buffet table which also held the anniversary cake made by Mrs. Monroe Harrison. Mrs. Hammar was presented with a corsage and both received many gifts. Ladies of the church served lunch with Mrs. Alfred Dahl Sr., presiding at the silver service. Rev. Hammar served the Cornell Methodist church for over 30 years.

Birthday Party

Little Shelly Dahl, daughter of Mr. and Mrs. Robert Dahl celebrated her second birthday on Tuesday evening at her home. Her cake was made in the shape of a white duck. Friends and relatives attending were her grandparents, Mr. and Mrs. Ward Brintner of Escanaba and Mr. and Mrs. Alfred Dahl of Cornell, Mr. and Mrs. Dale Brintner, Mrs. Alfred Dahl Jr., and Mary Jo, Karen, and Patti Dahl, Mike Brintner and her mother, Mrs. Robert Dahl and Bobby. Shelly received many lovely gifts.

Mr. and Mrs. Carl Frans have returned home after vacationing for the past six weeks in Detroit and Boston, Mass.

Mr. and Mrs. Alfred Dahl

MR. AND MRS. Edward Meyer of 1820 10th Ave. S., Escanaba announce the engagement of their daughter, Sharon, to Vernon Ford, son of Mr. and Mrs. Clayton Ford of Cornell. The bride-elect is a graduate of Holy Name High School and is presently employed in the office of Doctors Fitch and Hockstad. Her fiancé, a graduate of Escanaba Area High School, is employed with the NCR Co. of Escanaba. The wedding date has been set for April 1.

Germfask

Mr. and Mrs. Patrick Quick and daughter of Grand Rapids spent the holidays visiting at the home of Mr. and Mrs. Fred Quick.

Sr. have left for Englewood, Fla. where they will spend the winter months. Mr. Dahl recently retired after 40 years as rural mail carrier.

James Casler Is Appointed To Ship School

Congressman Raymond F. Cleveland (D-Sault Ste. Marie) has nominated James B. Casler III, 17, for entrance into the U. S. Merchant Marine Academy, Kings Point Long Island, New York. Cleveland also designated Casler as a third alternate appointee to the U. S. Military Academy at West Point, N. Y.

Casler lives with his parents in McLean, Virginia and is a senior in McLean High School. His mother, Mrs. Rose Loomis Casler, is a former resident of Gladstone and was a WDBC employee.

Briefly Told

Evangelical Covenant Church will hold a cottage prayer service in observance of universal "week or prayer" at the Harold Nelson home, 1116 Michigan Ave., at 7:30 p.m. today.

State Police issued traffic summonses Wednesday to Frank Rivers, Rte. 1, Gladstone, improper parking; Gregory Kozak, Rte. 1, Escanaba, expired registration plates; Madrick LaBelle, Rte. 1, Gladstone, no operator's license, and James Spricks, Rapid River, speeding.

Ship Builder Buys Cincy Roofing Co.

LORAIN, Ohio (AP) — The American Ship Building Co. announced Wednesday its purchase of all stock of the Cincinnati Sheet Metal & Roofing Co. at a cost of more than \$3 million.

American operates three shipyards on the Great Lakes, an auto transport, a commercial trailer manufacturing plant, a jet fireboat production facility and produces a biological sewage treatment system, a line of bow thruster and active rudder devices.

The Cincinnati firm makes a full line of metal roofing, gutters, spouting, aluminum siding and furnace fittings as well as designing and marketing forming machinery. Gross annual revenues exceed \$8 million, American said.

Rapid River

Community Tree
Rapid River had a community Christmas tree this year, the first in many years. The tree was donated by Harry Buckman and was placed near the Rapid River Gift Shop on US-2 and Main St.

Mr. and Mrs. Bert Wickham of Rapid River traveled to their daughter Nancy's home, Mr. and Mrs. Vince Carissimi of Utica, for the Christmas holiday. Joining the family celebration at the Carissimi home were their son and family, Mr. and Mrs. Albert Wickham of Rochester and daughter and son, Martha and Bill Wickham of Rapid River. Christmas night, daughter Mary, Mrs. Don Verdon, telephoned from Japan to wish the family a Merry Christmas. Before returning to Rapid River, the Wickhams visited at their son Albert's home in Rochester.

Holiday visitors at the Robert Dutton home in Rapid River were Mrs. Dutton's sister, Mrs. Clayton Schmidt and children, Maralee and Wendy of Grand Rapids. Deanna Dutton of Grand Rapids was home with her family for Christmas. Mr. and Mrs. Richard Dutton of Rapid River traveled to Grand Rapids after Christmas for a visit with Deanna Dutton and Linda and Lois Greenlund of Grand Rapids.

The Ronald Sundberg family of Rapid River celebrated Christmas Eve at the home of Mr. and Mrs. Bailey Lyons of Flat Rock. Also attending the Christmas Eve celebration were Ronald's parents, Mr. and Mrs. Andrew Sundberg of Ensign. Christmas Day was a family affair spent with Mrs. Sundberg's parents, Mr. and Mrs. Graham Widdis at Thunder Bay. Home for the holidays were son, Mike Larrabee, sophomore at Michigan Tech, and Pat Larrabee, freshman at Northern.

Mr. and Mrs. George S. Anderson and sons, George, Greg and Jerry, spent Christmas vacation in Fort Lauderdale, Fla. The Andersons left Rapid River, Dec. 22, traveling to Battle Creek where Mrs. Anderson's parents, Mr. and Mrs. Jack Sharkey, joined them for the Florida vacation.

Mary Anderson, daughter of Mr. and Mrs. George Anderson of Rapid River returned to her studies at Northern University, Marquette, Monday after a holiday stay with her parents.

Mr. and Mrs. Pete Adams and daughters, Patty and Doty, of Rapid River celebrated the New Year holiday with their parents, Mr. and Mrs. Wyman Adams of Atlanta, Mich.

Spending the Christmas holiday with the Charles Doonan family of Rapid River were newlyweds, Mr. and Mrs. Steven Olson of Grayling. Mrs. Olson is the former Helen Doonan.

Bob Bezi, a junior at Central Michigan University, Mt. Pleasant, returned Jan. 4 to Central's campus after a two-

week holiday with his parents, Mr. and Mrs. Robert Bezi of Rapid River.

Mr. and Mrs. Myron Whipple's son, Bob, was home for the holidays. Bob is a sophomore student at University of Michigan, Ann Arbor.

Mr. and Mrs. Walter Peters celebrated the Christmas holidays with their three children at their Rapid River home. Pete was home from the University of Michigan, Miami from Milwaukee and daughter, Jackie, Mrs. Robert Trudell, is making her home with her parents while her husband serves in Viet Nam.

Holiday guests at the Kurt Soderberg home in Rapid River were Mrs. Soderberg's sisters and families, Margaret Oberg of Detroit and Mr. and Mrs. Raymond Tardiff of St. Ignace. Margaret Oberg and the Tardiffs also visited at the homes of their mother, Mrs. Dan Oberg of Rapid River and brother, Mr. and Mrs. Robert Oberg of Rapid River. The Tardiffs also spent time with their nephew, Dr. and Mrs. Ray Godmer of Gladstone. Margaret Soderberg, daughter of Mr. and Mrs. Kurt Soderberg was at home from the University of Michigan.

Barbara Oberg, sophomore student at Carthage College, Kenosha, Wis., spent the holidays with her parents, Mr. and Mrs. Robert Oberg of Rapid River.

Mr. and Mrs. P. A. Peterson returned to their Rapid River home after a Christmas holiday trip to Indianapolis and Chicago. Visits were made with their daughter, Linnea and family, Mr. and Mrs. Hale Swigart in Indianapolis and son, Perry in Chicago.

On Christmas leave from the U. S. Army was Pfc. Charles Bowen, Jr., son of Mr. and Mrs. Charles Bowen of Rapid River. The Bowen family spent the holidays visiting friends and relatives in Detroit and Muskegon. Private Bowen returned New Year's Day to Fort Lee, Richmond, Va.

Guests at the Charles Bowen home in Rapid River are John King and Harold Menzie of Muskegon. King and Menzie are rabbit hunting in the Ensign, Nahma areas.

Rapid River Schools will resume classes Monday, Jan. 9.

4-H Club
Rapid River 4-H Club will meet Monday, Jan. 9, 7 p. m. in the multi-purpose room of the Bay De Noc Elementary School.

Prisoner Count Rises In 1966

Prisoner count at the Delta County jail climbed upward again in 1966 after reaching an all-time low in 1965, according to the annual report by Sheriff C. A. (Cully) Johnson released today.

Delta County lodged a total of 407 prisoners for varying lengths of time in 1966, a gain of 46 from the low figure of 361 in 1965. Number of prisoners, however, was still below that of 1964 when 448 were held and in 1963 when the total hit 481.

Total meals served to prisoners last year were 6,124, compared to 4,987 in 1965.

Based on three meals per day per prisoner, average jail term was about five days. Johnson pointed out, however, that stays in jail ranged from overnight bookings up to 90 days.

As indicated by the increase in prisoners, fingerprinting by the Sheriff's staff also rose from 106 in 1965 to 135 last year. The figure includes prints taken from civil service, gun registration, liquor licenses and felonies.

The Sheriff's Dept. received some 969 complaints during the year, including some 683 on dogs and cats. A total of 714 dogs and cats were destroyed, either by the dog warden or by the kennel attendant.

Fees totaling \$1,183.80 were collected for various department services, compared with \$1,006.95 in 1965.

In other activity, Johnson reported making 13 boat livery inspections and certifying 90 boats, making 59 arrests, registering 74 guns, taking 21 patients to Newberry State Hospital, four to the Veteran's Administration Hospital at Tomah, Wis., and transferring two prisoners to Marquette State Prison.

Bank To Vote On New Name

Stack Smith, president of the Escanaba National Bank, announced today that the stockholders of the bank would be asked to vote at the annual meeting on Tuesday, Jan. 17, on a new name for the bank. It will be proposed to stockholders that it be renamed the "Northern Michigan National Bank" or Northern National for short.

Smith stated that the bank directors and management had been thinking of a name change for several years and the proposed acquisition of the Bank River State Bank had brought matters to a head. "With three branches here in Delta County, we felt that a name with more area representation was needed," he said.

The Escanaba National bank was organized in 1892 as the Bank of Escanaba and in 1906 the name was changed to the Escanaba National Bank. Smith stated further, "On the eve of our 75th year we thank all the good people of Delta County and surrounding communities for their support and pledge our continued effort to give them the best possible banking service."

Job Corps Has 1,000th Grad

BATTLE CREEK (AP) — A 22-year-old Cleveland, Ohio, man who served a three-year tour in the Army is the Custer Job Corps Center's 1,000th graduate. He is Osborne Ward. The center began work 18 months ago.

Ward, who has been at the center since last summer, also has a job waiting for him with an automobile agency in Boston, Mass.

After completing the 10th grade, Ward enlisted in the Army. Now he has passed a general education development test which is equivalent to a complete high school education.

One of the Upper Peninsula's most successful high school basketball coaches of all time is Bruce Warren of Trout Creek. Warren has guided his Anglers to 233 victories against 91 defeats in his illustrious prep coaching career which is now in its 16th year. Trout Creek is currently 5-0 and has won 28 regular season games since early in the 1965 campaign.

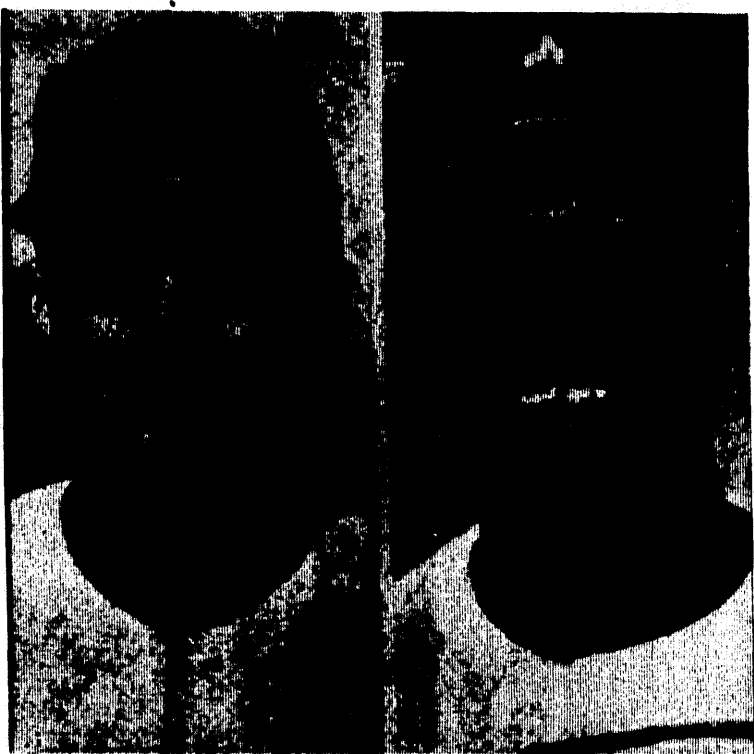

A crew of Munising bowlers set an all time city record recently when they rang up a 1110 game. Members of the First National Bank team and their individual scores in the record total were Joe Schroeder with a 251, Stowe LaFave with 234, William Shaffstall with 226, Mike Bouth with 211 and Lawrence O'Boyle with 188.

The Marquette Iron Rangers handed the United States Hockey League leading Green Bay Bobcats a 6-4 setback in their last start. It was the first setback on their home ice this season for the Green Bay skaters who have an 8-4-1 record atop the league standings. The Rangers are at home this weekend, hosting Waterloo Saturday and Sunday.

Charlie Polich, veteran Caspian maple mauler, finally slipped in the Northeastern Bowling championships which are staged at the Bay Bowl in Green Bay for television audiences in this region. Polich had put together five straight victories before being nipped by Lyle Stellmacher of Ripon last weekend, 577 pins to 572.

Ironwood, annual powerhouse in Upper Peninsula prep skiing circles, should be tough again this season as Coach Theron Peterson works out with a squad of 19 girls and boys. The Red Devils won the Upper Peninsula regional championship last season and the Boys' team captured the Northern League crown. First action slated this season is the USSA Central event at Mont Ripley in Houghton this weekend.

Rudy Gafner, whose 181 average shares the Bowlamara American League lead with Lyle Smith, dropped a few pins last evening but came up with a rare 170 triplicate.

Jim Landis

Lee Maye

Teams Switch Vet Fielders

HOUSTON, Tex. (AP) — Outbalance our attack with the right-hand hitting of Landis, who also is a great defensive fielder," Hatton said. Maye had his best campaign in the big leagues in 1964 when he batted .304 and knocked in 74 runs. Landis played in 88 games last season at Cleveland, most of them as a late-inning defensive replacement. He batted only 222 with three home runs. His best season was 1961 when he batted .283 and drove in 85 runs for the White Sox.

Cleveland acquired catcher Ken Reiter, who was with the Astros' Oklahoma City farm club last year.

Landis, 32, has a 10-year batting average of .247 for 10 seasons with the Chicago White Sox, Kansas City Athletics and Cleveland.

Maye, also 32, hit .288 with Houston last year. Maye, also a popular recording artist, came to Houston May 23, 1965 from Milwaukee in a deal that sent Astro pitcher Ken Johnson to the Braves.

The trade was the second in a week by the Astros. Last Saturday Houston traded outfielder Dave Nicholson and pitcher Bob Bruce to the Atlanta Braves for veteran third baseman Eddie Mathews and pitcher Arnie Unbach.

Houston Manager Grady Hatton said the Mathews trade was indirectly responsible for the Maye-Landis deal.

"With Mathews a left-hander, we felt it necessary to better

Detroit Quint Gets Sixth Win For U.P. Coach

WARREN (AP) — Detroit College of Business won its fifth basketball game in a row Wednesday night, downing Detroit Institute of Technology 83-70.

Detroit College of Business has a 6-2 record. DIT is 2-8.

Coach of the Detroit College of Business team is Tommy Villeneuve, former Newberry High School, Soo Tech and University of Detroit basketball star.

Prep Cage Action Resumes; Perfect List Is Now Seven

Seven Upper Peninsula high school basketball teams will carry perfect records as action resumes on a full scale Friday night following the holiday layoff.

Trenary, this year's winningest team, extended its victory string to eight with a narrow decision over Cooks in a Central League game earlier this week.

The other quints who carry unblemished records into the post-holiday portion of the season are Newberry in Class B, Houghton, Wakefield and L'Anse in Class C, Trout Creek and Ewen in Class D.

Upper Peninsula teams will be concentrating on conference competition through the remainder of the campaign with district tournament action

Perkins Posts Overtime Win; VanDamme Ace

PERKINS—Art VanDamme, 6 foot senior forward, fired from 25 feet and missed, but snatched his own rebound and pumped it home from 10 feet to give the Perkins Yellow Jackets a 61-59 Central League overtime decision against Eben here Wednesday night.

Coach Verne Nelson's Perkins team had an eight point lead in the fourth frame and still led by four with a minute to go in the game. But Eben's Len Salminen stole the ball and drilled in a layup with five seconds remaining to send the game into overtime, 59-59.

Perkins controlled the tip but missed a field goal attempt and Eben rebounded. The Eagles held the ball for two and a half minutes before shooting, and they also missed. This set the stage for VanDamme's game-winning performance. His deciding field goal came with only two seconds on the clock.

VanDamme led both teams in scoring with 17 points.

Perkins also won the jayvee game, 48-46.

Irish Selected Top Grid Team

SYRACUSE, N. Y. (AP) — Notre Dame was selected today as the top college football team in the nation by the Football Writers Association of America. Arnie Burdick, executive sports editor of the Syracuse Herald-Journal and president of the association, said Coach Ara Parseghian's team narrowly edged Michigan State and Alabama in the balloting by a five-man panel.

Notre Dame, on the basis of five points for first, three for second and one for third, totaled 18 points.

Michigan State, which received only one first-place vote to two each for Notre Dame and Alabama, had 14 points, one more than Alabama.

slated for the final week in February and the first week in March.

At present, 13 conference leaders are unbeaten in their leagues.

Escanaba tops the Great Northern with a 4-0 mark. Wakefield leads the Michigan-Wisconsin with a 5-0 figure. Trenary is now 7-0 in the Central. Ewen 4-0 in the Porcupine Mountains, Houghton 7-0 and L'Anse 4-0 in the Copper Country, Newberry 4-0 and Ishpeming 3-0 in the Great Lakes, Iron Mountain 3-0 in the Menominee Range, Champion 3-0 in the Mid-Peninsula, Hermansville 3-0 in the Little Seven, DeTour 4-0 and Cedarville 3-0 in the Eastern.

Of the current leaders, two are defending champions. DeTour copped the Eastern crown and Champion the Mid-Peninsula title last season.

There will be a heavy schedule this weekend for area quints. Holy Name and Escanaba are home Friday night with the Crusaders hosting Kingsford and the Eskymos entertaining Sault Ste. Marie. Gladstone seeks revenge on its home court against Stephenson while Manistique tackles the tough Newberry Indians.

In small school action, Carney hosts Alpha, Powers and Channing clash at the Kingsford Armory, Hermansville in-

Warriors Beat Badger Cagers

By The Associated Press
Marquette knocked off Wisconsin 66-60 Wednesday night to end the Big Ten's basketball tuneup campaign leading to a full blown start of the conference title race Saturday.

The Warriors uncorked 11 straight points early in the second half to hand the Badgers their sixth loss in 10 starts.

After Marquette broke out of a 33-33 halftime tie for a 48-38 lead, Wisconsin closed in at 55-51, but a five-point surge iced it for the Warriors, paced by Bob Wolf's 22 points.

Tom Mitchell and Chuck Nagle topped the Badgers with 11 points each.

The Big Ten's edge against outsiders slipped to 52-32 as the conference braced for the championship struggle.

In afternoon games Saturday, Michigan State (5-3) is at Illinois (6-2), Northwestern (4-4) at Michigan (6-4), Wisconsin at Purdue (6-2) and Ohio State (6-2) at Minnesota (4-6) on television.

Indiana (6-3) is at Iowa (7-2) Saturday night.

Donald Campbell

Frogmen Will Probe Lake For Speed Driver's Body

CONISTON, England (AP) — Royal Navy frogmen readied to explore the dark depths of England's Lake Coniston today for the body of British speed ace Donald Campbell — strapped in the cockpit of his sunken jetboat, Bluebird.

The boat, powered by an aircraft jet engine, somersaulted, crashed and sank in 120 feet of water Wednesday as it topped 300 miles per hour on the brink of exceeding Campbell's own world water speed record.

Divers were using powerful underwater lights to search the chilly waters of Coniston in the mountainous lake district. Immediately after the crash they found it too dark to see below 70 feet but nevertheless found Campbell's helmet, shoes and oxygen mask amid pieces of his

12-year-old jetboat. His teddy bear mascot was picked up, too. "Campbell was firmly strapped to his seat and we expect to find him still in the cockpit," said Norman Buckley, chief official observer of the record attempt.

"Campbell always said that if something serious happened he didn't stand a chance," Buckley added.

Although the 45-year-old British daredevil had a jet engine behind him, he had no ejector seat for use if things went wrong.

In a way, this was typical of an ardently patriotic Englishman who courted death to emulate a famous father — Sir Malcolm Campbell, who set up world land and water speed records in the 1930s.

Donald Campbell was the first man to hold land and water speed records in the same year. In 1964, he reached 403.1 m.p.h. in his gas turbine-engineered car, Bluebird, and hit 276.33 m.p.h. on water in the speedboat of the same name. It was in an effort to beat his own water record that Campbell perished.

Why did he do it?

"I think he did it for Britain," said Leo Villa, Campbell's chief engineer. "You can laugh at that, but Campbell was really proud of this record. He wanted to extend it so that it would be more difficult for anyone to beat."

Friends said Campbell was worried that Americans were planning an assault of his record.

vades Champion, Engadine travels to Pickford and Bark River entertains Nahma.

In Saturday night action, Rock will be at Perkins and Trenary at Republic.

Namath Figures Packers To Make Fewer Mistakes

NEW YORK (AP) — Joe Namath's sympathies are with the Kansas City Chiefs, but his instincts are with the Green Bay Packers.

That's the way Namath viewed the Super Bowl game from his hotel room Wednesday as he gave a medical report on his right knee and a quarterback's report on the clash between the National and American football league champions.

"I'm not leaning either way," said the New York Jets' quarterback. "It's hard to judge. Green Bay is a great team, but

Kansas City's got a good team and they're liable to score 50 points on anybody."

But then Namath, obviously looking at it from the viewpoint of a quarterback, talked about defenses and mistakes.

"I think there are a few better defenses around than Kansas City's — like Green Bay's or Buffalo's," he said. "Naturally I'd like to see Kansas City win, but Green Bay makes fewer mistakes than any team I've ever seen."

"Kansas City was vulnerable to a rushing attack this season

— more so than the passing. They also make more mistakes than Green Bay — and if that's the case, that could be the outcome of the game."

While Namath speculated on the outcome of the game, he did the same about the operation on his celebrated right knee, and pointed out that while it was coming along faster than anticipated there was no way of telling yet what the end result would be.

"I'm confident — it's been feeling great," he said as he propped his 340,000 leg up on a pillow in his \$78-a-day room at a Park Avenue Hotel. "It's coming along faster than expected and it looks good — but you don't really know until you start running."

Hula Bowl Is Star Studded

HONOLULU (AP)—The Hula Bowl game Friday night will have more outstanding players than any other all-star football game has ever had, declares Stanford coach John Ralston.

Ralston and Darrell Royal of Texas are coaches of the South squad. It will face a North team directed by Jack Mollenkopf of Purdue and Murray Warmath of Minnesota.

Ralston noted Wednesday that

Steve Spurrier of Florida and Bob Griese of Purdue will be the opposing quarterbacks. They have been rated the top two collegiate performers all season.

Among the running backs are Mel Farr of UCLA, Clinton Jones of Michigan State, Floyd Little of Syracuse, Pete Pifer of Oregon State and Charlie Brown of Missouri.

Rod Sherman of Southern California and Harry Hones of Arkansas will alternate at flanker back for the South.

George Webster of Michigan State and Purdue's George Cavaletto, who made the clutch interception of Southern Cal's pass for a two-point conversion in Purdue's 14-13 Rose Bowl victory, will be in the North's defensive lineup.

Spartans Open Big Ten Slate

EAST LANSING (AP)—Michigan State faces its Big Ten opener against Illinois at Champaign Saturday trying to take the attitude that "nonconference games don't count."

The Spartans started fast this season, winning their first four games at home.

They were ranked high on the strength of this plus a surprise runner-up finish behind Michigan in the Big Ten the previous season.

But then MSU was dropped out of the rankings after losing three out of four on the road.

Coach John Benington said several factors helped account for the decline. Regular starter Art Baylor missed the last four games because of illness. The Spartans also were hurt, he said, by a layoff for quarter exams immediately after the first four victories.

Illinois also has been having its troubles, with regulars Rich Jones and Ron Dunlap suspended for the season.

The Illini still look strong, having won seven of nine games. These included an 87-74 decision over Wisconsin in the only Big Ten game played thus far this winter.

Among the outstanding interior linemen are Lloyd Phillips of Arkansas, John Lagrone of Southern Methodist, Gary Bugenhagen of Syracuse, Jack Calcaterra of Purdue, John Richardson of UCLA, and Diron Talbert of Texas. Ends Jack Clancy of Michigan and Tom Greenlee of Michigan are on hand.

A sellout crowd of 24,000 is expected in Honolulu Stadium for the game starting at 7:45 p.m. (12:45 a.m. EST).

Northern Bows To UMD Quint

DULUTH, Minn. (AP)—Minnesota-Duluth let a 10-point half-time lead slip away, but stiffened in the stretch to edge Northern Michigan 87-84 in non-conference basketball Wednesday night.

The Bulldogs led 40-30 at half-time but Northern Michigan rallied to tie it with 3½ minutes left.

UMD, now 4-5 for the season, got 26 points from Bob Carey and 18 from Greg Thone. Ted Rose had 23 and Mike Boyd 22 for Northern.

Hill Shatters Course Record

BUENA PARK, Calif. (AP)—The \$22,000 Southern California Open golf competition begins today, and among the favorites is rusty, sleepy and bespectacled Dave Hill.

Hill, of Evergreen, Colo., broke the Los Coyotes Country Club course record with a seven-under par 65 Wednesday in the pro-amateur warmup. Of course, the 28-year-old pro had a number of factors in his favor.

Hill had not played a competitive round since Dec. 10. He left Denver at 1 a.m., arrived in Los Angeles at 4 a.m. and showed up at the course at 7 a.m. And he wore glasses for the first time, having bought them Tuesday.

With these advantages, Hill hit each green in regulation and sank seven birdie putts for a 33-32. Former record for the par-72, 6,600-yard course was 66, shot by 10 players.

Hill's team, however, didn't win the pro-amateur. The five-some of pro Bob Harrison and amateurs Ernie Serfas, Paul Karres, George Clayton and C. L. Chase, all of Los Angeles, shot a best-ball 121 for the title.

Heading the field of 350 golfers challenging Hill are defending champion George Bayer, Tommy Jacobs, Jerry Barber, Jack Fleck, Kermit Zarley and other lesser-known players from the pro tour.

The first round is split, with about 175 golfers teeing off today and Friday. Saturday, the field will be cut to the low 120 scorers and Sunday to the low 60 scorers. Winner of the 54-hole event will collect \$4,000.

Rule On Bunts To Be Changed

NEW YORK (AP) — Baseball players who bunt for a hit will no longer automatically escape being charged with a time at bat, even if base runners advance on the play.

Charley Segar, chairman of the Scoring Rules Committee said Wednesday, "It's been obvious that players have been bunting for a base hit when their teams are losing, say 8 or 9-1."

Instructions to official scorers have been changed to read, "do not score a sacrifice bunt when in the judgment of the scorer the batter is bunting for a base hit and not solely for the purpose of advancing a runner or runners. In that event, charge the batter with a time at bat."

Another change credits a runner who is trapped off base, and reaches the next base without help from an error, with a stolen base even if the runner did not attempt to steal.

HOWE GOES IT with hockey sticks like these: Detroit Red Wings veteran Gordie Howe, as he examines the exaggerated curved blades of sticks belonging to Chicago Black Hawks stars Bobby Hull and Stan Mikita. Hull's stick (left) is for left-handed shots, Mikita's for right-handed play. Howe's stick has the usual slight curve.

Sports In Brief

JACKSONVILLE, Fla. (AP) — Syracuse and Tennessee will each receive about \$165,500 from the Gator Bowl football game.

As an independent, Syracuse will keep all its share. Tennessee gets \$120,000 plus one-eleventh of the rest in a split with fellow Southeastern Conference schools and the commissioner's office.

Tennessee won the game 18-12 last Saturday.

Tar Heels Fashion Tenth Cage Victory

By The Associated Press

Larry Miller, North Carolina's muscular junior, is so strong he once broke a basket during a warmup.

But he was all finesse in the final seconds of Monday night's 76-74 victory over Wake Forest at Winston-Salem, N.C.

The Tar Heels had battled from behind to tie the score. Then with seven seconds left, Miller stole the ball, dribbled two-thirds of the court and lofted a soft underhand lay-up over two defending players for the winning basket.

It was the 10th victory in 11 starts for third-ranked North Carolina and Coach Dean Smith was more than pleased with his club despite the close call.

"I thought we played one of our best games," said Smith. "Don't let that score fool you. Wake Forest was tough. We can't play much better than that."

Miller, a barrel-chested 6-foot-3, 210-pounder, led North Carolina with 23 points while sophomore Rusty Clark added 20. Jerry Montgomery's 20 points led Wake Forest, which shot 55.1 per cent from the floor.

At Greensboro, N.C., Fordham of New York upset North Carolina State 65-63 with sophomore reserve Dennis Witkowski scoring 18 of the Ram's final 21 points.

Witkowski, who collected 22 points and hit eight of 10 field goal attempts in 24 minutes of action, dropped in a pair of free throws with 10 seconds left for the winning points.

Richmond, which had lost 11 straight to Davidson, ended the streak with a 72-69 victory over the Wildcats. Tom Green's two free throws with four seconds left wrapped up the victory for the Spiders after an apparent go-ahead basket by Davidson's

Rod Knowles was nullified by the foul.

St. John's of New York overtook George Washington in the second half and defeated the Colonials 60-53. Sonny Dove led the Redmen with 23 points and 16 rebounds.

Dayton, down by as many as 14 points in the first half, caught Xavier with less than eight minutes to play and scored a 75-72 victory over the Musketeers.

Aftermath Of A Highway Blockage:

Power Failure Crippled Plowing

By ROSE LACHAPPELLE

ENGADINE — At a meeting here Tuesday, an electric power failure which disabled fuel pumps, heavy Thanksgiving and post-holiday season traffic and poor visibility in a windy snowstorm were blamed for the blockage of U.S. 2 in sections of Mackinac and Schoolcraft counties Nov. 27-28.

According to information gathered by O. F. Eichen, district manager for the state highway department, 15 inches of snow fell on Nov. 27 and 2½ inches more Nov. 28. The wet snow was driven by a northwest wind. As plows attempted to move, sheets of snow as much as 20 feet long would form in front of them.

Electric power, supplied from Sault Ste. Marie by Cloverland Electric was off from 5 p.m. Sunday until 2 a.m. Tuesday. Crews at the state garage here were without heat and had to have a Civil Defense generator wired to a wall panel to provide current to operate pumps on gasoline storage tanks.

From four to five hours plowing time was lost when the garage crew was unable to get the generator working. It was designed for bottle gas, said Cecil Prater, foreman, and is too small. At one point, snow was melted to put on an outside pump diaphragm in attempt to get fuel.

The Mackinac section of the highway is maintained by the state highway department, which has \$8,480 budgeted for the 14 mile section. The Schoolcraft part is maintained under a contract with the Schoolcraft Road Commission and has \$17,500 budgeted for snow and ice removal on a 23-mile section.

No Casualties

The storm began in the Engadine area about 1 p.m., Nov. 27. Snow plows were dispatched as the rain turned to snow. By 2 p.m. two men were plowing, by four, two more and by 6 p.m., a total of six. Three plows and three drag trucks were being operated.

Since the storm, Eichen has recommended to the State Highway Department that standby power be made available in all garages. A survey of garages has indicated that previously almost no one had this type of trouble with power outage.

"People were stranded many hours and this came as close to a Civil Defense disaster as anything," said Eichen.

The 1,000 watt generator for the CD radio system was used to pump about 600 gallons of gasoline. It also operated radios in the state units. The Mackinac direct maintenance program is one of two in the Upper Peninsula, and one of 20 in the state. Baraga is the other U.P. county.

Water in all pipes at the Engadine garage was drained, as the building was without heat. Men started their cars and pickups to get warm. Some went from Sunday afternoon until Monday evening without food. Mrs. Prater sent some food to men in the garage. Due to the heavy concentration of people in the area, it was not possible to buy anything. Even a slice of bread was used cautiously to keep as much as possible for those stranded in the storm.

"We were lucky. There were no casualties. No one injured. No life lost. That's important," said Eichen.

Plows in Ditch

Snowplow operators at the Engadine garage said difficulty was encountered in locating drivers to move stalled cars. Drivers locked the cars, because many had valuables in them as they returned to campus or from hunting trips. In the worst of the storm, plows pushed some drivers, but could only go a short way before

drivers pulled off to the side because they could not see ahead. About 98 per cent of the stranded motorists were believed to be students returning to colleges. There was no indication poor driving caused the pileup in the highway. Equipment operators told of as many as 100 cars stalled in the roadways. In one instance a driver stopped to clear ice from his windshield wipers. Another slid behind him, and a third went off to the left to avoid striking him, thus blocking the road with three abreast. In another area, near Naubinway, two large trucks were stopped abreast of each other in the road. Near Engadine, long lines of cars were parked with noses toward the banks and the back ends sticking out, so it was impossible to get a plow through. At one time a Greyhound bus was stuck in between the lines, said John Robinson, one of the garage's equipment operators.

M-117 seemed worse affected, though traffic was not as heavy as on U.S. 2.

Marne Smith, snowplow operator said within 20 to 25 minutes after he left the garage, wheels of his unit were drifted in. Harry Fisher, who has been driving plows four years, said he went in the ditch about 8 p.m. Sunday six miles from the garage. He stayed overnight in a farmhouse, after calling the

More Storage

John Robinson said it took a half hour to go the short distance from U.S. 2 to the garage on M-117 with the front end loader, used to free a fuel truck at Engadine to get fuel for cars.

Fred Smith, who has been operating plows 27 years said the storm was so severe it was almost impossible to go. He recalled that 10 or 11 years ago, U.S. 2 was blocked in a snowstorm between Epoufette and Naubinway.

Due to the cars stopped in the roadway, two plows could not return to the garage Sunday night and Monday morning of the storm. Two trucks were without fuel in the 4-5 hours required to hook-up a standby unit for power. One truck, a blade unit, was held out of service six hours at the height of the storm as "it would have gone in the ditch anyway and this way we had it for use the next morning to pull the others out," Prater said.

"Visibility improved with daylight," he noted. Some emergency provision has now been made at the garage, with 75 gallons of gasoline stored in sealed barrels, Prater said. More is known of the use of the emergency generator.

Aaron Sweeney of the Mackinac County Road Commission and Matthew Weber of the Schoolcraft Road Commission, Eichen, members of the Engadine garage staff and reporters of the Escanaba Daily Press and the Soo Evening News attended the meeting, prompted by a query of the Escanaba Daily Press as to why that section of U.S. 2 was blocked and not others.

Units of Schoolcraft and Mackinac county road commissions aided in opening the highway in the Naubinway area. Four-wheel drive units were sent from Schoolcraft County, which had the experience of having a truck ride up atop a plow it was pushing, when plow shoes sank in a side road in the storm. Earlier rains had taken out frost and left soft roads.

W.C. Smith, 78 Publisher, Dies In New England

Funeral services were held Dec. 27 in Wallingford, Conn., for W. C. Smith, 78, prominent New England publisher and husband of the former Blanche Hixson White of Manistiquet. Mr. Smith died Dec. 23 after being hospitalized for three days.

Mrs. Smith, who survives, is a daughter of the late Atty. V. I. Hixson, senior partner at one time in the law firm of Hixson and Herbert here. The couple celebrated their 40th wedding anniversary April 28, 1965.

Mr. Smith published the two daily newspapers in Wallingford, and two district weekly papers in the area. His Meriden Record Company's facilities for publishing the four papers are considered among the most advanced in the newspaper industry. He began newspaper work with his father, making rounds with him while still a student in Tufts College. He later worked as reporter, advertising man and business manager.

He served four terms as member of the auditing committee of the Associated Press, was a member of the AP nominating committee nine years, and in 1938 was president of the Associated Dailies of Connecticut. He also was active in the auditing committee and Bureau of Advertising of the American Newspaper Publishers Assn., the New England Daily Press Assn., the Connecticut Daily Newspaper Assn., and the American Press Institute.

Survivors include his wife, executive editor of the Record and the Journal, a sister, Mrs. Isabel Smith Bickford, two step-sons, Carter H. White, assistant publisher and general manager of the newspapers and Knowlton H. White of Avon, production manager of Redington Counters Inc. and a niece, Mrs. Guy W. Van Syckle of Newton, Conn. A son of Mr. and Mrs. Smith, Wayne Carlington Smith Jr., contracted Hodgkins disease while with the Navy in the Pacific in World War II and died Dec. 20, 1948.

Fine of \$25 and costs of \$370 and a 5-day jail term were assessed to Benish. DeMars was charged with contempt of court for failure to appear on his own recognizance Sept. 12 on the assault and battery charge. He was assessed costs of \$18.70 with alternative of five days.

Briefly To...

Public Safety officers ticketed Thomas J. Faulkner, 314 Schoolcraft, no tail lights and Napoleon F. LaVake, 318 Schoolcraft, improper backing.

Atwater Extension Study Club meets Monday, Jan. 9 at 6 p.m., in the home of Mrs. James Fyvie.

Ethiopia Circle of Bethel Baptist Church meets at 7:30 p.m. today (Thursday) in the church.

The American Legion Auxiliary meets at the Youth Center Monday evening. Members are to bring table service for pot luck lunch. A white elephant sale will be conducted.

A tractor clinic is scheduled from 1 to 3:30 p.m., Jan. 6 in the Leggett and Foye building east of Manistiquet with Robert White, Michigan State University agricultural engineer in charge. Emphasis will be on oils and owner-performed maintenance.

Hospital

Admitted to Schoolcraft Memorial Hospital were Robin LaFleur, Earl Webber, and Leonard Stoor.

Discharged was Robin LaFleur.

First bicycle ever made in the United States weighed 70 pounds. It cost \$313.

Pesticide Dangers Fought With Your Knife And Fork

Modern agricultural chemicals have stirred up as much fuss as barbed wire did when farmers first strung fences to protect their crops from ranging cattle.

The southwest corner of Michigan has all the ingredients to brew up a king-sized hassle over pesticides. Orchards and berry plots dependent on chemicals for insect and disease control border on dairy farms whose pastures and field crops could be damaged by the drifting pesticides.

More and more non-farm families are moving out from the cities to the countryside, where children have room to romp outside—near fields and orchards being sprayed with chemicals which could be harmful to humans if used carelessly.

Some of the men who work with farmers and in public health in southwest Michigan decided a couple of years ago to get together in an effort to dispel misunderstanding and promote the proper use of farm chemicals.

In late 1964, they formed the Southwest Michigan Pesticide Committee, bringing together Michigan State University Extension Service workers, public health officials, the Michigan Department of Agriculture and representatives of food processors, the chemical industry and growers.

The committee has since developed into a more compact unit under Chairman W. W. Thompson, Allegan Extension pesticide agent.

The group has worked for the last two years to promote understanding by the general public and responsibility among those involved in chemical use.

One of the toughest problems is the lack of control over pesticide use. Anyone can buy farm chemicals, some of which can be harmful to plants, animals and even humans, if used improperly.

One of the primary aims of the pesticide committee is to develop responsibility among those who use agricultural chemicals, and an awareness of what their indiscriminate use could mean to themselves and their neighbors.

The committee members feel that it was an accomplishment in itself to get their diverse governmental bodies together in a cohesive unit. "There was a whole group of organizations, in many instances duplicating their efforts, with no particular mutual sympathy. Since the committee was organized, we have developed confidence and tolerance for the aims of the various groups," Thompson says.

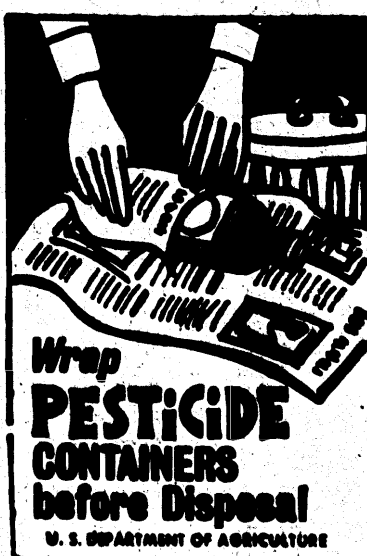

"We've shared information and made each other better informed about our roles. We have made some real progress in teaching the safe and proper use of agricultural chemicals by the producer, preventing hazards to the public health and cutting down on problems like drift to field crops and pastures," said Carpenter.

"We have certainly influenced spray schedules of growers for materials that could cause problems, and convinced them to change methods where necessary."

"We met with the sales representatives of all companies selling pesticides in this area, showed them the problems and got them to playing ball with us. They are spending more time educating dealers as to what various materials can do."

Among the committee's accomplishments is establishment of a blood cholinesterase testing program for fruit growers and their workers who are exposed frequently to organic phosphate insecticides.

Recently developed organic phosphate insecticides can block off the activity of a vital body chemical called cholinesterase. Under the testing program, persons who come into contact with these pesticides can receive blood tests which measure cholinesterase activity to determine if it is approaching a dangerously low level.

Ruby Body Has Police Guard

CHICAGO (AP) — Police maintained a vigil today at the chapel which houses the body of Jack Ruby, who killed the accused assassin of President John F. Kennedy.

Ruby, 35, died in a Dallas hospital Tuesday of a massive blood clot. Cancer was listed as contributory cause of death.

Four policemen were stationed at the chapel Wednesday after the funeral home received many calls concerning Ruby. A police officer said that only one patrolman would continue the vigil today.

The operator of the chapel, Hershey Weinstein, told news- men he received an anonymous call from a man who asked what security plans had been made.

Weinstein related that the man said, "You'd better get some security. There's liable to be trouble." The call came from Dallas he said.

Ruby's body was returned by plane to his native Chicago Wednesday. The body was taken to the Original Weinstein and son funeral chapel where it will remain until interment Friday. The services will be restricted to members of the immediate family — three brothers and four sisters. Burial will take place in Westlawn Cemetery on the Northwest Side.

Half Capital's Alarms False

WASHINGTON (AP) — Firemen in the nation's capital responded to 9,595 alarms in 1966. More than half — 5,353 — were false, officials said today.

The old record for such acts, which occur largely in areas of low-cost housing with heavy concentrations of children, was 237, set in 1965.

The word sugar originated from ancient Sanskrit. It was called sakara, which means pebbles or tiny stones, in the Indian language.

WORKERS PUT finishing touches on the float entered in this year's Tournament of Roses Parade in Pasadena, Calif., after it was named sweepstakes winner in the 1967 parade. Girls riding on the float are, left to right: Janet Stone, 16; Candi Irving, 16; and Sue McRae, 17. The float is called "A Voyage to Atlantis," celebrating South Pasadena's 47th year as a participant in the Rose Parade. (AP Wirephoto)

'The Tiger' Complains:

Says Informers Spoiled His Haiti Invasion Plans

KEY WEST, Fla. (AP) — The leader of a commando strike force, Rolando Masferrer, says "paid informers" scotched his plan to invade Haiti and move against Fidel Castro from there. He vows he'll try again.

"They were United States informers, not Castro agents," said Masferrer after his release Wednesday with 24 followers who had been arrested on charges of conspiring to export arms without license.

The battle-clad commandos, appearing before U.S. Commissioner William Albury, were freed on their own recognition, on bonds from \$100 to

\$5,000. Arraignments were set for Jan. 25.

But Masferrer still faced charges of violating immigration orders not to leave New York City, where he lives. As a U.S. marshal took him to Miami, members of his invasion army shouted insults and kicked the car.

The former Cuban senator, called "The Tiger" because under overthrown President Fulgencia Batista he had a private army called "The Tigers," said in an interview: "We would welcome the help of the United States, which is the policeman of the hemisphere. The United

States sends men — Cubans as well as Americans — to Vietnam, 10,000 miles away. They shouldn't stop us from fighting communism 90 miles away."

Masferrer, 48, said his invasion force numbered 350. Seventy-nine persons were arrested.

Masferrer said an invasion boat carrying 50 men got away. He added "I don't know what happened to it. I've been out of touch with things — in jail."

His invasion battalion, Masferrer said, was big enough to topple Haitian President Francois Duvalier and then, with the help of the Haitian army, Fidel Castro.

Grand Haven To Buy Waterfront From Railroad

GRAND HAVEN (AP) — The Grand Haven City Council Tuesday approved a \$68,375 property purchase from the Grand Trunk Western Railroad.

The deal, which had been six years in the making, includes nearly three acres of waterfront property in downtown Grand Haven which the city plans to use as a parking area and for

harbor beautification and development programs.

Besides paying the agreed upon sum, the city also said it would build Grand Trunk a new depot and pay an estimated \$5,100 for relocating tracks several blocks northeast.

The Loutit Foundation of Grand Haven has offered the city \$90,000 to pay for improvement including purchase of land and other expenses connected with the transaction.

The willow ptarmigan is the state bird of Alaska.

AT&T Reports Record Earnings

NEW YORK (AP) — The American Telephone & Telegraph Co., the world's largest corporate enterprise, reported new record earnings and net income for the 12 months ended last Nov. 30.

They said earnings for the 12 months were \$3.67 per share on net income of \$2.021 billion.

But earnings for the three months ended Nov. 30 dipped to 93 cents per share compared

with the record 85 cents in the three months ended last Aug. 31. Net income for the quarter was \$314.3 million compared to the Aug. 31 record of \$323.3 million.

The previous 12-month earnings record was for the year ended Aug. 31 when earnings were \$3.63 on net income of \$1.994 billion.

Nearly 60 million persons take part in cycling, which is America's leading participating sport, each year.
